Mommy's Briefcase Alice Low,2002 Rhymed text describes a hardworking feline mother's busy day while exploring the contents of the briefcase she carries to and from the office.

The Briefcase Heath A. Dawson,2010-08 Preston O'Neil, a twenty-eight-year-old public relations associate, isn't satisfied with his life, despite making close to six figures. He despises his job at Stenson & Rhodes and often dreams of working at a golfing paradise in the Carolinas. He is in the wrong place at the wrong time when a group steals a briefcase and a book that contains secret codes and kidnaps him along with them. The valuable briefcase and book are the property of a trio of evil men, who will continue the search for their treasures no matter how many lives are destroyed. They want their possessions back, and will summon assassins to finish the job if necessary. During the roller coaster ride of his abduction, Preston is taken to a mysterious abandoned warehouse. He discovers that he has friends who are fighting for his freedom among those more concerned with finding the briefcase and book. Startling truths about his family and a massive cover-up link the old tattered briefcase and secret-coded book to an evil triumvirate, and Preston learns he may be far more involved than he originally believed. Although an innocent discovery turns Preston into a hostage, he soon realizes this event may turn him into a happy man, as his lifelong dreams may finally come true.

The Briefcase Bob N. Maki,2000-10-13 The setting is Boston, Massachusetts and its environs during the late 1950's. The story concerns the interrupted lives of two young friends, Bobby and Carlos, who were studying engineering at Northeastern University. Carlos has just been informed that he will be terminated by the University because of his failure to pass several of the mandatory English courses in the curriculum during the past few years. He is a Cuban national and his visa is contingent upon staying at the University. On the same day, Carlos receives a letter from his father, a prominent doctor and friend of President Fulgencio Batista. He is told that Fidel Castro and his forces are fast approaching Havana, and he has made the decision to immediately leave the island with Carlos's mother and sister. Under these circumstances Carlos can no longer return to his homeland without facing possible imprisonment or death. In an effort to console Carlos, Bobby agrees to go with him to one of his favorite Boston haunts, the Latino Club, where Carlos has friends. Unfortunately, they innocently find themselves in the middle of a brutal murder that has taken place in the men's room of the club and in self defense, they suddenly become killers themselves. During the course of their escape from the men's room, Bobby notices a briefcase apparently left by one of the individuals who had been murdered. He impulsively grabs it while running out and successfully stashes it in one of Boston's well known parking garages. The briefcase, however, was securely locked, and in his haste, he never has the opportunity to determine what it contains. Carlos and Bobby are apprehended very quickly that same evening and unjustly sentenced to ten year prison terms at Concord Reformatory. The story also involves the life and experiences of Bobby's brother Alan who was a successful golf tour professional until an accident curtails his promising career. We follow his tender relationship with Judy, his childhood sweetheart who accompanied him on tour until she can no longer stand the mental anguish of watching a man destroy himself because he can no longer compete. After years of ambivalence we see how these two brothers come together to help each other. While in prison, an unscrupulous prison guard with a bent on shaking down his charges, researches the court transcripts of the case involving Bobby and Carlos. He surmises that a good deal of money should have been found at the crime scene, but never was. He begins to intimidate them in prison and eventually follows Bobby upon his release, thinking that he will head straight for the money. Bobby meets a very trusting young woman upon his release from prison who he confides in and falls in love with. Eventually he discovers a discreet way to get back to the briefcase in Boston by hiding in the trunk of Alan's car and having him park on the same floor of the parking garage where he had hidden the briefcase. His plan is successfully accomplished when he discovers that the briefcase is still where he had hidden it ten years earlier. However, shortly after re-entering Alan's car trunk with the briefcase, Alan's car is stolen from the garage and he finds himself on a hair raising ride to Providence. Ultimately he survives the experience, discovers that the briefcase contains a small fortune and some secret Soviet documents describing a biological warfare facility in

They had human bodies, long noses, and wings. They were tengu, creatures that appear in Japanese folktales. The tengu attach themselves to Tsukiko and begin to follow her everywhere.
