Ron Adams

**Autocar Messenger ...** ,1920

**The Autocar** ,1896

**Autocar Trucks of the 1950s** Ron Adams,2009-05-15 Autocar's roots go way back into the early 1900s and became known for tough and rugged trucks. When WWII came, very few trucks for civilian use were produced and by the end many trucks were worn out from constant use. After the war, civilian production began again in full force because of the lack of new trucks. In 1950, when Autocar introduced the new driver cab, the louver design was eliminated. The old style flat windshield sleeper cabs were used up until 1953 (the same year that Autocar was purchased by the White Motor Co.) when the new sleeper cab was introduced. Autocar became the top-of-the-line marque for White and marketing focused primarily on specialized applications, such as construction, logging, mining and oil industries. See the rest of the "World's Finest" helping do their part to revive America in the 1950s.

**Autocar Trucks** Robert Gabrick,2002-10-12 Autocar - The World's Finest! In 1950 the Autocar Driver Cab was introduced, which along with the Autocar Sleeper Cab and the Autocar Aluminum Driver Cab, was used on all conventional models produced until Volvo replaced it after purchasing Autocar. In the 1950s Autocar began what it called Custom Engineering, designing each vehicle to the individual customer's specific requirements. At this time Autocar focused on models for construction, logging, mining, quarrying and oil production, as well as lightweight over-the-road designs. Large format photos with informative captions illustrate all of the major models produced during this period. A brief history of the Autocar company is included.

*Autocar Trucks 1899-1950 Photo Archive* Robert Gabrick,2004-06-06 Early advertisements declared The design of the Autocar chassis lends itself to almost every style of body. Large, detailed archival photographs with informative captions tell the story from the first Autocar Driver Cab was introduced.

*Autocar Trucks of the 1960s at Work* Ron Adams,2009-10-15 As we start the 1960s, the current Autocar truck models were well on their way in popularity. White had purchased Autocar in 1953 yet Autocar trucks continued thru to the 1970s as part of the Big Four White brands. The Interstate Highway System was being expanded through the country in the '60s, but many roads were still rugged. The cure for many truckers was to buy an Autocar, highly regarded as a rough, tough and sturdy truck. Ron Adams picks out the best in his vast collection of Autocar truck photos, all the hardest working trucks hauling goods across America in the 1960s, one of the most interesting decades in trucking. Not only does Adams provide detailed information about the trucks, he doesn't forget the trailers, trucking companies, and hauling configurations seen in the photographs.

**The Autocar** ,2004

*New Mini* Autocar,2008 Founded in 1895, Autocar is the world's oldest car magazine and thrives today like never before as a vibrant, authoritative weekly packed with car news and reviews, including the most comprehensive road tests in the business. This book, one of the first in an important new series, collects all the best Autocar material about the 'new' MINI. Technical and performance data, group tests (the car against its rivals), news stories, competition reports organized chronologically, as a series of features rather than chapters in one brightly designed, photographically lavish, information-packed book that will be a must-have for all enthusiasts of these cars. From detailed performance data to scoop stories, it's all here in one superb reference source.

*Care and Operation with Parts List 1940 Autocar Model U-2044, Truck Chassis - 2 1/2 Ton* Autocar Company,2012-01 This 1940 operation manual for the 1940 Autocar Truck model U-2044 combines: Autocar Company information, including brances and officers; the car building record; instructions; parts list; service bulletins; and schematics.

**The Autocar Handbook** ,1908

*List of Motor Vehicle Registrations and Licenses* ,1917

*Autocar Master Parts List Covering Units Built for United States Army 1940-1942* Autocar Company,2012 This 1942 parts list was prepared as specified by the Quartermaster General's office. Parts are comprehensively listed, diagramed and illustrated. Many pages bear the original greasy finger smudges

*On a Global Mission: The Automobiles of General Motors International Volume 3* Louis F. Fourie,2016-12-29 Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.
