Rural Youth at the Crossroads Kai. A Schafft, Sanja Stanić, Renata Horvatek, Annie Maselli, 2020-12-30 Featuring chapters by an international group of scholars and academics, *Rural Youth at the Crossroads* discusses the challenges and contexts facing youth from rural communities in countries with legacies of socialism undergoing social, political, and economic transition. The chapters employ a variety of sources and approaches to examine rural youth outcomes, and the well-being and sustainability of rural areas. The book focuses particularly on career and educational goals, the often contradictory relations between rural schools and communities, majority-minoritized group relations, community engagement, and political attitudes. Individual chapters examine these questions and dynamics within Croatia, Czechia, Hungary, Romania, Russia, Serbia, and Vietnam. In total the volume represents a unique and timely comparative discussion of the relationship between youth and rural development within transitional societies, and the challenges and opportunities for enhancing the well-being and sustainability of rural communities. Aimed at informing strategies to revitalize rural social space, this book is targeted towards social scientists with interest in sociology and rural sociology, demography, education, youth development, community/regional development, rurality, public policy, and identity formation in transitional contexts. As such, this book will have international appeal to researchers, educators, and policymakers in transitional countries, and to those interested in these topics, regions, and communities.

Jersey Folklore & Superstitions Volume Two G. J. C. Bois, 2010-06-04 Published in two volumes, the purpose of Jersey Folklore & Superstitions is three-fold: To bring all the previously published and any non-published material on Jersey folktales and superstitions together in one publication, to expand on the detail of this material and to place it in context by comparing it with similar or more complete traditions from the Gulf of St. Malo as a whole (Guernsey, Normandy and Brittany) and to consider its functions and origins. To this end they are further compared with traditions from Europe generally, with some examples from further afield and with mythologies worldwide. For Jersey readers this work will give an overview of their oral tradition, its significance and how it relates to the body of such traditions within Europe as a whole. For general readers the use of the Islands traditions as a template for those elsewhere, the process of comparison with those from other regions and the attempt to outline the broad range of sources from which they are drawn, may give an insight into particular areas of folk tradition generally, such as fairy-lore, indigenous sorcery (witchcraft), domestic superstition and the roles and origins of spectral animals and other beings. For this purpose, most chapters are broadly divided into four main sections. The Jersey material is presented first, followed by that from Guernsey, Normandy and Brittany, followed by an analysis using examples from further afield and from mythology. Each chapter concludes with a review and summary of this material. Liberal quotations of related ditons or sayings in Jèrriais (the Jersey Language) are included with each chapter. The author has four previous publications; Jersey Superstitions in Etching & Poetry (hardcover 1981), An Introduction to Channel Islands Pewter (softcover 1993), Jersey Maritime Folklore (M/S format, 1996) and Sunbonnets in the Channel Islands & worldwide (CD-R 2005).
