Dr. Daniel Amen

Reclaim bedtime today! “A book whose powerfully soporific effects my son is helpless to resist.” —The New York Times New York Times Bestseller USA Today Bestseller Publishers Weekly Bestseller Translated into 46 Languages “On the cover of [The Rabbit Who Wants to Fall Asleep] there's a sign that reads, 'I can make anyone fall asleep'—and that's a promise sleep-deprived parents can't resist.” —NPR “For many parents, getting kids to fall asleep can be a nightmare. **Animals Asleep** Sneed B. Collard,2004 The average human sleeps a total of twenty-four years over a lifetime. That's a lot of naps! Yet people aren't the only ones who enjoy a good rest; if you look around, you'll find that all animals have a biological need for sleep. But some animals snooze in ways that we would find startling--if not absolutely impossible. A sooty tern, an island bird, takes a nap in midair as it slowly flaps its wings. A fruit bat gets forty winks while hanging upside down from a tree branch. A bottlenose dolphin can put half of its brain to sleep while it continues to swim. What other remarkable methods of sleep exist?

**Asleep in the Sun** Adolfo Bioy Casares,2004-08-31 Lucio, a normal man in a normal (nosy) city neighborhood with normal problems with his in-laws (ever-present) and job (he lost it) finds he has a new problem on his hands: his beloved wife, Diana. She's been staying out till all hours of the night and grows more disagreeable by the day. Should Lucio have Diana committed to the Psychiatric Institute, as her friend the dog trainer suggests? Before Lucio can even make up his mind, Diana is carted away by the mysterious head of the institute. Never mind, Diana's sister, who looks just like Diana—and yet is nothing like her—has moved in. And on the recommendation of the dog trainer, Lucio acquires an adoring German shepherd, also named Diana. Then one glorious day, Diana returns, affectionate and pleasant. She's been cured!—but have the doctors at the institute gone too far? Asleep in the Sun is the great work of the Argentine master Adolfo Bioy Casares's later years. Like his legendary Invention of Morel, it is an intoxicating mixture of fantasy, sly humor, and menace. Whether read as a fable of modern politics, a meditation on the elusive parameters of the self, or a most unusual love story, Bioy's book is an almost scarily perfect comic turn, as well as a pure delight.

*Falling Asleep and Staying Asleep* Pamela Ryan,2014-03-13 For some of us, falling asleep and staying asleep takes a creative

process. This book offers new insights into why some of us may struggle with a natural bodily function, like sleeping. In this book you will find how your physical comfort is one reason you are losing sleep. But that's not the only reason we don't fall asleep and stay asleep. This book will reveal that the temperature, lighting, and electronic energy in the room will affect your sleep. I've learned that blocked energy in the body, mind, or spirit will cause sleepless nights. I show how dieting, loneliness, sexual energy and emotional pain will keep you awake. I still prepare myself at night for the ritual of falling asleep and staying asleep. Our body is run on a schedule, call our circadian rhythm. When your biological clock is out of sync, I show you ways to get back on schedule. I had to learn how to fall sleep without the use of sleep aids. I was determined, so I tried many so-called techniques, including everything, from hypnotherapy to hot toddies, to fall asleep. After years of wrestling with myself, I began using certain practices that developed into the form of rituals I still use today. Repeating the rituals made it easier to release blocked energy and to cleanse my soul from negative emotions I picked up through the day. What I share in the book are the many solutions that worked for me. By using the visualization exercises found in the book, these energy centers will release the blocked energy so that you can finally sleep. I am happy to say I sleep well now. I've learned how to use energy properly; clear blockages, exercise regularly, forgive myself and others more quickly, and use visualization rituals to natural remedies to help me fall asleep and stay asleep.

*Stars Before Bedtime* CLAIRE. HIBBERD GRACE (DR. JESSAMY.), Jessamy Hibberd, 2020-03-03 Create a calm bedtime ritual with this debut book in the Before Bedtime series, *Stars Before Bedtime* - a soothing journey through the glittering constellations of the night sky woven with tried-and-true sleep exercises from the best-selling author and clinical psychologist Dr. Jessamy Hibberd. In this fast-paced world, relaxing and preparing for sleep can be difficult for children. This beautiful, fact-filled book helps ease bedtime struggles with mindfulness, muscle relaxation, gentle yoga poses, visualization, and other exercises proven to help kids release stress and anxiety, clear their minds, get ready for bed, and fall asleep faster while also boosting happiness and improving overall health. With gentle, calming artwork from the wonderfully talented Hannah Tolson and simple, melodic text, children explore the sky's constellations and the mythical stories behind them as they get their minds and bodies ready for bed. Each exercise, called out by a moon symbol, is simple and easy to do. Usher in calm with these and more soothing techniques: Stretch out on your bed like the snake-like constellation Draco the Dragon--take a deep breath in through your nose and then breathe out all the air through your mouth, making a hissing sound, just like a slithering snake! Close your eyes and picture the ship from the constellation Argo Navis in your head. Now climb on board and let's go on an adventure. You are the captain of the ship. Maybe you'll dream of floating through a moonlit sky on broad wings, like Aquila the Eagle. Or perhaps you'll drift down a glittering stream with Cygnus the Swan. Hold your hands together just like Castor and Pollux, the twins of the constellation Gemini. Rest them on your chest--can you feel your breath moving in and out as your chest rises and falls? The pages are self-contained so you can start anywhere and complete as many, or as few, exercises as you like. Join your child as they complete the exercises--you might just find something that works for you, too. Tips on mindfulness and extra resources for parents are included at the back of the book. Stargazers of all ages will love this journey through constellations. Good sleep is essential for growing brains. Each beautifully illustrated book in the Before Bedtime series helps curious children prepare for sleep by uniting a different intriguing non-fiction topic with sleep-inducing mindfulness exercises; an effective alternative to the traditional bedtime story. Fascinating facts are paired with guided relaxation techniques inspired by the topic for a peaceful routine that not only leaves bedtime battles far behind but equips children for success in a hectic world.
