But how do you prepare for such an amazing adventure? And, more importantly, how do you make it through without getting horribly maimed or killed along the way? Fortunately, this handbook has analyzed the accounts of numerous heroes who have traveled to magical lands and returned to tell the tale in order to create the definitive guide to survival and success no matter where in the fantasyverse your adventures may take you. In these pages, you'll learn how to increase (or, if you prefer, decrease) your chances of successfully being chosen, what types of preparation and training you should undertake beforehand, and how to hit the ground running on arrival and become the legendary hero that you were always destined to be.\* \*Makes no guarantees of destined heroism and cannot be held liable if it turns out that you are instead destined to be eaten by a giant toad.
