The End of Chiraq Javon Johnson, Kevin Coval, 2018-05-15 The End of Chiraq: A Literary Mixtape is a collection of poems, rap lyrics, short stories, essays, interviews, and artwork about Chicago, the city that came to be known as Chiraq (Chicago + Iraq), and the people who live in its vibrant and occasionally violent neighborhoods. Tuned to the work of Chicago's youth, especially the emerging artists and activists surrounding Young Chicago Authors, this literary mixtape unpacks the meanings of "Chiraq" as both a vexed term and a space of possibility. Chiraq has come to connote the violence—interpersonal and structural—that many Chicago youth regularly experience. But the contributors to The End of Chiraq show that Chicago is much more than Chiraq. Instead, they demonstrate how young people are thinking and mobilizing, engaged in a process of creating a new and safer world for themselves, their communities, and their city. In true mixtape fashion, the book is an exercise in low end theory that does not just include so-called underground and marginal voices, but foregrounds them. Edited by award-winning poets, writers, and teachers Javon Johnson and Kevin Coval, The End of Chiraq addresses head-on the troublesome relationship between Chicago and

Chiraq and envisions a future in which both might be transformed.

Ballad of the Bullet Forrest Stuart,2021-05-04 Drawing on two years of ethnographic fieldwork and over 150 interviews with gang-affiliated youth in the Taylor Park neighborhood on Chicago's South Side, *Ballad of the Bullet* reveals that those coming of age in America's poorest neighborhoods are developing new, creative, and online strategies for making ends meet. Dislocated by the erosion of the crack economy and the splintering of corporatized gangs, these young people exploit the unique affordances of digital social media to capitalize on an emerging online market for urban violence (or, more accurately, a market for the representation of urban violence). In the past, violence functioned primarily as a means of social control, allowing urban youth to compete in illegal street markets and defend the social statuses otherwise denied to them by mainstream society. Today, with the rise of platforms like YouTube, Instagram, and Twitter, violence has become a premier cultural commodity in and of itself. By amassing millions of clicks, views, and followers, these young people convert their online displays of violence into vital offline resources, including cash, housing, drugs, sex, and, for a very select few, a ticket out of poverty --

The Sprawl Jason Diamond,2020-08-25 For decades the suburbs have been where art happens despite: despite the conformity, the emptiness, the sameness. Time and again, the story is one of gems formed under pressure and that resentment of the suburbs is the key ingredient for creative transcendence. But what if, contrary to that, the suburb has actually been an incubator for distinctly American art, as positively and as surely as in any other cultural hothouse? Mixing personal experience, cultural reportage, and history while rejecting clichés and pieties and these essays stretch across the country in an effort to show that this uniquely American milieu deserves another look.

Celebrities Against Violence Truman R. Keys,2022-03-09 Violence is more than an issue in America. It is a pandemic, its negative impacts and corrosive character are harming us whether we are a victim, a bystander or professional tasked with public health and safety. Violence affects us regardless of class or social standing. For decades, celebrities and well-known public figures have taken to the media to share their own experiences with violence. This book spotlights the celebrities and their loved ones who have survived self-harm, bullying, intimate partner violence, sexual assault, family abuse, home invasion, gun violence, or police brutality. Violence prevention experts increasingly recognize the influence of celebrities and work with them to spread awareness. This collection of case studies aims to support this growing influence by documenting the effects of violence prevention through celebrity advocacy.

The First Collection of Criticism by a Living Female Rock Critic Jessica Hopper, 2021-07-06

Jessica Hopper's criticism is a trenchant and necessary counterpoint not just on music, but on our culture at large. —Annie Clark, *St. Vincent* An acclaimed, career-spanning collection from a fiercely feminist and revered contemporary rock critic, reissued with new material Throughout her career, spanning more than two decades, Jessica Hopper, a revered and pioneering music critic, has examined women recording and producing music, in all genres, through an intersectional feminist lens. *The First Collection of Criticism by a Living Female Rock Critic* features oral histories of bands like Hole and Sleater Kinney, interviews with the women editors of 1970s-era *Rolling Stone*, and intimate conversations with iconic musicians such as Björk, Robyn, and Lido Pimienta. Hopper journeys through the truths of Riot Grrrl's empowering insurgence; decamps to Gary, Indiana, on the eve of Michael Jackson's death; explodes the grunge-era mythologies of Nirvana and Courtney Love; and examines the rise of emo. The collection also includes profiles and reviews of some of the most-loved, and most-loathed, women artists making music today: Fiona Apple, Kacey Musgraves, M.I.A., Miley Cyrus, Lana Del Rey. In order for the music industry to change, Hopper writes, we need “the continual presence of radicalized women . . . being encouraged and given reasons to stay, rather than diminished by the music which glues our communities together.” *The First Collection of Criticism by a Living Female Rock Critic*—published to acclaim in 2015, and reissued now with new material and an introduction by Samantha Irby—is a rallying cry for women-centered history and storytelling, and a groundbreaking, obsessive, razor-sharp panorama of music writing crafted by one of the most influential critics of her generation.

Hip-Hop (And Other Things) Shea Serrano, 2021-10-26 HIP-HOP (AND OTHER THINGS) is about, as it were, rap, but also some other things. It's a smart, fun, funny, insightful book that spends the entirety of its time celebrating what has become the most dominant form of music these past two and a half decades. Tupac is in there. Jay Z is in there. Missy Elliott is in there. Drake is in there. Pretty much all of the big names are in there, as are a bunch of the smaller names, too. There's art from acclaimed illustrator Arturo Torres, there are infographics and footnotes; there's all kinds of stuff in there. Some of the chapters are serious, and some of the chapters are silly, and some of the chapters are a combination of both things. All of them, though, are treated with the care and respect that they deserve. HIP-HOP (AND OTHER THINGS) is the third book in the (And Other Things) series. The first two—*Basketball (And Other Things)* and *Movies (And Other Things)*—were both #1 New York Times bestsellers.

Complex Presents Dummy Boy Shawn Setaro,2021-12-21 The story of Tekashi 6ix9ine one of the most controversial figures in all of hip-hop history, Dummy Boy tells the tale his meteoric rise to fame. In tracing Danny Tekashi 6ix9ine Hernandez's life from Bushwick to the heights of the rap scene, Complex reporter Shawn Setaro illuminates the story of the young rapper who forged an alliance with a notorious street gang to bolster his image and boost his internet clout. Before long, Tekashi's antics and affiliations caught up with him, leading to a major police investigation that tore apart his team and saw him squarely behind bars, facing a life in prison. A thrilling true crime narrative set in the contemporary hip-hop world, Dummy Boy draws on dozens of exclusive interviews with collaborators, associates, and witnesses, to provide a detailed account of the most beguiling and intriguing story in modern music. The Passion of the Keef Keith Knight,Aaron McGruder,2005 Weaned on a steady diet of Star Wars, hip-hop, racism, and Warner Bros. cartoons, author Keith Knight drew comics instead of paying attention in grade school. Years later, Knight developed his trademark poorly rendered, barely thought-out cartooning style that has amused dozens for over a decade.

We Are the Culture Arionne Nettles,2024-04-16 Black Chicago culture is American culture. During the Great Migration, more than a half million Black Americans moved from the South to Chicago, and with them, they brought the blues, amplifying what would be one of the city's greatest musical art forms. In 1958, the iconic Johnson Publishing Company, the voice of Black America, launched the Ebony Fashion Fair show, leading to the creation of the first makeup brand for Black skin. For three decades starting in the 1970s, households across the country were transported to a stage birthed in Chicago as they moved their hips in front of TV screens airing Soul Train. Chicago is where Oprah Winfrey, a Black woman who did not have the traditional look TV managers pushed on talent,

premiered her talk show, which went on to break every record possible and solidify her position as the Queen of Daytime TV. It's where Hall of Famer Michael Jordan led the Bulls to six championships, including two three-peats, making the NBA a must-see attraction worldwide and wearing Jordans a style symbol to this day. And it's home to Grammy winner Chance the Rapper, whose work honors the city's cultural institutions, from the White Sox to modern art superstar Hebru Brantley. Pop culture expert Arionne Nettles takes us through the history of how Black Chicagoans have led pop culture in America for decades, and gives insight into the ways culture spreads and influences our lives.
