Social Smarts Strategies That Earn Free Book Publicity Anne Hart,2006-03-27 Empathy and social smarts help you earn free book publicity by connecting you with key people, media, schools, and the publications of nonprofit agencies. As a writer, you can promote your own book and earn free book publicity by connecting key people, media, and nonprofits' newsletters with schools. Social intelligence used in book promotion is like a three-ring circus. Use empathy, that is people smarts, as a catalyst to bring together schools, nonprofit agencies, and authors. Observe, simplify, and offer commitment as charisma. Query editors of nonprofit publications. These nonprofit agencies often publish high-circulation newsletters and sometimes also publish sizable, glossy magazines. Some produce videos or documentaries. To connect with the nonprofit agencies' editors, use your

social intelligence skills to make connections in the nonprofit agencies' public relations and communications departments. Join public relations societies, national associations, and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters. If you want to earn free publicity for your book, supply these editors with facts, findings, and trends. Bring the nonprofits in contact with schools. When you talk to school assemblies or classrooms, relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association's newsletter or glossy magazine. Use social intelligence to connect to people. What you need to earn free publicity is self-awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior.

Who's Buying Which Popular Short Fiction Now, & What Are They Paying?

Anne Hart, 2007-09-20 Online booksellers are rapidly becoming online publishers. Sell your short fiction or nonfiction to the newest markets. Anyone who publishes your compiled short stories, novels, or nonfiction is looking for more opportunities to market your work. If you have published your stories or nonfiction with a mainstream or print-on-demand publisher, that firm cooperates with online booksellers. They probably want to leverage serial rights opportunities with your short stories, articles, or nonfiction excerpts from your books. After publication, you need to drive people to online booksellers' Web sites and your own to create visibility. The revolution is in virtual book tours and online marketing with booksellers. Another hidden market is short story publishing rights' auctions online to create visibility. You sell your writing as you'd sell a product at one of the online auctions.

Long before finding any publisher or after the face-out shelf life of your book is over, sell or pre-sell your creations online. Offer short stories or articles to the public for a small fee to download. The music and movie industry do it. So can you. Online booksellers already are famous for a targeted community of readers that buy online. That's only one hint of hidden markets for authors that want to be well-paid for short stories or brief nonfiction. Here's how to write, customize, and market precisely what these merchants want. Here's how to pose the least financial risk to them.

Ethno-Playography Anne Hart, 2007-07-27 Here's how to write salable plays, skits, monologues, or docu-dramas from life experiences, social issues, or current events. Write plays/skits using the technique of ethno-playography which incorporates traditions, folklore, and ethnography into dramatizing real events. The sample play and monologues portray events as social issues. One true life example for a skit is the scene in the sample play written from first-person point-of-view about a 1964 five-minute train interlude when a male passenger commands the protagonist not to cross between cars while the train is in motion.

The passenger stands between the cars next to his wife who says timorously, Let her go, dear, after the wife notices the young protagonist wears a wedding ring. The protagonist tells him she's pregnant, returning from the john, and needs to get back to her family. Instead, he squeezes her head in a vise-like grip, crushing her between his knee and the wall of the train. He kicks at the base of her spine, yelling stereotypical ethnic epithets while passengers ignore events. After the sample play and three monologues for performance, you will have learned how to write ethnographic dialogue and select appropriate scene settings. Also included are e-interviews with popular fiction writers.
