Java for Students Doug Bell, Mike Parr,2001 Aware that many students need a careful introduction to programming and that they respond well to graphical illustration, this concise book adopts a visual approach to programming. Throughout the text, programs that use graphical images are emphasized to clearly demonstrate all the important programming principles. The authors use a spiral approach to programming concepts; introducing concepts simply early on, then in a more sophisticated way later, (e.g., objects are integrated throughout five chapters). Java for Students emphasizes the use of applets but also shows how to program free-standing applications. The authors have been careful to put together a text that covers the powerful features of Java and presents the language to students as both a fun and useful tool.

Independencia y educación Dorothy Tanck Estrada,2013-04-26 Este libro centra su enfoque en el periodo de la Independencia, de 1750 a 1840. Esta época, antes, durante y después de la emancipación del reino de la Nueva España de la monarquía española, fue de cambios, innovaciones y conflicto en el ámbito educativo. Una obra más de la serie de antologías que busca ofrecer una muestra reducida pero representativa de los principales trabajos de algunos de los colegas de El Colegio dedicados, preferentemente, a los estudios sobre la Independencia o la Revolución. Los trabajos reimpresos en estas antologías en ocasiones fueron seleccionados por otros especialistas y en otras por ellos mismos. A los setenta años de su fundación El Colegio de México se siente orgulloso de su tradición y renueva su compromiso con el desarrollo de la historiografía mexicana.

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
