Brain and Behavior David Eagleman,Jonathan Downar,2023-03-26 Brain and Behavior: A Cognitive Neuroscience Perspective captures the excitement of cognitive and behavioral neuroscience by focusing on fundamental scientific principles, patterns, and ways of thinking. Brain and Behavior is clear and vibrant writing, with fascinating real-life examples and applications that help to emphasize the dynamically changing nature of the brain. This text covers a wide territory critical for understanding the brain, from the basics of the nervous system to the sensory and motor systems, sleep, language, memory, emotions and motivation, social cognition, and brain disorders. Throughout the narrative, the authors emphasize the dynamically changing nature of the brain, through the mechanisms of neuroplasticity. The text pulls together the best current knowledge about the brain while acknowledging current areas of ignorance and pointing students toward the most promising directions for future research.

Life from Scratch Sasha Martin,2016-03 It was a culinary journey like no other: Over the course of 195 weeks, food writer and blogger Sasha Martin set out to cook--and eat--a meal from every country in the world. As cooking unlocked the memories of her rough-and-tumble childhood and the loss and heartbreak that came with it, Martin became more determined than ever to find peace and elevate her life through the prism of food and world cultures. From the tiny, makeshift kitchen of her eccentric, creative mother, to a string of foster homes, to the house from which she launches her own cooking adventure, Marin's heartfelt, brutally honest memoir reveals the power of cooking to bond, to empower, and to heal--and celebrates the simple truth that happiness is created from within--

Peace of Soul Fulton John Sheen,1996 Bishop Sheen asks readers to stop blaming their subconscious for their ills and examine instead their conscience, to turn away from the psychoanalyst and turn to God. He shows readers that peace of soul cannot come from humankind, but must come through Divine help.
