Volcanic Wines John Szabo,2016-10-16 Winner in Drink category - André Simon Food and Drink Book Awards 2016
Volcanic Wines takes a novel approach to the world of wine, using volcanic soil as the overarching theme and link between a wide range of grapes and wine regions. Wine professionals are already deeply attuned to the impact of terroir and soil type on wine characteristics and quality. While consumers tend to rely on grape variety as their main purchasing cue, as the market broadens and general knowledge of wine expands, terroir now figures more prominently in their thinking. It's more widely acknowledged and understood today that even small variations in soil type can result in dramatically different wines, and that the same soil type can yield a distinctive imprint regardless of grape variety or production region. John Szabo introduces geology, volcanism and the correlation between soil type and wine composition, with the right balance of science, personal history and commercial considerations. A wide and breathtaking range of photographs highlight how stunning volcanic wine regions are; together with maps and wine labels, the reader is taken on a visual tour of these remote corners of the globe. Volcanic Wines is a well-researched resource on the history, unique characteristics, wine styles and most celebrated producers in each volcanic region. Personal and anecdotal information helps to humanize the journey, with experiences and discoveries shared in eloquent but accessible, playful prose.

New York Eats (More) Ed Levine,1997-10-15 From Barney Greengrass the Sturgeon King to the magical world of Balducci's, this long-awaited, comprehensive guide is a must-have for everyone in New York who eats. It includes detailed coverage of all five boroughs, a new section on the Hamptons, a complete directory of ethnic markets, Ed's restaurant picks and more. 65 photos.

Tipples □ Book One Andrew Willett,2020-03-19 The Elemental Mixology Tipples books contain a multitude of classic, popular, rare and custom drinks. Book one covers Thoroughbreds, Grogs and Slings (including true cocktails). By returning to the tradition of understanding drinks by types, these are the only current books that let the reader look up drinks even if not knowing their name - or even knowing for sure whether they already exist. All are prepared, according to the principles of traditional, American mixology. Recommended liquor, glassware and tools required for making each type of drink is indicated throughout the book. There are also sections the history of the types of, and often specific, drinks. Both book one and book two are needed.

Wines and Wineries of California's Central Coast William A. Ausmus,2008-06-30 In comparative tastings, wines from California's Central Coast rival those from such renowned regions as Bordeaux, Burgundy, and Napa, yet they also offer superb value. This is the first comprehensive guide to one of the world's most dynamic and beautiful wine regions-and the setting for the award-winning movie Sideways. An excellent, one-stop resource for touring and tasting at convenient wineries located from Monterey to Santa Barbara, the guide is organized into county-by-county alphabetical listings for this up-and-coming region. Wines and Wineries of California's Central Coast includes: * Profiles of nearly 300 wineries personally visited by the author * Profiles of individual vintners * 5 maps * Winery ratings, plus author and winemaker recommendations * Visitors' and contact information for each winery * Discussions of regional wine history and terroir * Descriptions of designated American Viticultural Areas and grape varieties

Gallo Be Thy Name Jerome Tuccille,2010-05 First published in 2009, this book has already received several awards. Tuccille reveals how the Gallos, a secretive family with political and organized crime connections, rose from near poverty after Prohibition to conquer the multibillion-dollar U.S. wine market.
