Birthday Reminder Notebook birthday Reminder publishing,2021-12-06 When we remember the birthdays of someone, we become more special to them. They will feel that we care about them. What would we feel if someone come and says Hey, what is your plan next week? It's your birthday anniversary, isn't it? We feel surprised and happy about it, right?. If that is the case, will it be great if we can memorize the dates of births of people close to us, our friends and our family members, for example? However, most of us also have a problem memorizing things. So, we will solve the problem by writing the dates down into a simple notebook. Well, it could be an efficient solution. But will it be better if our notebook is more organized? If the notebook we use is organized by month and date orderly, it will be easy to record information and easy to find such info in the future. Many times, we will also need to check about next month's birthdays in advance, so we will not miss a birthday of anybody. It is easy when we have a more organized notebook. size 6*9 mage 120 cover matte

Pro Android 2 Sayed Hashimi,Satya Komatineni,Dave MacLean,2010-08-04 Pro Android 2 shows how to build real-world and fun mobile applications using Google's latest Android software development kit. This new edition is updated for Android 2, covering everything from the fundamentals of building applications for embedded devices to advanced concepts such as custom 3D components, OpenGL, and touchscreens including gestures. While other Android development guides simply discuss topics, Pro Android 2 offers the combination of expert insight and real sample applications that work. Discover the design and architecture of the Android SDK through practical examples, and how to build mobile applications using the Android SDK. Explore and use the Android APIs, including those for media and Wi-Fi. Learn about Android 2's integrated local and web search, handwriting gesture UI, Google Translate, and text-to-speech features. Pro Android 2 dives deep, providing you with all the knowledge and techniques you need to build mobile applications ranging from games to Google apps, including add-ons to Google Docs. You'll be able to extend and run the new Google Chrome APIs on the G1, the G2, and other next-generation Google phones and Android-enabled devices.

Getting Away Jon Staff,2020-06-09 From the founder of Getaway, a guide to unplugging and reconnecting with what really matters on a daily basis Rather than running yourself into the ground and waiting until your next vacation to recharge, Getting Away invites you to make space in your everyday routine for self-care and deeper connection with others. With 75 easy-to-implement practices, this book helps you to slow down despite the frenetic pace of the world around you by: • Creating a morning routine that doesn't involve checking work e-mails • Surprising someone in your life with a small gift, just because • Spending at least 30 minutes outside daily • Striking up a conversation with a stranger Getting Away doesn't require you to discard your smartphone or majorly overhaul your life. Rather, it's about making simple changes in your day-to-day routine to strike the right balance between passion for your career and guilt-free relaxation, staying up-to-date on the latest headlines without losing sight of the people right in front of you, or appreciating nature in the middle of a bustling city. By helping you get the balance right, this book shows you how to thrive in what can be an overwhelming world.

Learn Android Studio Clifton Craig,Adam Gerber,2015-05-15 Learn Android Studio covers Android Studio and its rich tools ecosystem, including Git and Gradle: this book covers how Android Studio works seamlessly with Git, for source control, and Gradle, a build and test tool. In addition, this book demonstrates how to develop/collaborate with remote Git web-hosting services such as GitHub and Bitbucket. Four complete Android projects accompany this volume and are available for download from a public Git repository. With this book, you learn the latest and most productive tools in the Android tools ecosystem, and the best practices for Android app development. You will be able to take away the labs' code as templates or frameworks to re-use and customize for your own similar apps. Android Studio is an intuitive, feature-rich, and extremely forgiving Integrated Development Environment (IDE). This IDE is more productive and easier to use for your Android app creations than Eclipse. With this book you will quickly master Android Studio and maximize your Android development time. Source code on the remote web-hosting service is targeted to the latest Android Studio release, version 1.2.
