Book of Rhymes Adam Bradley, 2017-06-27 If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

Views from the Streets Roberto Aspholm, 2020-02-04 Chicago has long served as a symbol of urban pathology in the public imagination. The city's staggering levels of violence and entrenched gang culture occupy a central place in the national discourse, yet remain poorly understood and are often stereotyped. *Views from the Streets* explains the dramatic transformation of black street gangs on Chicago's South Side during the early twenty-first century, shedding new light on why gang violence persists and what might be done to address it. Drawing on years of community work and in-depth interviews with gang members, Roberto R. Aspholm describes in vivid detail the internal rebellions that shattered the city's infamous corporate-style African American street gangs. He explores how, in the wake of these uprisings, young gang members have radically refashioned gang culture and organization on Chicago's South Side, rejecting traditional hierarchies and ideologies and instead embracing a fierce ethos of personal autonomy that has made contemporary gang violence increasingly spontaneous and unregulated. In calling attention to the historical context of these issues and to the elements of resistance embedded in Chicago's contemporary gang culture, Aspholm challenges conventional views of gang members as inherently pathological. He critically analyzes highly touted "universal" violence prevention strategies, depicting street-level realities to illuminate why they have ultimately failed to reduce levels of bloodshed. An unprecedented analysis of the nature and meaning of gang violence, *Views from the Streets* proposes an alternative framework for addressing the seemingly intractable issues of inequality, despair, and violence in Chicago.

Political Spirituality in an Age of Eco-Apocalypse James W. Perkinson, 2015-07-22 This book 'hunts and gathers' across different historical epochs and situations, juxtaposing biblical materials and hip-hop, Christian colonialism and vodou, personal experience and racial politics, poetics and high theory, in order to challenge the current crisis of sustainability from the perspective indigenous communities and deep ancestry.

50 Rappers Who Changed the World Candace McDuffie, 2020-10-27 Arguably one of the most mainstream music styles today, rap was in fact born centuries ago in West Africa with historians or 'griots' who used to tell stories of the past over the beat of a drum. But it wasn't until the 1970s in New York that rapping as we know it was born and began to flourish. *50 Rappers Who Changed the World* profiles some of the genre's biggest influencers, from the 1970s until the present day. From Bronx-based legends Afrikaa Bambaataa and Grandmaster Flash in the 70s, to Run-DMC and Public Enemy in the 80s, Biggie, Tupac and Snoop in the 90s, and Eminem and Jay-Z in the 00s, this is a history of music for anyone who loves rap. Featuring MCs like Melle Mel, West Coast legends including N.W.A. and Ice-T, and countless women who changed the game, like Salt-n-Pepa, MC Lyte and Missy Elliot. And today, we have a new breed of artists who are dominating the charts, from J. Cole to Kendrick Lamar, Logic and Cardi B. Filled with a stylish illustrations and short biography of each artist, this book is a celebration of the musicians who shaped the genre and changed the world.

The End of Chiraq Javon Johnson, Kevin Coval, 2018-05-15 The End of Chiraq: A Literary Mixtape is a collection of poems, rap lyrics, short stories, essays, interviews, and artwork about Chicago, the city that came to be known as Chiraq (Chicago + Iraq), and the people who live in its vibrant and occasionally violent neighborhoods. Tuned to the work of Chicago's youth, especially the emerging artists and activists surrounding Young Chicago Authors, this literary mixtape unpacks the meanings of "Chiraq" as both a vexed term and a space of possibility. Chiraq has come to connote the violence—interpersonal and structural—that many Chicago youth regularly experience. But the contributors to The End of Chiraq show that Chicago is much more than Chiraq. Instead, they demonstrate how young people are thinking and mobilizing, engaged in a process of creating a new and safer world for themselves, their communities, and their city. In true mixtape fashion, the book is an exercise in low end theory that does not just include so-called underground and marginal voices, but foregrounds them. Edited by award-winning poets, writers, and teachers Javon Johnson and Kevin Coval, The End of Chiraq addresses head-on the troublesome relationship between Chicago and Chiraq and envisions a future in which both might be transformed.

King David and Boss Daley Lance Williams, 2023-02-01 In Chicago in mid-twentieth century amid the haze and smoke of urban renewal and the sounds of the wrecking balls and bulldozers, there lived two men, both street-savvy, one Black, one Irish, one young, one old and both leaders of their clans. Each ruled with an iron fist. Each embodied the fighting spirit of the turbulent 1960s. One was David Barksdale, the Black Disciples leader, a Black youth club that would give birth to America's largest street gang; the other was Richard J. Daley, the legendary Mayor of the City of Chicago. He was one of the longest-serving, most

prominent mayors in American history and the last of the big-city bosses. Although the two never met, at least not face-to-face, their fates were linked by a time of change, an era of protest, which was a decisive moment of transformational power that was on the verge of a violent uprising in America's second-largest city. This is a book that is as lively as its subject. A braided narrative of two larger than life people, it has the boldness to combine two oddly related 1960s stories into a single narrative that is both intimate and epic. One captures the unlikely story of a Negro boy whose share-cropping family migrated from rural Mississippi to Chicago, where he started a street gang that became the largest in America. The book's other path follows America's last big city boss, whose persona is legendary and bigger than life. While historians, political pundits, and those who knew him speak of Hizzonor as being a proud, Irish-Catholic who was the long-time godfather of the Chicago Democratic Party and Mayor who saved Chicago from becoming another Detroit or Cleveland, they also acknowledge that he was a fierce segregationist. He had a contentious relationship with civil rights leaders like Dr. Martin Luther King, Jr. Richard Daley also played a significant role in the history of the United States Democratic Party. Williams an internationally recognized gang expert and interventionist, eloquently tells the story of these men, their clans, and their on-going struggle for power, status, and legacy. However unheard of and unimaginable, some of the incidents may seem, this is not a work of fiction. Everything written comes from archival documents, official reports, focus groups, in-depth interviews, or first-hand accounts. The action takes place mostly in Chicago's Englewood neighborhood. Still, there are some occasions where the action takes place in Bronzeville, the Woodlawn community, on the West Side of the City and downtown.

We Are the Culture Arionne Nettles, 2024-04-16 Black Chicago culture is American culture. During the Great Migration, more than a half million Black Americans moved from the South to Chicago, and with them, they brought the blues, amplifying what would be one of the city's greatest musical art forms. In 1958, the iconic Johnson Publishing Company, the voice of Black America, launched the Ebony Fashion Fair show, leading to the creation of the first makeup brand for Black skin. For three decades starting in the 1970s, households across the country were transported to a stage birthed in Chicago as they moved their hips in front of TV screens airing Soul Train. Chicago is where Oprah Winfrey, a Black woman who did not have the traditional look TV managers pushed on talent, premiered her talk show, which went on to break every record possible and solidify her position as the Queen of Daytime TV. It's where Hall of Famer Michael Jordan led the Bulls to six championships, including two three-peats, making the NBA a must-see attraction worldwide and wearing Jordans a style symbol to this day. And it's home to Grammy winner Chance the Rapper, whose work honors the city's cultural institutions, from the White Sox to modern art superstar Hebru Brantley. Pop culture expert Arionne Nettles takes us through the history of how Black Chicagoans have led pop culture in America for decades, and gives insight into the ways culture spreads and influences our lives.

Another Day in the Death of America Gary Younge, 2016-10-04 Winner of the 2017 J. Anthony Lukas Prize Shortlisted for the 2017 Hurston/Wright Foundation Award Finalist for the 2017 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the 2017 Andrew Carnegie Medal for Excellence in Non Fiction On an average day in America, seven children and teens will be shot dead. In *Another Day in the Death of America*, award-winning journalist Gary Younge tells the stories of the lives lost during one such day. It could have been any day, but he chose November 23, 2013. Black, white, and Latino, aged nine to nineteen, they fell at sleepovers, on street corners, in stairwells, and on their own doorsteps. From the rural Midwest to the barrios of Texas, the narrative crisscrosses the country over a period of twenty-four hours to reveal the full human stories behind the gun-violence statistics and the brief mentions in local

papers of lives lost. This powerful and moving work puts a human face—a child's face—on the collateral damage of gun deaths across the country. This is not a book about gun control, but about what happens in a country where it does not exist. What emerges in these pages is a searing and urgent portrait of youth, family, and firearms in America today.

Groupthink Christopher Booker, 2020-03-19 In *Groupthink*, his final book, the late, eminent journalist and bestselling author Christopher Booker seeks to identify the hidden key to understanding much that is disturbing about the world today. With reference to the ideas of a Yale professor who first identified the theory, and to the writings of George Orwell from whose 'newspeak' the word was adapted, Booker sheds new light on the remarkable – and worrying – effects of 'groupthink', and its influence on our society. Booker defines the three rules of groupthink: the adoption of a common view or belief not based on objective reality; the establishment of a consensus of right-minded people, an 'in group'; and the need to treat the views of anyone who questions the belief as wholly unacceptable. He shows how various interest groups, journalists and even governments in the twenty-first century have subscribed to this way of thinking, with deeply disturbing results. As Booker shows, such behaviour has led to a culture of fear, heralded by countless examples throughout history, from Revolutionary Russia to Napoleonic France and Hitler's Germany. In the present moment it has caused countless errors in judgement and the division of society into highly polarised, oppositional factions. From the behaviour of the controversial Rhodes Must Fall movement to the sacking of James Damore of Google, society's attitudes towards gender equality, the Iraq war and the 'European Dream', careers and lives have been lost as those in the 'in-group' police society with their new form of puritanism. As Booker argues, only by examining its underlying causes can we understand the sinister power of groupthink which permeates all aspects of our lives.

The First Collection of Criticism by a Living Female Rock Critic Jessica Hopper, 2021-07-06 Jessica Hopper's criticism is a trenchant and necessary counterpoint not just on music, but on our culture at large. —Annie Clark, *St. Vincent* An acclaimed, career-spanning collection from a fiercely feminist and revered contemporary rock critic, reissued with new material Throughout her career, spanning more than two decades, Jessica Hopper, a revered and pioneering music critic, has examined women recording and producing music, in all genres, through an intersectional feminist lens. *The First Collection of Criticism by a Living Female Rock Critic* features oral histories of bands like Hole and Sleater Kinney, interviews with the women editors of 1970s-era *Rolling Stone*, and intimate conversations with iconic musicians such as Björk, Robyn, and Lido Pimienta. Hopper journeys through the truths of Riot Grrrl's empowering insurgence; decamps to Gary, Indiana, on the eve of Michael Jackson's death; explodes the grunge-era mythologies of Nirvana and Courtney Love; and examines the rise of emo. The collection also includes profiles and reviews of some of the most-loved, and most-loathed, women artists making music today: Fiona Apple, Kacey Musgraves, M.I.A., Miley Cyrus, Lana Del Rey. In order for the music industry to change, Hopper writes, we need “the continual presence of radicalized women . . . being encouraged and given reasons to stay, rather than diminished by the music which glues our communities together.” *The First Collection of Criticism by a Living Female Rock Critic*—published to acclaim in 2015, and reissued now with new material and an introduction by Samantha Irby—is a rallying cry for women-centered history and storytelling, and a groundbreaking, obsessive, razor-sharp panorama of music writing crafted by one of the most influential critics of her generation.

Black Masculinity in the Obama Era W. Hoston, 2014-08-07 *Black Masculinity in the Obama Era* provides an in-depth examination of the current state of black males and identifies the impact of living in the Obama era. In the era of the first black president, Barack H. Obama, this book gauges the status of black

masculinity and provokes discourse to discover whether his election and presence has had an influential impact on black male achievement. A purposeful sample of black males was asked, what does it mean to be a black male in the 21st century? Throughout the interviews with black males, we learn that the 'Obama Effect' has not had the intended impact on black male achievement and black males continue to be plagued by structural and cultural forces that have historically burdened their plight and level of achievement.

Bedroom Beats & B-sides Laurent Fintoni, 2020 The first decades of the 21st century saw dramatic changes in the music industry as new technology transformed creation, communication, and consumption. Amid this turmoil one change occurred relatively quietly, almost naturally: so-called bedroom producers, music makers raised on hip-hop and electronic music, went from anonymous, often unseen creators to artists in their own right. In *Bedroom Beats & B-sides: Instrumental Hip Hop & Electronic Music at the Turn of the Century*, Laurent Fintoni details the rise of a new generation of bedroom producers at the turn of the century through the stories of various instrumental hip-hop and electronic music scenes. From trip-hop, jungle, illbient, and IDM in the 1990s to just beats in the late 2000s, the book explores how these scenes acted as incubators for new ideas about composition and performance that are now taken for granted. Combining social, cultural, and musical history with extensive research, the book tells the B-side stories of hip-hop and electronic music from the 1990s to the 2010s and explores the evolution of a modern beat culture from local scenes to a global community via the diverse groups of fringe idealists who made it happen and the external forces that shaped their efforts. Includes quotes and stories drawn from more than 100 interviews with producers, DJs, label owners, and more including James Lavelle, Charlie Dark, Luke Vibert, Mark Pritchard, Flying Lotus, Georgia Anne Muldrow, El-P, Hudson Mohawke, Kode9, Prefuse 73, Anti Pop Consortium, Dabrye, Waajeed, Tekilatex, Ghislain Poirier, Kutmah, LuckyMe, Benji B, The Bug, and many more. *Bedroom Beats & B-sides* is the first comprehensive history of the instrumental hip-hop and electronic scenes and a truly global look at a thirty-year period of modern music culture based on a decade of research and travel across Europe, North America, and Japan.

Did God Die on the Way to Houston? A Queer Tale David B. Myers, 2020-07-24 James Friedman, a

retired philosophy professor living in Houston, receives an invitation from a woman, identifying herself only as Shekhinah, who claims she was once God. She wants to talk to him about her decision to abandon heaven for earth. Accepting the invitation, Friedman encounters a tall, ebony-skinned, twenty-three-year-old, same-gender-loving woman who is wearing a Black Lives Matter t-shirt. She tells Friedman a creation story about a loving God who, at the moment of creation, fourteen billion years ago, gave up power over the world out of respect for human freedom. This view of God is similar to one Friedman has expounded. According to Shekhinah, to God's horror and surprise, countless human beings have misused their freedom to cause massive injustice--bigotry, genocide, cruelty, etc.--and to put the earth itself in peril. Powerless as God, Shekhinah asserts that the Creator could make a difference in the world only by becoming a human being--which meant the death of God. God, she claims, entered the world as a Black, Same-Gender-Loving Woman to divinely affirm three often disrespected identities. For reasons she reveals, Shekhinah, now a socially engaged secular Buddhist, chose Houston as the place to partner with others and begin her project of saving a damaged planet and achieving justice for all human beings.
