**A Cultural History of the Bushranger Legend in Theatres and Cinemas, 1828-2017**

Andrew James Couzens, 2019-01-31 'Outlaw Nation' is a multidisciplinary investigation into the history of cultural representations of the bushranger legend on the stage and screen, charting that history from its origins in colonial theatre works performed while bushrangers still roamed Australia's bush to contemporary Australian cinema. It considers the influences of industrial, political and social disruptions on these representations as well as their contributions to those disruptions. The cultural history recounted in 'Outlaw Nation' provides not only an insight into the role of popular narrative representations of bushrangers in the development and reflection of Australian character, but also a detailed case study of the specific mechanisms at work in the symbiosis between a nation's values and its creative production.

**American Gun** Cameron McWhirter, Zusha Elinson, 2023-09-26 "A magisterial work of narrative history and original reportage . . . You can feel the tension building one cold, catastrophic fact at a time . . . A virtually unprecedented achievement." —Mike Spies, The New York Times Book Review (Editors' Choice) A Washington Post top 50 nonfiction book of 2023 | Short-listed for the Zócalo Book Prize One of The New York Times' 33 nonfiction books to read this fall | One of Esquire's best books of fall | A Kirkus Reviews best nonfiction book of 2023 Named a most anticipated book of the

fall by The Washington Post, Los Angeles Times, and Bloomberg American Gun: The True Story of the AR-15 presents the epic history of America's most controversial weapon. In the 1950s, an obsessive firearms designer named Eugene Stoner invented the AR-15 rifle in a California garage. High-minded and patriotic, Stoner sought to devise a lightweight, easy-to-use weapon that could replace the M1s touted by soldiers in World War II. What he did create was a lethal handheld icon of the American century. In American Gun, the veteran Wall Street Journal reporters Cameron McWhirter and Zusha Elinson track the AR-15 from inception to ubiquity. How did the same gun represent the essence of freedom to millions of Americans and the essence of evil to millions more? To answer this question, McWhirter and Elinson follow Stoner—the American Kalashnikov—as he struggled mightily to win support for his invention, which under the name M16 would become standard equipment in Vietnam. Shunned by gun owners at first, the rifle's popularity would take off thanks to a renegade band of small-time gun makers. And in the 2000s, it would become the weapon of choice for mass shooters, prompting widespread calls for proscription even as the gun industry embraced it as a financial savior. Writing with fairness and compassion, McWhirter and Elinson explore America's gun culture, revealing the deep appeal of the AR-15, the awful havoc it wreaks, and the politics of reducing its toll. The result is a moral history of contemporary America's love affair with technology, freedom, and weaponry. Includes 8 pages of black-and-white images.

**The Assassination of George W. Bush: A Love Story** Krandall Kraus, 2007

George, Dub-Ya Bush the Phony Fighter Pilot Hugh E. Scott, 2004-09-08 In Phony Fighter Pilot, Hugh E. Scott, Vietnam veteran. ex-USAF pilot and registered Republican, tells how he found a White House biography on the Internet that inflated President Bush's National Guard jet experience

by nearly four years. Because the bio looked like GOP campaign material meant to deceive voters in 2000, Scott tipped the Boston Globe and it ran the story the next day on 02/28/04. Also, using newspaper archives, authorized Bush family bios and official USAF records, Scott shows that George W. is an incompetent Commander in Chief who only got the job because of his famous family name.

A wily varmint called Buckskin Jack Blair has crowned himself marshal. And murderous vigilantes and bounty hunters are crawling out of the woodwork. The Big Shoot Out Mike Looney, 2019-09-03 On December 6, 1969, in Fayetteville, Arkansas, number one ranked Texas and number two ranked Arkansas met in the game of the century, in celebration of the 100th year of college football. It was the first championship game arranged for television and the last championship game played with all white participants. With Secret Service men overlooking his 35-yard line seat, President Nixon was there, bringing along Henry Kissinger and George Bush for company. Civil rights and war protesters were there. God was even there, sending Billy Graham to deliver the pre-game invocation. Fifty million people watched on TV, including LBJ. Bill Clinton listened on shortwave from England. Mike Looney captured the unique personalities and stories of the players, coaches, and dignitaries during his travels when shooting the critically acclaimed documentary, *The Big Shootout: The Life and Times of 1969*. This book is *The Untold Story of the Most Famous College Football Game Ever Played*. The DVD is included along

with special bonus footage never seen. Coaching legend Frank Broyles' granted Mike and his film crew the only interview he ever gave on The Big Shootout. As they were wrapping up Broyles asked Mike, Do you want to know the real reason Arkansas University left the Southwest Conference?

**Bush War Operator** Andrew Balaam, 2014-11-19 From the searing heat of the Zambezi Valley to the freezing cold of the Chimanimani Mountains in Rhodesia, from the bars in Port St Johns in the Transkei to the Drakensberg Mountains in South Africa, this is the story of one man's fight against terror, and his conscience. Anyone living in Rhodesia during the 1960s and 1970s would have had a father, husband, brother or son called up in the defense of the war-torn, landlocked little country. A few of these brave men would have been members of the elite and secretive unit that struck terror into the hearts of the ZANLA and ZIPRA guerrillas infiltrating the country at that time - the Selous Scouts. These men were highly trained and disciplined, with skills to rival the SAS, Navy Seals and the US Marines, although their dress and appearance were wildly unconventional: civilian clothing with blackened, hairy faces to resemble the very people they were fighting against. Twice decorated - with the Member of the Legion of Merit (MLM) and the Military Forces' Commendation (MFC) - Andrew Balaam was a member of the Rhodesian Light Infantry and later the Selous Scouts, for a period spanning twelve years. This is his honest and insightful account of his time as a pseudo operator. His story is brutally truthful, frightening, sometimes humorous and often sad. In later years, after Rhodesia became Zimbabwe, he was involved with a number of other former Selous Scouts in the attempted coups in the Ciskei, a South African homeland, and Lesotho, an independent nation, whose only crimes were supporting the African National Congress. Training terrorists, or as they preferred to be called, 'liberation armies', to conduct a war of terror on innocent civilians, was the very thing he had spent the last ten years in Rhodesia fighting against. This is the true, untold

story of these failed attempts at governmental overthrows.

*Mass Shootings in America* Duchess Harris, Jennifer Simms, 2018-12-15 Mass Shootings in America looks at the history of mass shootings, from the 1966 mass shooting at the University of Texas, Austin, to the 2018 MSD High School shooting. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

**The Last Gunfight** Jeff Guinn, 2011-05-17 This myth-busting account of the most famous gunfight in American history reveals the truth about Wyatt Earp, Doc Holliday, and the shootout itself. On the afternoon of October 26, 1881, in a vacant lot in Tombstone, Arizona, a confrontation between eight armed men erupted in a deadly shootout. The Gunfight at the O.K. Corral would shape how future generations came to view the Old West. Wyatt Earp, Doc Holliday, and the Clantons became the stuff of legends, symbolic of a frontier populated by good guys in white hats and villains in black ones. It's a colorful story—but the truth is even better. In *The Last Gunfight*, historian Jeff Guinn draws on archival research as well as new material from private collections, including diaries, letters, and Wyatt Earp's own hand-drawn sketch of the shootout's conclusion. Digging beneath popular lore, Guinn delivers a startlingly different and far more fascinating picture of what actually happened that day in Tombstone—and why. "The most thorough account of the gunfight and its circumstances ever published." —The Wall Street Journal

**Shootout at Sioux Wells** Cliff Farrell, 2005 The herd trails 1,000 miles from Texas and survives parched-dry land and forded dangerous rivers. They come through storm and lightning. Two men die

in the mission. But nothing prepares them for the wild stampede when the cattle refuse to cross the strange new tracks and the engineer cut loose his whistle.

**Shoot-out in Cleveland: Black Militants and the Police** Louis H. Masotti, Jerome R. Corsi, United States. National Commission on the Causes and Prevention of Violence, 1969 On the evening of July 23, 1968, shots rang out on a narrow street in Cleveland's racially troubled East Side. Within minutes, a full-scale gun battle was raging between Cleveland police and black snipers. ... For the next 5 days, violence flared in Glenville and other East Side neighborhoods.--Page xiii.

**Shoot-out at Dawn** Tom Power, John Whitlatch, 1981

The Hall Street Shoot-Out Captain E.R. Walt, 2010-11-12 On a pleasant Monday evening in September of 1969, twenty-six year-old Johnny Lee Thomas excused himself from his family's dinner table, picked up a pump shotgun and announced that he was going hunting alone. Seconds later he stepped out of his house and shot sixteen-year-old Aljewel Wesley in the face as she sat on her own front porch listening to records with her boyfriend and grandmother. That was but the first shot in what would shortly become the biggest gunbattle in the 130 year history of the Dallas Police Department. Johnny Thomas continued to shoot at neighbors, friends, family members and passing motorists until the police arrived, at which point he ambushed and shot the first three officers on the scene. He then retreated to his house and held off an assault by a hundred or more determined police officers in a furious firefight that lasted more than an hour and involved hundreds if not thousands of rounds fired. Before the incident ended, ten persons would be shot, including four police officers and a TV cameraman; two would be killed, including the shooter himself. Authored by a participant and based upon official police documents, original newspaper articles and personal interviews with forty six of the hundred or so officers present, the book details the gunbattle from

the first shot to the final barrage of gunfire that ended the shooter's life and brought it to a close. It includes a listing of sixty-seven Dallas officers known to have been combatants or otherwise involved in the incident and details their location and participation as far as it is known. Also included is an analysis of the factors that contributed to the spectacular nature of the incident from departmental policies, procedures, equipment and tactics to the culture and tenor of the times. Chapters are also dedicated to the firearms used in the battle and an analysis of exactly who, among the many officers involved, was responsible for putting an end to Thomas's rampages something that was never addressed in the original investigation. The concluding chapters cover the aftermath of the gunbattle from the neighborhood riots and arson fires to the truncated investigation and include a brief history of the Dallas Police Department's Tactical Division and the fundamental changes in the operation of that unit that were brought about by the affair on Hall Street. The book closes with an epilogue bringing the reader up to date on the major players in the drama.
