📖 **A WORLD UNDONE** G. J. Meyer, 2007-05-29 NEW YORK TIMES BESTSELLER • Drawing on exhaustive research, this intimate account details how World War I reduced Europe's mightiest empires to rubble, killed twenty million people, and cracked the foundations of our modern world "Thundering, magnificent . . . [A World Undone] is a book of true greatness that prompts moments of sheer joy and pleasure. . . It will earn generations of admirers."—The Washington Times On a summer day in 1914, a nineteen-year-old Serbian nationalist gunned down Archduke Franz Ferdinand in Sarajevo. While the world slumbered, monumental forces were shaken. In less than a month, a combination of ambition, deceit, fear, jealousy, missed opportunities, and miscalculation sent Austro-Hungarian troops marching into Serbia, German troops streaming toward Paris, and a vast Russian army into war, with England as its ally. As crowds cheered their armies on, no one could guess what lay ahead in the First World War: four long years of slaughter, physical and moral exhaustion, and the near collapse of a civilization that until 1914 had dominated the globe. Praise for A World Undone "Meyer's sketches of the British Cabinet, the Russian Empire, the aging Austro-Hungarian Empire . . . are lifelike and plausible. His account of the tragic folly of Gallipoli is masterful. . . [A World Undone] has an instructive value that can scarcely be measured"—Los Angeles Times "An original and very readable account of one of the most significant and often misunderstood events of the last century."—Steve Gillon, Resident Historian, The History Channel

📖 **ONE LAST GASP** Andrew C. Piazza, 2013-08-20 My first thought was, That house is insane. Not just a house for the insane, but that the building itself was insane, as if the layout of the walls themselves belied a shattered psyche dwelling within the stone.... (page 177) Near the end of World War II, during the Battle of the Bulge, a US Army unit pursues a renegade SS Panzer Battalion into the secluded Ardennes forest. There, hidden deep in the snow-covered pines, they find an ancient manor house containing an inhuman evil that defies any sense of reality. Confronted with a supernatural evil inside the manor, and surrounded by enemy troops outside, the soldiers will have to unravel the mysteries of the creature called The Geist and face a nightmarish battle for body and soul if they are to survive. Part war story, part Lovecraftian horror story, One Last Gasp will hold you in its haunting grip from its explosive beginning to its mindbending conclusion.

📖 **THEORIES OF INTERNATIONAL POLITICS AND ZOMBIES** Daniel W. Drezner, 2022-05-03 How international relations theory can be applied to a zombie invasion What would happen to international politics if the dead rose from the grave and started to eat the living? Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, Theories of International Politics and Zombies predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid—or how rotten—such scenarios might be. With worldwide calamity feeling ever closer, this new apocalyptic edition includes updates throughout as well as a new chapter on postcolonial perspectives.

📖 **STATE OF DECAY** James Knapp, 2010-02-02 View our feature on James Knapp's State of Decay. Just because you're dead doesn't mean you're useless... A thrilling debut novel of a dystopian future populated by a new breed of zombie they call them revivors—technologically reanimated corpses—and away from the public eye they do humanity's dirtiest work. But FBI agent Nico Wachalowski has stumbled upon a conspiracy involving revivors being custom made to kill—and a startling truth about the existence of these undead slaves.

📖 **GHETTO COWBOY** G. Neri, 2011-08-09 A street-smart tale about a displaced teen who learns to defend what's right—the cowboy way. When Cole's mom dumps him in the mean streets of Philadelphia to live with the dad he's never met, the last thing Cole expects to see is a horse, let alone a stable full of them. He may not know much about cowboys, but what he knows for sure is that cowboys aren't black, and they don't live in the inner city. But in his dad's hood, horses are a way of life, and soon Cole's days of skipping school and getting in trouble in Detroit have been replaced by shoveling muck and trying not to get stomped on. At first, all Cole can think about is how to ditch these ghetto cowboys and get home. But when the city threatens to shut down the stables—and take away the horse Cole has come to think of as his own—he knows that it's time to step up and fight back. Inspired by the little-known urban riders of Philly and Brooklyn, this compelling tale of latter-day cowboy justice champions a world where your friends always have your back, especially when the chips are down.
