**DO IT YOURSELF** Ogan Davids, 2020-07-13 It has been stated that information is the currency of the 21st century, and billions of words are added every minute to the mountains of words in the library of human existence. This mountain at most can be very intimidating and mind boggling, and navigating through the burrows and rows of words in this library, searching for new information or knowledge, can be very daunting. No wonder, through the help of technology, the world is gradually moving from “Do it for us”, to Do it yourself”. But doing it yourself, requires skills, time, patience and resilience. Since, it has no doubt, increasingly become difficult for people to do research online, access relevant information, or develop new skills, probably due to the constraint of time. It is our quest to help you overcome all these constraints, which gave birth to the book “DO IT YOURSELF”. Do it yourself, is the most comprehensive guide of How to's, in any subject matter that is of interest to you. We gracefully understand what it takes to browse through thousands or even millions of pages online, looking for information on the new skill you want to acquire, or the new information you want to access, we have therefore save you time and money by compiling all the information in a book form, to save you millions of hours of research, data, and loss of quality time with loved ones. Do it yourself is therefore aimed at helping you achieve more and become better with less efforts, which will directly or indirectly change your way of thinking for the betterment of your life and that of others.
