Reading the Race Jamie Smith, 2013-09-13 In *Reading the Race*, race announcer Jamie Smith and veteran road captain Chris Horner team up to deliver a master class in bike racing strategies and tactics. Armed with strategies and tactics learned over thousands of races, cyclists and cycling fans will learn how to read a race--and see how to win it. Bike racing is called a rolling chess game for a reason. Sure, a high pain threshold and a killer VO2max are helpful. But if you're in it to win it, you need race smarts. Starting breaks, forming alliances, managing a lapped field, setting up a sprint--on every page, Horner and Smith reveal new secrets to faster racing and better results. Smith and Horner dissect common mistakes, guiding riders with lessons learned from decades of racing experience. *Reading the Race* reveals the veteran's eye view on: Assembling the best possible team Crafting strategies around the team, course, and rivals Reacting instantly to common scenarios Making deals and combines Breaks, echelons, blocking Pack protocol and etiquette Finishing in the prize money or on the podium Winning the group ride Whether you're a new racer, an aspiring pro, a team manager, or even a roadside fan, *Reading the Race* will elevate your cycling IQ for better racing.

*American Pro* Jamie Smith, 2018-05-19 American cycling has a long tradition of riding and racing on a shoestring and a prayer. Jamie Smith explores the domestic side of the world's biggest amateur sport in *American Pro: The True Story of Bike Racing in America*. *American Pro* rips away the thin veneer of professionalism among domestic racing teams to lay bare the heart and soul of a struggling sport. Smith traces the arc of one team's racing career to discover colorful personalities, scrappy racing action, humor and heartbreak. *American Pro* shows what the sport demands: the scramble for contracts, the dynamics of team chemistry, the unending travel, the Herculean struggle to realize the dream for the love of bike racing. With sharp humor and insight, Smith uncovers what's wrong and what's right with America's broken bike racing system. *American Pro* will transform how you think of domestic pro racing through a five-season exposé of the sport we love.

Hearts of Lions Peter Joffre Nye, 2020-05-01 Bike racers were America's media darlings less than a century ago—dashing, eccentric, and very rich daredevils. Until the 1920s bike races drew larger crowds than all other American sports events, including Major League Baseball games. Prize-winning racer and journalist Peter Joffre Nye vividly re-creates this period of sports history, forgotten until now, in *Hearts of Lions*, a true story of courage, daring, and occasional lunacy. Revised, updated, and expanded, this second edition of *Hearts of Lions* is based on interviews with more than one thousand cyclists

whose racing careers span from 1908 through the 2016 Rio Olympics, along with interviews with trainers and family members. Included are stories about Joseph Magnani, the lone American from southern Illinois who rode on the dusty roads of Europe in road racing's golden era of the 1930s and 1940s; Lance Armstrong, whose rise in the mid-1990s was eclipsed in the doping era that still casts a long shadow over the sport; Kristin Armstrong, a three-time Olympic gold medalist who set new standards for women in cycling; and Evelyn "Evie" Stevens, who chucked a Wall Street career in her mid-twenties to compete in two Olympics and win several world championship gold medals. *Hearts of Lions* is a colorful, exciting, classic work on the art of bicycle racing over 140 years against a backdrop of social, political, and technical changes.

**Sport Bike Racing** Lee-Anne Trimble Spalding, 2013-03-01 Describes sport bike races. Provides information about the history of the sport, characteristics of the bikes, important events, and famous riders.
