Deplorable Mary E. Stuckey, 2021-11-09 Political campaigns in the United States, especially those for the presidency, can be nasty—very nasty. And while we would like to believe that the 2020 election was an aberration, insults, invective, and yes, even violence have characterized US electoral politics since the republic's early days. By examining the political discourse around nine particularly deplorable elections, Mary E. Stuckey seeks to explain why. From the contest that pitted Thomas Jefferson against John Adams in 1800 through 2020's vicious, chaotic matchup between Donald Trump and Joe Biden, Stuckey documents the cycle of despicable discourse in presidential campaigns. Looking beyond the character and the ideology of the candidates, Stuckey explores the broader political, economic, and cultural milieus in which each took place. In doing so, she reveals the conditions that exacerbate and enable our worst political instincts, producing discourses that incite factions, target members of the polity, encourage undemocratic policy, and actively work against the national democratic project. Keenly analytical and compulsively readable, *Deplorable* provides context for the 2016 and 2020 elections, revealing them as part of a cyclical—and perhaps downward-spiraling—pattern in American politics. *Deplorable* offers more than a comparison of the worst of our elections. It helps us understand these shameful and disappointing moments in our political history, leaving one important question: Can we avoid them in the future?

**EFFECTIVE MEDIA RELATIONS** REDDI, C.V. NARASIMHA, 2020-11-01 Media relations may be defined as a process of public relations to accomplish maximum media coverage of organisational activities as a measure to create knowledge among the stakeholders and gain their understanding and acceptance. Good media relations are created and maintained only by providing newsworthy and trustworthy information of public interest in an atmosphere of mutual respect and candour between an organisation and the media. The systematically organised book, written in 'teach yourself' style with clear illustrations, gives a thorough understanding of the various aspects of media relations. The main distinguishing feature of the book is the inclusion of numerous case studies to help students understand the concepts better and learn how theory is applied in practice. Also, the book enables the students to write good press releases and utilise broadcast media, Internet and social media. Thus, it helps its readers to become an effective media relations manager. The book is a must-read text for the postgraduate students of mass communication, public relations, journalism and business management disciplines. Moreover, it is of immense value for the HR professionals. **TARGET AUDIENCE** • MA (Public Relations/Communication and Journalism/Mass communication)
