Rosie Loves Jack Mel Darbon,2021-03-02 Rosie is a sixteen-year-old girl with Down syndrome who's fighting for little freedoms, tolerance, and love. They can't send you away. What will we do? We need us. I stop your angry, Jack. And you make me strong. You make me Rosie. Rosie loves Jack. Jack loves Rosie. So, when they're separated, Rosie will do anything to find the boy who makes the sun shine in her head. Even run away from home. Even struggle across London and travel to Brighton, though the trains are canceled, and the snow is falling. Even though some people might think a girl with Down syndrome could never survive on her own. Introducing a strong, determined, and neurodiverse teen protagonist, debut author Mel Darbon gives readers a unique character experience with a much-needed, alternative point of view. This contemporary young adult novel is a voice-driven, heartfelt story of finding your place in a world that often leaves no room for outsiders.

**The Garden of My Imaan** Farhana Zia,2016-03-01 It's hard enough to fit in without also having to decide whether to fast for Ramadan or wear the hijab. Aliya already struggles with trying to fit in, feeling confident enough to talk to the cute boy or brave enough to stand up to mean kids—the fact that she's Muslim is just another part of her life. But then Marwa, a Moroccan girl who shares Aliya's faith if not her culture, moves to town. Marwa's quiet confidence leads Aliya to wonder even more about who she is, what she believes, and where she fits in. In a series of letters to Allah she writes for a Sunday school project, Aliya explores her dreams and fears, hoping that with hard work and faith, something beautiful will grow in the garden of imaan—the small quiet place inside where belief unfolds, one petal at a time. This award-winning novel from author and educator Farhana Zia captures the social and identity struggles of middle school with a fresh, new voice.

Miguel's Brave Knight Margarita Engle, 2023-02-21 Miguel de Cervantes Saavedra finds refuge from his difficult childhood by imagining the adventures of a brave but clumsy knight. This fictionalized first-person biography in verse of Miguel de Cervantes Saavedra follows the early years of the child who grows up to pen Don Quixote, the first modern novel. The son of a vagabond barber-surgeon, Miguel looks to his own imagination for an escape from his family's troubles and finds comfort in his colorful daydreams. At a time when access to books is limited and imaginative books are considered evil, Miguel is inspired by storytellers and wandering actors who perform during festivals. He longs to tell stories of his own. When Miguel is nineteen, four of his poems are published, launching the career of one of the greatest writers in the Spanish language. Award-winning author Margarita Engle's distinctive picture book depiction of the childhood of the father of the modern novel, told in a series of free verse poems, is enhanced by Raúl Colón's stunning illustrations. Back matter includes a note from both the author and illustrator as well as additional information on Cervantes and his novel Don Quixote.

Malware Forensics Cameron H. Malin, Eoghan Casey, James M. Aquilina, 2008-08-08 Malware Forensics: Investigating and Analyzing Malicious Code covers the complete process of responding to a malicious code incident. Written by authors who have investigated and prosecuted federal malware cases, this book deals with the emerging and evolving field of live forensics, where investigators examine a computer system to collect and preserve critical live data that may be lost if the system is shut down. Unlike other forensic texts that discuss live forensics on a particular operating system, or in a generic context, this book emphasizes a live forensics and evidence collection methodology on both Windows and Linux operating systems in the context of identifying and capturing malicious code and evidence of its effect on the compromised system. It is the first book detailing how to perform live forensic techniques on malicious code. The book gives deep coverage on the tools and techniques of conducting runtime behavioral malware analysis (such as file, registry, network and port monitoring) and static code analysis (such as file identification and profiling, strings discovery, armoring/packing detection, disassembling, debugging), and more. It explores over 150 different tools for malware incident response and analysis, including forensic tools for preserving and analyzing computer memory. Readers from all educational and technical backgrounds will benefit from the clear and concise explanations of the applicable legal case law and statutes covered in every chapter. In addition to the technical topics discussed, this book also offers critical legal considerations addressing the legal ramifications and requirements governing the subject matter. This book is intended for system administrators, information security professionals, network personnel, forensic examiners, attorneys, and law enforcement working with the inner-workings of computer memory and malicious code. \* Winner of Best Book Bejtlich read in 2008! \* <http://taosecurity.blogspot.com/2008/12/best-book-bejtlich-read-in-2008.html> \* Authors have investigated and prosecuted federal malware cases, which allows them to provide unparalleled insight to the reader. \* First book to detail how to perform live forensic techniques on malicious code. \* In addition to the technical topics discussed, this book also offers critical legal considerations addressing the legal ramifications and requirements governing the subject matter

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Carter Reads the Newspaper Deborah Hopkinson, 2020-08-04 Carter G. Woodson didn't just read history. He changed it. As the father of Black History Month, he spent his life introducing others to the history of his people. Carter G. Woodson was born to two formerly enslaved people ten years after the end of the Civil War. Though his father could not read, he believed in being an informed citizen, so he asked Carter to read the newspaper to him every day. As a teenager, Carter went to work in the coal mines, and there he met Oliver Jones, who did something important: he asked Carter not only to read to him and the other miners, but also research and find more information on the subjects that interested them. My interest in penetrating the past of my people was deepened, Carter wrote. His journey would take him many more years, traveling around the world and transforming the way people thought about history. From an award-winning team of author Deborah Hopkinson and illustrator Don Tate,

this first-ever picture book biography of Carter G. Woodson emphasizes the importance of pursuing curiosity and encouraging a hunger for knowledge of stories and histories that have not been told. Back matter includes author and illustrator notes and brief biological sketches of important figures from African and African American history.
