Bridge of Gold (FREE PREVIEW) Kimberley Woodhouse,2021-12-01 Repairs on the Golden Gate Bridge Uncover a Century-Old Murder Walk through Doors to the Past via a new series of historical stories of romance and adventure. Underwater archaeologist Kayla Richardson is called to the Golden Gate Bridge where repairs to one of the towers uncovers two human remains from the late 1800s and the 1930s. The head of the bridge restoration is Steven Michaels, who dives with Kayla, and a friendship develops between them. But as the investigation heats up and gold is found that dates back to the gold rush, more complications come into play that threaten them both. Could clues leading to a Gold Rush era mystery that was first discovered during the building of the bridge still ignite an obsession worth killing for? The Bridge Daniel Orozco,2011-09-06 A young bridge painter is awakened from the hum of daily routine by a face-to-face

encounter with a woman in free fall. The Bridge is a story from Daniel Orozco's critically acclaimed collection Orientation, which leads the reader through the hidden lives and moral philosophies of bridge painters, men housebound by obesity, office temps, and warehouse workers. He reveals the secret pleasures of late-night supermarket trips for cookie binges, exceptional data entry, and an exiled dictator's occasional piss on the U.S. embassy. A love affair blooms between two officers in the impartially worded pages of a police blotter; a new employee's first-day office tour includes descriptions of other workers' most private thoughts and actions; during an earthquake, the consciousness of the entire state of California shakes free for examination. Orientation introduces a writer at the height of his powers, whose work surely invites us to reassess the landscape of American fiction.
