Adirondack Vernacular Robert Bogdan,2003-02-01 Henry M. Beach was a prolific and accomplished upstate New York photographer who documented the North Country during the first quarter of the twentieth century. Although much less known and celebrated, Beach's work is as important to the twentieth-century Adirondacks as Seneca Ray Stoddard's is to the nineteenth century. Illustrated with over 250 examples of his work including ten panoramic foldouts, this book covers the range of Beach's subject matter. Robert Bogdan's lively and accessible approach to the photographer's work encourages the reader to explore the North Country's people and places through Beach's photography and life. Although Beach's postcard pictures and other photographs were taken to sell in bulk to hotel managers, tourist shop owners, and other retail merchants, they are not just mass-produced, stylized, pretty pictures. Beside the bubbling brooks and shady woodland paths are factory boomtowns and paper mills belching pollution. As the rails brought increasing numbers of middle-class tourists to the Adirondacks, the wealthy created their own exclusive wilderness playground. Beach photographed dandy visitors at play as well as manual laborers sweating in the forest, logging camps, factories, mines, and construction sites. Images of great camps sit next to modest abodes, small stores, and family-owned resorts. Pictures of trains in scenic surroundings give way to mangled wrecks after tragic railroad accidents. In addition to standard view cards, he produced montages and advertisement postcards serious visual commentary as well as lighthearted picture play. Beach's best works stir the heart and provoke the imagination, and his whimsical, down-to-earth approach to photography produced images that are a treat to the eye.

Historic Photos of Daytona Beach Harold D. Cardwell,2007 From the Daytona 500 to driving on the beaches, Bike Week to Spring Break, Historic Photos of Daytona Beach is a photographic history collected from the

areas top archives. With around 200 photographs, many of which have never been published, this beautiful coffee table book shows the historical growth from the mid 1800's to the late 1900's of 'the Birthplace of Speed' in stunning black and white photography. The book follows life, government, events and people important to Daytona Beach and the building of this unique city. Spanning over two centuries and two hundred photographs, this is a must have for any long-time resident or history lover of Daytona Beach!

LIFE IN THE HARSH LANE Thomas Appleby,2012-08 This book is intended to make any reader, firstly laugh, then in no particular order, flinch, be jealous, feel sick, feel sorry, angry and disgusted or just plain sad. This is the original story of nobodies, but the type of people a lot of people can relate to, to some degree. Events are sometimes in random order, due to the author's sometimes random memory. The main dilemma in writing a 'warts n' all' book, is, whilst it's fine to do so if you are famous, on the other hand, when even your wife can barely remember who you are, it's a bit different! Basically, who gives a shit? But going with the old cliché 'Everyone has a book in them' here's mine. It is a book of many contrasts, wild and excessive and funny to some, but at some points it is balanced out with the tales of the complete opposite, about family, heartbreak and loss, and has some pretty morbid moments I must admit, but this is generally about the knowledge that you gain in this life, I can't say I have learned completely yet, who does? But I'm getting there, and if I don't, who really gives a toss anyway? I didn't invent Penicillin, or The Wheel, or even American Idol, I'm just a regular guy in some respects. There is a great quote out there which that wholeheartedly sums up my philosophy towards life, 'Live as if you'll die tomorrow. Dream as if you'll live forever.' There is also a historical element to some of the recollections, relating to people and places, just to try to make me look a bit more clever if possible, well I need something! As for writing about real life, as a musician formerly, I now understand when a band says you have your first part of your life to write your first album, it's the same with writing about real life, all your own experiences are exhausted after that. As anyone who knows me, I'm one of the worst liars in the universe, imagination I'm crap at, I do prefer real life. So I won't be forging a career in Fiction anytime soon. Anyway, it's all academic, I'll probably get banned from writing books ever again, if anybody ever reads this. Names have been changed to protect the slightly guilty, the guilty, and the really guilty, I hope I've not dropped anyone in this too much. There are certain stories which I cannot and will not write about, too sensitive for some people I know, and are frankly a bit too harsh for this book, and that's saying something.

Life Is Better at the Beach Thomas Nelson,2016-06-28 Take long walks. Watch the sunset. Shoes are optional. The beautiful four-color book of inspirational photos, Bible verses, quotations, and short writings invites you to escape the buzz of the everyday and into the tranquility that the beach offers. Each section of this book will cover a “beach rule” and encouraging thoughts on how you can incorporate that mind-set or behavior into your daily life. Much of Jesus’ ministry happened along the seashore, where He told His followers about the peace and rest His Father offered them and modeled the best way to live. In the same way, this book transports you to a favorite beach locale and helps you apply rules for beach living to everyday life—rules to slow down, to notice the beauty in the little things, and to incorporate rest into even the most stressful times. Full of serene images, inspiring quotations, and restful Bible verses, this book will be a natural addition to your coffee table or desk, as well as a lovely gift for that beach-loving friend. For as the waters fill the sea, the earth will be filled with an awareness of the glory of the Lord. —Habakkuk 2:14 NLT

Exposing the Wilderness Robert Bogdan,1999-10-01 Robert Bogdan combines a richly descriptive text with striking illustrations to create vivid biographical sketches of these pioneer photographers, who worked their individual styles to illuminate six different regions of the Adirondack Mountains. The book also provides insight into the popular culture of the times mainly through postcards but it also takes an in-depth look at the families and work lives of these artisans as they plied their trade in the popular venue of commercial postcards. Aside from the Adirondack locals and a few postcard connoisseurs, the gifted folk artists and craftspeople profiled here were virtually unknown until now. Bogdan has collected nearly 250 illustrations including postcards and photographs depicting Adirondack life of the time. Many of these images have never before been published.

Martin Parr: Life's a Beach (Signed Edition) Martin Parr,2013-05-31 Following on the heels of Martin Parr's limited-edition, album-style publication Life's a Beach, Aperture now presents this beach-friendly mini edition.

Parr has been photographing the topic of the beach for many decades, documenting sunbathers, rambunctious swimmers caught mid-plunge and the eternal sandy picnic. His international career, in fact, could well be traced to the publication of *The Last Resort* (1986), which depicted the seaside resort of New Brighton, near Liverpool. What is perhaps less known is that this obsession has led Parr to photograph beaches around the world. This compilation, his first on the topic, presents photos of beachgoers on far-flung shores, including Argentina, Brazil, China, Spain, Italy, Latvia, Japan, the United States, Mexico, Thailand, and of course, the U.K. The compilation brings to the forefront Parr's engagement with a cherished subject matter--that rare public space in which general absurdities and local quirks seamlessly fuse together. This book shows Parr at his best, startling us with moments of captured absurdity and immersing us in rituals and traditions associated with beach life the world over.

The Boulevards of Extinction A. Brunneis, 2015-11-20 Championing diversity has never been so entertaining. In over 600 aphorisms, essays, parables, and dialogues, such themes as God, politics, and love are explored with a view to the range of humanity's possible fates. Every negative philosophy is bled dry, every positive philosophy made negative, every relevant theology revived and twisted to bear witness. For societies sightseeing over the abyss, a tour guide is needed. This is a self-help book for the endangered species swinging on the top of the food chain. Suicide or conservation? Genes versus environment: saving one entails the abandonment of the other, and throwing yourself under a whaling boat may be the most minimal extinction event possible.
