Our Baby Alma A. Caller,2018-02-02 Excerpt from *Our Baby: How to Dress and Feed It* The following pages are intended to aid those who are desirous of preparing an infant's outfit which shall be tasteful and pretty, and at the same time inexpensive. Descriptions of elaborately made articles, such as may be found in bewildering variety in all of the large dry goods stores, have been purposely omitted. If this book shall prove an aid to any who, through inexperience, are ignorant of what to make or how to make it, its end will be accomplished. Select as good material as you can afford, but let the little garments be simply made. Such garments as can be easily washed and ironed and plenty of them, are far preferable to garments that are so elaborately made, that a great amount of labor must be expended in getting them laundered.
