The Routledge Handbook of Soft Power Naren Chitty,Lilian Ji,Gary D Rawnsley,Craig Hayden,2016-11-03 The Routledge Handbook of Soft Power is the first volume to offer a comprehensive and detailed picture of soft power and associated forms of public diplomacy. The terms soft power and public diplomacy have enormous currency in media and policy discourse, yet despite all the attention the terms remain conceptually ambiguous for analysts of international influence. The consequence is that the terms have survived as powerful, yet criticized, frames for influence. Divided into two main parts, Part I outlines theoretical problems, methodological questions, the cultural imperative and the technological turn within the study of soft power and Part II focuses on bringing the theory into practice through detailed discussion of key case studies from across the Americas, Europe, the Middle East, Africa and Asia. This innovative handbook provides a definitive resource for students and scholars seeking to familiarize themselves with cutting-edge debates and future research on soft power and will be of interest to those studying and researching in areas such as international relations, public diplomacy and international communication.

Rajinikanth Naman Ramachandran,2014-01-15 Rajinikanth is, quite simply, the biggest superstar cinema-crazy India has ever seen. His stylized dialogues and screen mannerisms are legion, and his guy-next-door-cum-superhero image has found a hysterically appreciative following among millions of moviegoers. Naman Ramachandran’s marvellous biography recounts Rajini’s career in meticulous detail, tracing his incredible cinematic journey from Apoorva Raagangal (1975) to Kochadaiyaan (2013). Along the way, the book provides rare insights into the Thalaivar’s personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

Black Friday S Hussain Zaidi,2014-11-15 On the afternoon of 12 March 1993, a series of explosions cut a swathe of terror and destruction through Bombay. The toll: 257 killed or missing, 713 injured, and a city in a shambles. In Black Friday, S. Hussain Zaidi takes us into the heart of the conspiracy which spanned several countries and the massive investigation that ensued. A product of four years of meticulous research, the book gives chilling insights into the criminal mind, through interviews with close associates of Dawood Ibrahim and Tiger Memon, among others. The characters we meet are compelling: the terrorists, the corrupt law enforcement agents who abetted the plot, the investigators who would stop at nothing, and, above all, the people of Bombay of whose resilient spirit this book is a celebration. Riveting and incisive, Black Friday reveals the true dimensions of a horrific tragedy which shook the nation.

The Heartfulness Way Kamlesh D. Patel,Joshua Pollock,2018-06-01 “A must-read for anyone interested in incorporating meditation into their lifestyle.” --Sanjay Gupta, MD, chief medical correspondent for CNN Heartfulness is an ideal, a spiritual way of living by and from the heart that is inclusive of all ideologies, beliefs, and religions. In this heart-centered book, a student in

conversation with his teacher, Kamlesh D. Patel—affectionately known as Daaji, the fourth and current spiritual guide of the century-old Heartfulness tradition—present a unique method of meditation with the power to facilitate an immediate, tangible spiritual experience, irrespective of a person’s faith. Our modern, fast-paced world can be an overwhelming place. Every day, we’re bombarded with messages telling us that in order to be happy, fulfilled, and worthy, we must be better, do more, and accumulate as much material wealth as possible. Most of us move through our busy lives with our minds full of these ideas, multitasking as we strive to navigate the responsibilities and expectations we must meet just to make it through the day. But what if there is another way? What if, rather than letting the busyness of life overtake our minds, we learn to be heartfelt instead? Based on Daaji’s own combination of approaches and practices for the modern seeker—which draws from the teachings of Sahaj Marg, meaning “Natural Path”—Heartfulness is a contemporized version of the ancient Indian practice of Raja Yoga, a tradition that enables the practitioner to realize the higher Self within. While many books describe refined states of being, The Heartfulness Way goes further, providing a pragmatic course to experience those states for oneself, which, per the book’s guiding principle, is “greater than knowledge.” Heartfulness meditation consists of four elements—relaxation, meditation, cleaning, and prayer—and illuminates the ancient, defining feature of yogic transmission (or pranahuti), the utilization of divine energy for spiritual growth and transformation. Using the method, detailed practices, tips, and practical philosophy offered in this book, you’ll reach new levels of attainment and learn to live a life more deeply connected to the values of the Heartfulness way—with acceptance, humility, compassion, empathy, and love.

Travel Culture, Travel Writing and Bengali Women, 1870-1940 Jayati Gupta,2020-07-23 This book chronicles travel writings of Bengali women in colonial India and explores the intersections of power, indigeneity, and the representations of the ‘self’ and the ‘other’ in these writings. It documents the transgressive histories of these women who stepped out to create emancipatory identities for themselves. The book brings together a selection of travelogues from various Bengali women and their journeys to the West, the Aryavarta, and Japan. These writings challenge stereotypes of the ‘circumscribed native woman’ and explore the complex personal and socio-political histories of women in colonial India. Reading these from a feminist, postcolonial perspective, the volume highlights how these women from different castes, class and ages confront the changing realities of their lives in colonial India in the backdrop of the independence movement and the second world war. The author draws attention to the personal histories of these women, which informed their views on education, womanhood, marriage, female autonomy, family, and politics in the late 19th and early 20th centuries. Engaging and insightful, this volume will be of interest to students and researchers of literature and history, gender and culture studies, and for general readers interested in women and travel writing.

What Works in Girls' Education Gene B Sperling,Rebecca Winthrop,2015-09-29 Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls’ education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls’ education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women’s empowerment What Works in Girls’ Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls’ education.

The Bard of Blood Bilal Siddiqi,2015-03-15 Researched with the assistance of US and Indian intelligence agents, war correspondents and the crime veteran S. Hussain Zaidi, The Bard of Blood takes you on a thrilling journey from the power corridors of RAW to the war-torn terrain of Balochistan. In Delhi, ex-RAW boss Lieutenant General Sadiq Sheikh is killed by a double agent. Sadiq’s killer is a man who knows too much and is part of a diabolical plot to create what might become the Third World War. In Mumbai, literature professor Kabir Anand is settling down into his new life, when a call from the PMO thrusts him back into the world he is trying hard to forget. A brilliant agent who served under Sadiq Sheikh, Kabir has been forced to leave RAW because of a disastrous mission in Balochistan in 2006 that was undertaken as part of the Indian secret service’s covert support of the Balochi rebels against the Pakistan government. Kabir must now revisit those ghosts, avenge his mentor and face his deadliest enemies—Mullah Omar and the ISI—while racing against time to save his country.
