Genealogy of American Finance Robert E. Wright,Richard Sylla,2015-03-17 In this unique, well-illustrated book, readers learn how fifty financial corporations came to dominate the U.S. banking system and their impact on the nation's political, social, and economic growth. A story that spans more than two centuries of war, crisis, and opportunity, this account reminds readers that American banking was never a fixed enterprise but has evolved in tandem with the country. More than 225 years have passed since Alexander Hamilton created one of the nation's first commercial banks. Over time, these institutions have changed hands, names, and locations, reflecting a wave of mergers, acquisitions, and other restructuring efforts that echo changes in American finance. Some names, such as Bank of America and Wells Fargo, will be familiar to readers. The origins of others, including Zions Bancorporation, founded by Brigham Young and owned by the Mormon Church until 1960, are surprising. Exploring why some banks failed and others thrived, this book wonders, in light of the 2008 financial crisis, whether recent consolidations have reached or even exceeded economically rational limits. A key text for navigating the complex terrain of American finance, this volume draws a fascinating family tree for projecting the financial future of a nation.

The Guilty One Sophie Littlefield,2015-08-11 From the award-winning author of *The Missing Place*—in which “Littlefield’s writing shines (The Boston Globe)—another gripping exploration of the damage people can do to each other, and the resilience they find in themselves. A man stands on the Golden Gate Bridge, poised to jump...if a woman on the other end of the phone tells him to. Maris’s safe suburban world was shattered the day her daughter was found murdered, presumably at the hands of the young woman’s boyfriend. Her marriage crumbling, her routine shattered, Maris walks away from her pampered life as a Bay Area mom the day she receives a call from Ron, father of her daughter’s killer. Wracked with guilt over his son’s actions (and his own possible contribution to them), he asks Maris a single question: should he jump? With a man’s life in her hands, Maris must decide, perhaps for the first time, what she truly wants. Retribution? Forgiveness? Or something more? Having lost everything, she’s finally free to recreate herself without the confining labels of “wife,” “mother,” or “mourner.” But will this shocking offer free her, or destroy her?
