*Networks in Transport and Communications* Cristina Capineri,Piet Rietveld,2018-08-20 First published in 1997, this book contains contributions on policy aspects of networks from a multidisciplinary perspective, including economics, geography and transport science. Both material and immaterial networks are examined. Policy aspects refer mainly to interventions of the public sector in networks. In addition, the book examines the policies of other actors in shaping networks and the territorial effects of networks as a whole.

**Managing School Absenteeism at Multiple Tiers** Christopher A. Kearney,2016-04-28 School absenteeism is a pervasive and difficult problem faced by mental health and school-based professionals. Even in mild forms, school absenteeism has been shown to be a significant risk factor for social, behavioral, and academic problems in middle childhood and adolescence, as well as psychiatric, economic, and occupational difficulties in adulthood. Problematic absenteeism has been examined for decades by professionals of many different disciplines, leading to a considerably fractured literature. *Managing School Absenteeism at Multiple Tiers* provides an integrative strategy for preventing, assessing, and addressing cases of youth with school absenteeism at multiple levels of severity and complexity. Dr. Christopher Kearney presents a multi-tiered framework based on prevention (Tier 1), early intervention for emerging cases (Tier 2), and more extensive intervention and systemic strategies for severe cases (Tier 3). Each tier is based on empirically supported strategies from the literature, and emphasis is placed on specific, implementable recommendations. This approach is based on a Response to Intervention model that has emerged as a powerful guide to prevention, assessment, and treatment of social and academic problems in schools. Response to Intervention is based upon tenets that parallel developments in the school absenteeism literature: (1) a proactive focus on early identification of learning and behavior problems and immediate, effective intervention, (2) universal, targeted, and intensive interventions, (3) frequent progress monitoring, (4) functional behavioral assessment, (5) empirically supported treatment procedures and protocols to reduce obstacles to academic achievement (including absenteeism), and (6) a team-based approach for implementation. This user-friendly, practical guide will be useful to mental health professionals, school administrators, guidance counselors, social workers and psychologists, as well as others who address kids with problematic absenteeism such as pediatricians and probation officers.

Handbook of Student Engagement Interventions Jennifer A. Fredricks,Amy L. Reschly,Sandra L. Christenson,2019-05-04 *Handbook of Student Engagement Interventions: Working with Disengaged Students* provides an understanding of the factors that contribute to student disengagement, methods for identifying students at risk, and intervention strategies to increase student engagement. With a focus on translating research into best practice, the book pulls together the current research on engagement in schools and empowers readers to craft and implement interventions. Users will find reviews on evidence-based academic, behavioral, social, mental health, and community-based interventions that will help increase all types of engagement. The book looks at ways of reducing suspensions through alternative disciplinary practices, the role resiliency can play in student engagement, strategies for community and school collaborations in addressing barriers to engagement, and what can be learned from students who struggled in school, but succeeded later in life. It is a hands-on resource for educators, school psychologists, researchers, and students looking to gain insight into the research on this topic and the strategies that can be deployed to promote student engagement. Presents practical strategies for engagement intervention and assessment Covers early warning signs of disengagement and how to use these signs to promote engagement Reviews contextual factors (families, peers, teachers) related to engagement Focuses on increasing engagement and school completion for all students Emphasizes multidimensional approaches to disengagement

School Attendance and Problematic School Absenteeism in Youth Christopher Kearney,Carolina González,David Heyne,2021-01-04

**The Nerdist Way** Chris Hardwick,2011-11-01 Nerd superstar Chris Hardwick offers his fellow creative obsessives crucial information needed to come out on top in the current Nerd uprising. As a lifelong member of The Nerd Herd, as he calls it, Chris Hardwick has learned all there is to know about Nerds. Developing a system, blog, and podcasts, Hardwick shares hard-earned wisdom about turning seeming weakness into world-dominating strengths in the hilarious self-help book, *The Nerdist Way*. From keeping their heart rate below hummingbird levels to managing the avalanche of sadness that is their in-boxes; from becoming evil geniuses to attracting wealth by turning down work, Hardwick reveals the secrets that can help readers achieve their goals by tapping into their true nerdtastic selves. Here Nerds will learn how to: Become their own time cop Tell panic attacks to go suck it Use incremental fitness to ward off predators A Nerd's brain is a laser-it's time they learn to point and fire!

**Transnational Party Alliances** Karl Magnus Johansson,1997 Examining the processes of transnational alliance-building among political parties in the European Union, this study aims to contribute to the understanding and growth of knowledge of transnational party alliances and thereby expanding the field of party research. The author selects the case of the hard-won alliance between the Conservatives and Christian democrats in the European Parliament entered into by the British and Danish Conservatives in May 1992 and renewed after the 1994 elections.

**The Oxford Handbook of Critical Management Studies** Mats Alvesson,Todd Bridgman,Hugh Willmott,2009-06-18 Critical Management Studies (CMS) has emerged as a movement that questions the authority and relevance of mainstream thinking and practice. Critical of established social practices and institutional arrangements, it challenges prevailing systems of domination and promotes the development of alternatives to them. CMS draws upon diverse critical traditions. Of particular importance for its initial articulation was the thinking of members of the Frankfurt School of Critical Theory. From these foundations, CMS has grown into a pluralistic and inclusive movement incorporating a diverse range of perspectives - ranging from labour process theory to radical feminism. In recent times, a set of ideas broadly labelled 'poststructuralist' have been developed to complement and challenge the insights of Critical Theory, giving new impetus for scholars seeking to challenge the status quo and articulate a more inclusive and humane future for management practice. The Oxford Handbook of Critical Management Studies provides an overview of theoretical approaches, key topics, issues, and subject specialisms in management studies, as well as a set of reflections on the progress and prospects of CMS. Contributors are all specialists in the respective fields and share a concern to interrogate and challenge received wisdom about management theory and practice. Given the rapid growth of the CMS movement, its ever increasing theoretical and geographical diversity and its outreach into the public sphere, The Oxford Handbook of Critical Management Studies is a timely publication. In addition to UK contributors, where CMS has developed most rapidly, there is strong representation from North American contributors as well as from areas where CMS has taken hold more recently, such as Australasia.

**Superfans** Pat Flynn,2019-08-13 Want to create a brand that will stand the test of time? Want to build a business that will last, one made to withstand the onslaught of competition, the whims of algorithmic changes, and the unscrupulous efforts of trolls and hackers? The key isn't the best technology, the diverse revenue stream, or the biggest marketing budget. The key is people. If you want to build a business and brand that can't be foiled, you need to cultivate aficionados who will sing your praises, have your back when things get tough, and buy everything you create. You need superfans--Dust jacket flap

**The Dynamics of Innovation in Eastern Europe** Per Högseius,2005-01-01 Providing a unique empirical analysis of how systems of innovation undergo far-reaching transformation and change, this book will be of interest to economists and scholars involved in issues relating to innovation, technology, economic development and East-West integration. Policymakers in the EU and in Central and East European countries and practitioners involved in innovation-related activities will also find it of great appeal.

**The Handbook of Family-school Intervention** Cindy I. Carlson,1992

*School Refusal Behavior in Youth* Christopher A. Kearney,2001-01-01 Annotation Kearney, a clinical child psychologist at the U. of Nevada, Las Vegas, has written his book mainly with the school psychologist in mind. The problem of school refusal is put into a context in initial chapters which give an overview of the historical literature on school refusal behavior and describe the characteristics of these youth, while also critiquing the classification strategies employed. After introducing a functional model, Kearney summarizes treatment strategies and discusses methods for prevention as well as the reality of extreme cases. Annotation c. **Wastewater Treatment Reactors** Maulin P Shah,Susana Rodriguez-Couto,2021-05-12 Wastewater Treatment Reactors: Microbial Community Structure analyzes microbial community structure in relation to changes in physico-chemical parameters, the gene content (metagenome) or gene expression (metatranscriptome) of microbial communities in relation to changes in physico-chemical parameters, physiological aspects of microbial communities, enrichment cultures or pure cultures of key species in relation to changes in physico-chemical parameters, and modeling of potential consequences of changes in microbial community structure or function for higher trophic levels in a given habitat. As several studies have been carried out to understand bulking phenomena and the importance of environmental factors on sludge settling characteristics, which are thought to be strongly influenced by flocculation, sludge bulking, foaming and rising, this book is an ideal resource on the topics covered. Presents the state-of-the-art techniques and applications of omics tools in wastewater treatment reactors (WWTRs) Describes both theoretical and practical knowledge surrounding the fundamental roles of microorganisms in WWTRs Points out the reuse of treated wastewater through emerging technologies Covers the economics of wastewater treatment and the development of suitable alternatives in terms of performance and cost effectiveness Discusses cutting-edge molecular biological tools Gives in-depth knowledge to study microbial community structure and function in wastewater treatment reactors

**The Lightning Flash** Vernon Cooray,2003 This unique book provides the reader with a thorough background in almost every aspect of lightning and its impact on electrical and electronic equipment. The contents range from basic discharge processes in air through transient electromagnetic field generation and interaction with overhead lines and underground cables, to lightning protection and testing techniques. This book is of value to anyone designing, installing or commissioning equipment which needs to be secured against lightning strikes, as well as being a sound introduction to research students working in the field.

*Promoting Positive Parenting* Femmie Juffer,Marian J. Bakermans-Kranenburg,Marinus H. Van IJzendoorn,2023-06-22 The Classic Edition of Promoting Positive Parenting illuminates the widespread success of the Video-feedback Intervention to promote Positive Parenting and Sensitive Discipline (VIPP-SD), now used in many countries, offering thousands of families the support they need to thrive. A new preface from the authors reflects on the original research and development of the program, considers its effectiveness, and outlines future aims to broaden implementation and test new modalities. The original volume offers a new generation of students and professionals an introduction to the brief and focused parenting intervention program that has been successful in a variety of clinical and nonclinical groups and cultures. It offers detailed descriptions and case reports of studies with the program, describes the implementation and testing of VIPP-based interventions in a variety of family and childcare settings, and in various countries including the Netherlands, Italy, the United Kingdom, and the United States. It details the successful implementation of the program in samples of insecure mothers, mothers with eating disorders, preterm infants, adopted children, children suffering from dermatitis, and children with early externalizing behavior problems. The Classic Edition of Promoting Positive Parenting is for all those concerned with family support and parenting interventions in the fields of developmental and clinical psychology, human development and family studies, psychiatry, social work, public health and nursing, and early childhood education.

**Fundamentals of Mobile Data Networks** Guowang Miao,Jens Zander,Ki Won Sung,Slimane Ben Slimane,2016-03-03 This unique text provides a comprehensive and systematic introduction to the theory and practice of mobile data networks. Covering basic design principles as well as analytical tools for network performance evaluation, and with a focus on system-level resource management, you will learn how state-of-the-art network design can enable you flexibly and efficiently to manage and trade-off various resources such as spectrum, energy, and infrastructure investments. Topics covered range from traditional elements such as medium access, cell deployment, capacity, handover, and interference management, to more recent cutting-edge topics such as heterogeneous networks, energy and cost-efficient network design, and a detailed introduction to LTE (4G). Numerous worked examples and exercises illustrate the key theoretical concepts and help you put your knowledge into practice, making this an essential resource whether you are a student, researcher, or practicing engineer.
