Dale Brown

Voy #18 Battle Lines Dave Galanter,Greg Brodeur,2012-07-24

While exploring a sector of uncharted space, the USS Voyager is ambushed by the Edesian Fleet and forcibly pressed into service in their war against the enemy Gimlon. The Edesian commander claims that the Fleet is fighting only to defend his people against a merciless invader, but Captain Janeway is unconvinced. War, she has learned, is seldom so simple or so black and white. With Chakotay and several other crew members held hostage, and the Starship Voyager under the control of the Edesians, Janeway has no choice but to join the campaign against the Gimlon - only to discover that the enemy has developed a super-weapon capable of destroying entire worlds. Soon, the Captain and her crew find themselves fighting a losing battle in a war not of their own making...

The Battle Of Betazed Susan Kearny & Charlotte

Douglas,2012-08-28 As the war between the Dominion and the Federation rages across the Alpha Quadrant, Counselor Deanna Troi finds she is faced with more than she expected when she kidnaps a telepathic killer to bring to the aid of the resistance movement on the occupied planet of Betazed. At the same time, the Enterprise-E is leading a Starfleet attack against a Cardassian space station is orbit above the skies of Betazed. Dominion scientists are using the Betazed people as raw material in their experiments to create a more highly evolved Jem'Hadar -- the genetically engineered warrior species which forms the core of the Dominion forces. What transpires is an awesome battle -- including hostages and narrow escapes -- with unexpected twists which lead to a truly explosive ending.

Battle Angel Alita 6 Yukito Kishiro,2018-07-31 Against her better judgment, Alita is now working as an agent of Zalem, as the price for the conclusion of the Zapan incident. She rides as security on the Factory's freight trains going through the

wilderness away from the hustle and bustle of the Scrapyard--until the roving bandit Barjack forces attempt a train robbery! This kicks off the Barjack arc, the longest and biggest of the series, as Zalem, Barjack, and Nova grapple in the desert sands!!

Battle Lines Jim Lederman, 2019-04-03 This book is about the intifada, the popular Palestinian uprising in the Israeli-occupied territories, broadcasted by television to an audience of millions. It explores what happens in a democracy when a government faces a major political crisis with potentially damaging international implications.

The Pentagon's Battle for the American Mind Lori L. Bogle, 2004-10-12 The U.S. military has historically believed itself to be the institution best suited to develop the character, spiritual values, and patriotism of American youth. In *Strategy for Survival*, Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create "ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad." Bogle shows that a tendency by some in the armed forces to diffuse their view of America's civil religion among the general population predated tension with the Soviet Union. Bogle traces this trend from the Progressive Era through the early Cold War, when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces' manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism. Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil-military religion in the general public. During the early 1960s, joint military-civilian anticommunist conferences, organized by the authority of the Department of Defense, were exploited by ultra-conservative civilians advancing their own political and

religious agendas. Bogle's analysis suggests that cooperation among evangelicals, the military, and government was considered both necessary and normal. The Boy Scouts pushed a narrow vision of American democracy, and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude. To combat communism, American society and its armed forces embraced brainwashing—narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered. Exposure of this alliance ultimately dissolved it. However, the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many, and are thus still worthy of consideration.

Battle Lines Greg Brodeur, Dave Galanter, 2003-06-26 While exploring a sector of uncharted space, the U.S.S. Voyager™ is ambushed -- and forcibly pressed into service as part of the Edesian Fleet in their war against the enemy Gimlon. The Edesian commander claims that the Fleet is fighting only to defend his people against a merciless invader, but Captain Janeway is suspicious. War, she has learned, is seldom so simple or black and white. With Chakotay and several other crew members held hostage, and the Starship Voyager™ under the control of the Edesians, Janeway has no choice but to join the campaign against the Gimlon, only to discover that the enemy has developed a new super-weapon capable of destroying entire worlds. Soon the Captain and her crew find themselves fighting a losing battle in a war they never wanted!

Blueprints for Battle Jan Hoffenaar, Dieter Krüger, Dieter Kruger, David T. Zabecki, 2012-09-04 While scholarship abounds on the diplomatic and security aspects of the Cold War, very little

attention has been paid to military planning at the operational level. In *Blueprints for Battle*, experts from Russia, the United States, and Europe address this dearth by closely examining the military planning of NATO and Warsaw Pact member nations from the end of World War II to the beginning of détente. Informed by material from recently opened archives, this collection investigates the perceptions and actions of the rival coalitions, exploring the challenges presented by nuclear technology, examining how military commanders' perceptions changed from the 1950s to the 1960s, and discussing logistical coordination among allied states. The result is a detailed study that offers much-needed new perspectives on the military aspects of the early Cold War.

The Shattering War James Edward, 2016-06-21 After twenty-two years in the service, Ray Hunter is a disgraced fleet captain, having put his crew and frigate in harms way. Hes about to get kicked out, but he is offered an enticing off-the-books proposition. Admiral Weatherfew tells Hunter he has the right mix of experience in both command and administration, and hed be a perfect fit for a black operation to build a force to counter the rising threat of the Parliamentary Ruling Council. If Hunter accepts, hes told not to fail or the world will be plunged into a dark age of despotism and mayhem, and millions will die. Hunter is asked to enter a non-descript system with no habitable planets to create an infrastructure as a last-ditch effort against the anarchy and chaos thats slowly destroying the empire. He must not only build this safe haven, but gather people and materials to defend it against all comers.

Battle Born Dale Brown, 2009-11-04 Author of an extraordinary string of New York Times bestselling novels, Dale Brown is the undisputed master of the aerial techno-thriller. Filled with explosive adventure, unforgettable characters, and authentic technology set against political scenarios so real they

often anticipate world events, each of Dale Brown's novels is a major event. Now he returns to the airspace only he can truly call his own, in a blockbuster novel about a world on the brink of World War III and a new generation of brash young heroes... Patrick McLanahan is back. The veteran navigator-bombardier and brigadier general in the U.S. Air Force has been sent to a B-1B Lancer unit in Nevada to develop and train a tactical strike unit designed to seek out and destroy enemy missiles. He has his pick of the most aggressive Type A personalities in the flying game, though it may take years to pull this bunch of mavericks together to fight as a team. Then time runs out. The fragile peace in Asia is shattered when what was supposed to be a joint U.S.-Japan-South Korea mock bombing raid turns lethal. Instead of hewing to the script, South Korean fighter-bombers streak north to destroy several North Korean command-and-control, special forces, and secret police centers in support of a massive people's revolt against the Communist regime. To the world's surprise, the raids are a complete success. The North Korean military surrenders. The borders are thrown wide open and the United Republic of Korea is born. But this United Korea is also the world's newest nuclear power. It refuses to destroy thousands of captured nuclear, chemical, and biological weapons, which it sees as potent protection against the massive threat of China to its north. Vowing never again to be anyone's puppet, it is ready to defy the United States and even attack China in order to preserve its sovereignty. Thus begins a conflict that threatens to embroil all of Asia. Enter McLanahan's raw, audacious team. Sent into the fray both to protect United Korea and to stop it from touching off World War III, Patrick's small but potent hunter-killer bomber force has the world's newest, most powerful nonnuclear weapon at its disposal--if its aces ever stop fighting each other long enough to start fighting the enemy.... Relentlessly paced, filled with the you-are-there feel of supersonic flight, *Battle Born* delivers the technology, action, and drama that Brown fans savor.

It is this marvelous storyteller's most exciting and satisfying novel yet.

Battle Lines Jacob I. N. Wolcott, 2019-04-16 Revolution is in the air. A young woman rises against the Supreme Federation to avenge her sister's murder. Her swelling resistance is beset by the Federation's unstoppable death squad, who utterly crush all opposition. They are known as the Angels. This is their story.
