Blood Red Heather Graham, 2020-01-13 Rediscover a thrilling world of immortals and intrigue in this classic paranormal romantic suspense, only from New York Times bestselling author Heather Graham. Yes, there are vampires in America; Mark Davidson knows it. And what city is more likely to be stalked by them than New Orleans? But Lauren Crow doesn't believe in vampires. Not at first. She and her friends are spending a bachelorette weekend in the Big Easy—all fun and games until a fortune-teller predicts a gruesome death. And until Lauren meets Mark, whom she finds absolutely compelling...and quite possibly crazy. He prowls the city by night, searching out vampires. Mark is as drawn to Lauren as she is to him, and not just because she's the image of his murdered fiancée. His obsession with tracking down his lover's killer is part of a vendetta that goes even deeper than grief over his lost love. As Lauren wrestles with desire and disbelief, sinister shadows lengthen over New Orleans. Vampires. They're threatening Lauren and her friends. And they're about to end the city's truce between the living and the undead! Originally published in 2007

The Songlines Bruce Chatwin, 2016-10-18 International Bestseller: The famed travel writer and author of *In Patagonia* traverses Australia, exploring Aboriginal culture and song—and humanity's origins. Long ago, the creators wandered Australia and sang the landscape into being, naming every rock, tree, and watering hole in the great desert. Those songs were passed down to the Aboriginals, and for centuries they have served not only as a shared heritage but as a living map. Sing the right song, and it can guide you across the desert. Lose the words, and you will die. Into this landscape steps Bruce Chatwin, the greatest travel writer of his generation, who comes to Australia to learn these songs. A born wanderer, whose lust for adventure has carried him to the farthest reaches of the globe, Chatwin is entranced by the cultural heritage of the Aboriginals. As he struggles to find the deepest meaning of these ancient, living songs, he is forced to embark on a much more difficult journey—through his own history—to reckon with the nature of language itself. Part travelogue, part memoir, part novel, *The Songlines* is one of Bruce Chatwin's final—and most ambitious—works. From the author of the bestselling *In Patagonia* and *On the Black Hill*, a sweeping exploration of a landscape, a people, and one man's history, it is the sort of book that changes the reader forever. This ebook features an illustrated biography of Bruce Chatwin

including rare images and never-before-seen documents from the author’s estate.

**The Best of Bruce Chatwin** Bruce Chatwin,2018-05-08 A Whitbread Award–winning novel of Welsh twins and an international bestseller about Aboriginal culture by “the brilliant English writer and stylish nomad” (Los Angeles Times). After his masterpiece of travel writing, In Patagonia, put him on the literary map, Bruce Chatwin penned a novel about twin brothers who never venture far from their Welsh farm. On the Black Hill won the Whitbread Literary Award for Best First Novel and the James Tait Black Memorial Prize. Following that work of fiction, Chatwin turned his focus to Australia and Aboriginal culture, creating a wholly original hybrid of memoir, travelogue, and novel in the international bestseller, The Songlines. On the Black Hill: For forty-two years, identical twins Lewis and Benjamin Jones have shared a bed, a farm, and a life. But the world has made its mark on them each in different ways. At eighty, Lewis is still strong enough to wield an ax, and though he’s hardly ever ventured outside his little village on the Welsh/English border, he dreams of far-off lands. Benjamin is gentler, a cook whose favorite task is delivering baby lambs, and even in his old age, remains devoted to the memory of their mother. With his delicate attention to detail, Chatwin’s intense and poetic portrait of their shared lives in a little patch of Wales is “beautiful and haunting” (Los Angeles Times). “A brooding pastoral tale full of tender grandeur.” –The New York Times Book Review The Songlines: Long ago, the creators wandered Australia and sang the landscape into being, naming every rock, tree, and watering hole in the great desert. Those songs were passed down to the Aboriginals, and for centuries they have served not only as a shared heritage, but also as a living map. Entranced by this cultural heritage, a narrator named Bruce travels to Australia to probe the deepest meaning of these ancient, living songs, and embarks on a profound exploration of the nomadic instinct. “Extraordinary. A remarkable and satisfying book.” –The Observer

**Choke Point** Ian Slater,2004-03-30 The fight against terrorism has reached the next level– and now America will really go to war. A series of cataclysmic events is exploding around the world. Two divisions of Chinese ground troops move against a neighboring Muslim nation, while a provocation unleashes generations of pent-up violence between the mainland and Taiwan. With U.S. troops still on the ground in the Middle East and “Ganistan,” and an American president forced by rapidly unfolding events to make decisions on the fly, the most dangerous threat is the one no one sees. For off the fog-shrouded coast of Washington State, a staggering attack will flood the Northwest with American refugees and force the bravest and the best of U.S. Special Forces under the toughest of the tough, General Douglas Freeman, into a pitched, desperate battle to find a shadow enemy–before he strikes the next terrifying blow against the United States.
