Benidorm Seriously!! Tony Harrison,2020-10-19 Leaving the dull grey skies of the U.K. and an incredibly angry ex-girlfriend, I escaped to Europe's No1 tourist resort, Benidorm, to start a new life. Buying and running a gay hotel in the old town was something that I never expected to do, over the next few years, I witnessed the crazy, strange, and downright bizarre behaviour of tourists and hotel guests. From gangsters to prostitutes, from chickens to S&M my life would never be the same or normal. This book is dedicated to all those that love Benidorm and all those that have ever wondered what it would be like to run a business in Spain.

Benidorm Carlos Ferrater,Xavier Martí Galí,2011 For years, the Benidorm urban development model has been criticized for encouraging high-rise buildings, overcrowding and land speculation. Yet, in contrast with different tourist resorts, where the coastline is systematically being destroyed by invasive residential complexes, and where immense ghost towns are empty most of the year, fifty years after its inception, the Benidorm model might in fact turn out to be the most sustainable one on the Spanish coast. It occupies very little land and there is virtually no use of private transport as every point in town is only a 10-minute walk away from the beach.

Anywhere But Benidorm! Lorraine Carter,2020-05-10 A broadcaster for many years, Lorraine was awarded an MBE in 1998. She was used to efficiency, precision and speedy exactness in her life. But all that changed when she attended a travel show and took up the offer of a property viewing trip abroad. She had no idea that it would change her life for the foreseeable decade and a half. Lorraine and her husband did what many couples did in the heady days of the new millennium and bought a second home in the sun, finally finding their dream casa in Spain. This is the story of their glimpses into a slower pace of life, and the stresses and strains that only a *sí, mañana* can bring. On her journey, Lorraine almost makes a new home for Coronation Street; introduces her friend, actress, Sherrie Hewson (Joyce Temple Savage in ITV's 'Benidorm') to Japanese food; and declines an invitation to become one of Costa Blanca's new voices on the airwaves. A case of mistaken identity nearly has Lorraine joining a swingers' group, and she also finds out about life in Spain as a disabled person when she has a spell as a wheelchair user. A humorous account of Lorraine's life as a part-time expat and her love/hate relationship with all things Spain.

Office of Architecture in Barcelona Office of Architecture in Barcelona (Firm),2010 This book presents and analyses the career of architect Carlos Ferrater since the creation of his new studio called *EOAB* (Office of Architecture in Barcelona). Their most relevant projects are the Beach Promenade in Benidorm, the Mandarin Hotel, the Zaragoza-Delicias Station, House A and Roca Barcelona Gallery, among many others. Buried in Benidorm L. H. Thomson,2013-05-14 Ex-priest and newly minted agnostic Max Castillo ekes out a living as a private investigator from his houseboat in Benidorm, Spain. He finally has a little free time ... until a big-shot turns up dead at a local golf course. Now, his former employer is calling in an old debt, and Max is neck-deep in gangsters, grifters and girls with grudges. A decades-old secret could hold the key to solving the case, but can Max figure it out before one of them leaves him ... Buried in Benidorm? I ran through two of his books in two days. You sit down and become one with the book. - J. Moore. Max Castillo is a very likeable guy. This is the first book of the series and I will download the rest. - Karen Andersennecker. A most enjoyable read. The former priest and his forced entanglement with his old school pals, now top church leaders, makes for a great twist of PI vs. 'holy obligation' that creates a well written and engaging plot. - MacKenzie Smith

Universal Singular Sonia Curnier,2022-11-21 A critical introduction to the design of public spaces The way public spaces are designed reflects the period in which they were created. However, in our globalized world of experience and images the desire for uniqueness tends to achieve the opposite: increasingly, designers of open spaces resort to the same devices and thereby distance themselves from the urban context. The author analyzes ten outstanding contemporary designs of public spaces in Europe in terms of their function in the urban context and what materials are used for their implementation. In interviews with the designers she retraces the changes of the concepts during the design stage of the projects, underpinning her findings with numerous sketches. In addition, her research focuses on how the projects were received in the community. Learning from designers of outstanding public spaces in Europe Numerous unpublished design sketches A clear guide to urban design Also available in a French edition
