Gender, Race, and Class in Media Bill Yousman, Lori Bindig Yousman, Gail Dines, Jean McMahon Humez, 2020-07-24 Gender, Race, and Class in Media provides students a comprehensive and critical introduction to media studies by encouraging them to analyze their own media experiences and interests. The book explores some of the most important forms of today's popular culture—including the Internet, social media, television, films, music, and advertising—in three distinct but related areas of investigation: the political economy of production, textual analysis, and audience response. Multidisciplinary issues of power related to gender, race, and class are integrated into a wide range of articles examining the economic and cultural implications of mass media as institutions. Reflecting the rapid evolution of the field, the Sixth Edition includes 18 new readings that enhance the richness, sophistication, and diversity that characterizes contemporary media scholarship. Stardom in Contemporary Hindi Cinema Aysha Iqbal Viswamohan, Clare M. Wilkinson, 2020-01-03 In this book, film scholars, anthropologists, and critics discuss star-making in the contemporary Hindi-language film industry in India, also known as "Bollywood." Drawing on theories of stardom, globalization, transnationalism, gender, and new media studies, the chapters explore contemporary Hindi film celebrity. With the rise of social media and India's increased engagement in the global economy, Hindi film stars are forging their identities not just through their on-screen images and magazine and advertising appearances, but also through an array of media platforms, product endorsements, setting fashion trends, and involvement in social causes. Focusing on some of the best-known Indian stars since the late 1990s, the book discusses the multiplying avenues for forging a star identity, the strategies industry outsiders adopt to become stars, and the contradictions and conflicts that such star-making produces. It addresses questions such as: What traits of contemporary stars have contributed most to longevity and success in the industry? How has filmmaking technology and practice altered the nature of stardom? How has the manufacture of celebrity altered with the recent appearance of commodity culture in India and the rise of a hyper-connected global economy? By doing so, it describes a distinct moment in India and in the world in which stars and stardom are drawn more closely than ever into the vital events of global culture. Hindi films and their stars are part of the national and global entertainment circuits that are bigger and

more competitive than ever. As such, this is a timely book creates opportunities for examining stardom in other industries and provides fruitful cross-cultural perspectives on star identities today. Grounded in rigorous scholarship as well as a palpable love of Hindi cinema, this collection of 19 essays on a dizzying array of contemporary Hindi film stars makes for an informative, thought-provoking, illuminating, and most of all, a joyful read. Pushing boundaries of not only global Star Studies but also film theory as a whole, this de-colonised and de-colonising volume is a must read for film scholars, students and cinephiles! Dr. Sunny Singh, Senior Lecturer - Creative Writing and English Literature, Sir John Cass School of Art, Architecture & Design, London Metropolitan University "A wide-ranging overview of Hindi cinema's filmi firmament today, focussing on its most intriguing and brightest-burning stars. The variety of approaches to stardom and celebrity by both established and upcoming scholars reveals a web of interconnecting stories and concerns that provide fascinating new insights into the workings of today's Hindi film industry, while shining fresh light on contemporary India and the world we live in." Bollywood Kitchen Sri Rao, 2017-11-07 "Rao gives new meaning to 'dinner and a movie' by creating menus inspired by classic Indian films."—Houston Chronicle Indian cuisine and Indian cinema (known as Bollywood) share much in common—bold colors and flavors with plenty of drama. But to the uninitiated, they can seem dizzying. Let Sri Rao be your guide. As one of the only Americans working in Bollywood, Sri is an expert on Indian musical films, and as an avid cook, he's taken his mom's authentic, home-cooked recipes and adapted them for the modern, American kitchen. In this book you'll find dinner menus and brunch menus, menus for kids and menus for cocktail parties. Along with each healthy and easy-to-prepare meal, Sri has paired one of his favorite Bollywood movies. Every one of these films is a musical, packed with dazzling song-and-dance numbers that are the hallmark of Bollywood, beloved by millions of fans all over the world. Sri will introduce each film to you, explaining why you'll love it, and letting you in on some juicy morsels from behind the scenes. "Rao has created more than a book of recipes. There is seldom a cookbook that voracious readers can flip through for story; this one feeds the eye and imagination. One can run their thumb and forefinger over technicolor pages featuring decadent film and food stills. The narrative also unearths the author: cheeky, perceptive, honest."—Edible Brooklyn "Full of humor and insight, Bollywood Kitchen makes a great read, even if neither Bollywood nor cooking are your passions. A delightful read."—News India Times

Annotated Leading Trademark Cases in Major Asian Jurisdictions Kung-Chung Liu,2019-10-08 There has been little or no study on trademark laws in Asia on a cross-jurisdictional level. This book aims at filling the existing gap and provides a comprehensive overview of trademark laws of eight major Asian jurisdictions and their most-updated trademark case law. The book analyses six of the principal issues that best reflect Asian features in trademark law and trademark development. The cases in the book are principally the most authoritative decisions, usually the first to deal with certain new emerging issues, or the first to apply particular statutory provisions in the respective jurisdiction. Also included are a small number of direction-changing, outlying or even controversial decisions. Each case report is divided into six sections: summary, legal context, facts, reasoning of the court, legal analysis, and commercial or industrial significance. Readers will find this book useful in both its overview of the legal context and how those cases are to be interpreted legally and commercially.

Bollywood in Britain Lucia Krämer, 2016-06-02 Bollywood in Britain provides the most extensive survey to date of the various manifestations and facets of the Bollywood phenomenon in Britain. The book analyzes the role of Hindi films in the British film market, it shows how audiences engage with Bollywood cinema and it discusses the ways the image of Bollywood in Britain has been shaped. In contrast to most of the existing books on the subject, which tend to approach Bollywood as something that is made by Asians for Asians, the book also focuses on how Bollywood has been adapted for non-Asian Britons. An analysis of Bollywood as an unofficial brand is combined with in-

depth readings of texts like film reviews, the TV show Bollywood Star (2004) and novels and plays with references to the Bombay film industry. On this basis Bollywood in Britain demonstrates that the presentation of Bollywood for British mainstream culture oscillates between moments of approximation and distancing, with a clear dominance of the latter. Despite its alleged transculturality, Bollywood in Britain thus emerges as a phenomenon of difference, distance and Othering.
