*The Secret Language of Astrology* Roy Gillett, 2017-03-07 A beautifully illustrated practical guide to astrology – with a unique Astrolabe™ weblink that allows you to download personalised birth charts for free, in a matter of moments. What is the effect of each of the planets on your zodiac sign? What is the influence of the 12 houses? What are aspects and how do they relate to your birth chart? In this unique book and weblink package, renowned astrologer Roy Gillett uncovers the hidden layers of astrology to explain the complex interplay of influences that shape our character. *The Secret Language of Astrology* gives access to an Astrolabe™ website created exclusively for the book, enabling you to create a detailed birth chart for yourself, or for family or friends, within seconds. A historical introduction traces the history of astrology from antiquity to the present day. The second part of the book, *The Elements of Astrology*, looks at the planets, the zodiac signs, the twelve houses and the aspects. The emphasis throughout is on equipping the reader to analyse their birth chart, by examining the influences and showing how they combine to shape our lives and our potential for growth. The third part, *Putting the Pieces Together*, shows you how to apply all this information

when reading a full birth chart. Thoroughly practical, but with a wealth of historical and cultural detail, as well as superb illustrations and photographs, this is a landmark in astrological publishing.

**The Love Relationship Formula** Christine Rakela, 2004 Includes Free Astrology Software! A no-fail way to predict your cosmic chemistry and odds for lasting love. What elements do all successful relationships have in common? For eighteen years, Rakela has studied the consistent signifiers of ideal love connections. Now she shares her unique formula to finding and maintaining lasting romantic happiness. The formula consists of fifteen planetary combinations that reflect the perfect relationship. The more combinations you have, the better off you and your partner will be. Learn about: - planetary pairings for doom or bloom - indicators for karmic relationship patterns - best times and places to meet your soul mate. With this guidebook and CD set, you can generate comprehensive, insightful astrological reports quickly and easily, while learning the essentials of astrology at your own pace. The CD included with this book is PC-compatible and was developed by Cosmic Patterns, a leading developer of astrological software.

Astrology For Dummies Rae Orion, 1999-11-24 Did you know that Sir Isaac Newton, inventor of calculus, and discoverer of the universal laws of gravity and thermodynamics, was interested in astrology? Or that, in his day, the seventeenth century astronomer, Johannes Kepler, was more famous for the uncanny accuracy of his astrological predictions than for his three laws of planetary motion? Julius Caesar, Queen Elizabeth I, Napoleon, George Washington, Thomas Jefferson, Ben Franklin, Carl Jung...the list of greats who followed astrology is a very long one. Like you, those distinguished women and men sensed that the stars play an important role in shaping our characters and our destinies.

Astrology For Dummies is a fun, easy intro to astrology's mysteries. Rae Orion, author of *New Woman* magazine's monthly astrology column, offers a shortcut through the jargon and tells you how to: Understand how the planets affect you Figure out your horoscope Interpret sun signs, moon signs, rising signs, and more Know what your horoscope means for romance, work, and your future Apply astrology to everyday decisions Take advantage of astrology software and Web sites Astrology goes much deeper than the sun signs covered in your daily paper, and Astrology For Dummies is your star chart for navigating its many depths, twists,

and turns. You'll explore the significance of the Sun, Moon, planets, rising sign, and the twelve houses. And in no time you'll: Cast your birth chart and look up each sign in it by sign and house Unearth basic patterns that characterize your chart as a whole Analyze the geometrical relationships linking your planets Interpret with voids, empty houses, and other manifestations of zero Recognize how current planetary placements, or transits, influence your life Understand retrograde planets and why they're not always bad Use astrology in everyday life and use the Moon to your utmost advantage For millennia, people have used astrology to help them unlock the mysteries of their psyches, unleash their potentials, make the right matches, and even take an occasional peek into the future. Now let *Astrology For Dummies* show you how to make it work for you.

*Mapping Your Future* Kris Riske, Kris Brandt Riske, Cosmic Patterns, 2004 Mapping Your Future Predictive astrology is a tool for mapping the shortest route to your goals. The Mapping Your Future guidebook and CD-ROM set starts with a step-by-step exploration of your birth chart. From there, you will learn basic predictive techniques to determine when and in what areas of your life you're likely to face challenges or receive gifts from the

universe. The CD-ROM enables you to quickly and easily generate personalized astrological forecasts, while learning the essentials of predictive astrology at your own pace. You will be able to look at anyone's chart and identify current themes and trends, and find the optimal times to: Find true love Get a new job Identify periods of financial gain Take a chance on the lottery Start a family Buy a new house The CD-ROM included with this book runs on Windows 95/98/ME/XP and was developed by Cosmic Patterns, a leading developer of astrological software.

*Self-Evident Astrology* Jeffrey Sayer Close, 2009-08 In SELF-EVIDENT ASTROLOGY (TM) the planets mean what they are and are what they mean. It is this simple. All we need to understand astrology is to look into the nature of the solar system and sky around us. This book shows that the physical arrangement of the solar system, the orbital positions, the inclinations of orbital planes and things such as the mere size of a planet lead to a natural meaning for each planet. Jeffrey Sayer Close has been an amateur astrologer for 40 years and the Director of the Astrological Bureau of Ideas ([www.aboi.com](http://www.aboi.com)) for the past 12 years. He has a B.A. in physics and a M.A. in telecommunications. He has designed telecommunications network for over 25 corporations and built his own successful telecom software company. He has often been quoted and written about in trade press. He has also made guest appearances on Andrea Klim's Turn To The Stars TV show in Manchester, NH. Mr. Close has taken his background in science, his experience in complex networks and long experience in astrology and found new, more basic fundamentals of astrology.

These fundamentals have incorporated in his innovative astrological software, INTREPID.

**Astrology, a Place in Chaos** Bernadette Brady,2006 Here's a book to blow your mind. Bernadette Brady is renowned for her ground breaking astrology and this book is no exception. Chaos theory suggests that new patterns emerge spontaneously and Brady shows how by making tiny changes at the right time we can help to produce the patterns and new order that we seek. Brady explains chaos theory then combines this thinking with the predictive techniques available to astrologers - and shows how we can embrace change, and even encourage it. Awesome

SignMates Bernie Ashman,2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships.

You'll find out how to do this in Bernie Ashman's SignMates.

Contrary to what some people think, your astrological sign doesn't force you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the Sabotage Game, where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the Lovers and Strangers Game where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each

pairing is the good news, a rainbow at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

**Manual of Computer Programming for Astrologers Michael Erlewine,1980-01-01**

How to Survive Mercury Retrograde Bernie Ashman,2016-02-08 Go beyond the fear and negativity of retrograde periods and achieve success. Retrogrades can present unexpected opportunities when you approach them with creativity and patience. How to Survive Mercury Retrograde shows you how to be better prepared for retrograde cycles and handle those areas of life that are most commonly affected. Discover the answers to questions about getting married, accepting a new job, or buying a car during a retrograde period. Explore retrograde survival tips that will help you maintain focus and correct mistakes. Look up your sign and corresponding element to see how you can cope. Whether you are a student of astrology or just someone wanting to know how to survive a retrograde cycle with less stress, this book will help you navigate these challenging astrological periods. Praise: Mr. Ashman shares what to look out for and many tips for

navigating these phases in ways that can actually help us, and his extensive knowledge and expertise with astrology are clearly on display. I heartily recommend this book!—Diane Brandon, author of *Dream Interpretation for Beginners*, *Intuition for Beginners*, and *Invisible Blueprints* “A welcome and much-needed antidote to the retrograde anxiety.”—Kevin B. Burk, Headmaster of The Real Astrology Academy and author of *Principles of Practical Natal Astrology*

*Vibrational Astrology* David Cochrane, 2021-08 This book is an introduction to Vibrational Astrology. The fundamental concepts of Vibrational Astrology have some overlap with the concepts in other systems of astrology, but also differ significantly from what students of astrology and professional astrologers may have learned in other astrological systems. Some of the topics covered in this book are: the way in which planets provide essential simple functions and what the function of each planet is, the effect of different astrological vibrations (harmonic aspects), the impact of planetary configurations such as Isotrops, the effect of zodiac signs, and the effect of astrological houses. This book provides a thorough grounding in the fundamentals of Vibrational Astrology. A careful reading of this provides the essential language and ideas that are

used throughout all of the applications of Vibrational Astrology.

*Interpret Astrology* Michael Erlewine, 2008-10-19 This 722-page book contains 765 Astro\*Images, which are tarot-cards for astrology covering all the major planetary combinations using the sixteen standard aspects. In addition to the 720 tarot-like graphic cards, are 1485 written text interpretations by award-winning astrologer Michael Erlewine, including separate natal (birth) and transit (sky today) interpretations. This book is intended as a self-reading horoscope and guide to interpreting astrology charts. Also included is an introduction to the theory of astrological aspects. Mirror Aspects are also covered, which means that waxing aspects are interpreted differently than waning aspects. Jargon aside, this is a book for beginners and professionals alike, filled with lovely images and text.

Sun Sign Karma Bernie Ashman, 2021-06-08 Navigating Past-Life Karma for Better Relationships and Greater Fulfillment Everyone comes into life with memories from past lives, but they're often hidden on an unconscious level. Sun Sign Karma is a guide to clearing past-life karma and making positive transformations to the habitual patterns that keep us stuck. Whether you want to improve your current relationship, start a new relationship, or work

through challenging emotional blocks, this book provides clear, straightforward guidance that will help you succeed. Join expert astrologer Bernie Ashman as he explores the most common past-life energies that affect us all and provides suggestions for how to use your experiences to let go of the patterns that get in the way of your dreams. For each sign, you will discover the corresponding element as well as the strengths, challenges, common karmic shadows, and keys to making positive changes. You're not bound to just your specific Sun sign, as each chapter includes wisdom and advice that resonates based on many karmic influences. This book is all about using the incredible power of astrology to release past-life energy, balance your relationships, gain clarity into why you are the way you are, and enjoy a greater sense of fulfillment in your future.
