Coffeeshop Crushes Nicole J. Georges,Jon Van Oast,2007-04

As raunchy and graphic as it is sweet and coy, this compilation is full of sex, lies, and über-embarrassing shoot-downs. The sexy, confusing, hilarious realm of server/customer romance (both requited and, sadly, otherwise) is humorously explored with contributions from folks like Too Much Coffee Man's Shannon Wheeler, Brainfag cartoonist Nate Beaty, and Constant Rider's Kate Lopresti.

Grey Area Scott Jacques,2019-05-01 Coffeeshops are the most famous example of Dutch tolerance. But in fact, these cannabis distributors are highly regulated. Coffeeshops are permitted to break the law, but not the rules. On the premises, there cannot be minors, hard drugs or more than 500 grams. Nor can a coffeeshop advertise, cause nuisance or sell over five grams to a person in a day. These rules are enforced by surprise police checks, with violation punishable by closure. In *Grey Area*, Scott Jacques examines the regulations with a huge stash of data, which he collected during two years of fieldwork in Amsterdam. How do coffeeshop owners and staff obey the rules? How are the rules broken? Why so? To what effect? The stories and statistics show

that order in the midst of smoke is key to Dutch drug policy, vaporising the idea that prohibition is better than regulation. Grey Area is a timely contribution in light of the blazing reform to cannabis policy worldwide. Praise for Grey Area 'This book is original and highly topical. Logical and well structured, the discussion is firmly located in a large body of contemporary theory. The writing style is conversational, open and accessible. The quality, amount and depth of the empirical work that Jacques has undertaken made me feel that I was there, visiting the coffeeshops with him. Rarely have I seen something as careful and detailed as this work.' Ronald V. Clarke, Rutgers University, USA 'This book examines the intricacies of operating between law and rules in Amsterdam coffeeshops. Based on an extensive fieldwork, it is arguably the most comprehensive criminological analysis of the issue to date. This is an important work, from an excellent writer, that I warmly recommend to both students and researchers.' Kim Møller, Malmö University, Sweden

Grey Area Coffeeshop de Heer Slice, 2021-11-06 Grey Area Coffeeshop by de heer Slice The true story of the founding of Amsterdam's greatest cannabis emporium by three expatriate Americans during the War on Drugs. A long time ago in a coffeeshop far, far away ... During the endless War on Drugs and in the waning years of the Twentieth century, three expatriate Americans founded Grey Area Coffeeshop in Amsterdam, capital of The Netherlands in the European Union. It was a time before the sprawling tentacles of the Internet encircled the globe, before the advent of cellphones, and before the decriminalization of cannabis in the United States. Kurt was dead, The Juice was on trial, and Han shot first. Before Grey Area Coffeeshop became known as the CBGB of Weed and the greatest cannabis emporium in the world, it was the site of a harrowing clash of cultures where elements of the underworld vied with the rule of law in a daunting struggle to survive. And sell hempseed muffins. It was the best of times. Het was de slechtste tijd ooit. xxx, de heer Slice november 2021

Wake Up and Sell More Coffee John Richardson, Hugh

Gilmartin, 2015-12-17 These experts and coffee shop owners seek to answer two main questions: 1. What is the one thing they wish they'd known before they started 2. What is the secret to success of their business and of great coffee shops and cafés in general. Some of these owners have just one site and some have multiple sites and worldwide success but all are acknowledged as being exceptional.

Designing Coffee Shops and Cafés for Community Lisa K.

Waxman, 2022-04-19 *Designing Coffee Shops and Cafés for Community* brings together research, theory, and practical applications for designing coffee shops and cafes as places to enhance community connections. As people search for meaning and connection in their lives, they often seek out places that root them in their community. Designers are responsible for creating these spaces, and to do so well, they need to understand the physical and social attributes that make such spaces successful. Addressing societal trends, environment and behavior theories, place attachment, branding, authenticity, location, layout, and ambiance, the book provides guidelines to help designers and operators create more welcoming third places—places that are not home, not work, but those where we can relax in the company of others. It includes eight case studies by authors from three countries that ground the theories in real-life third places. Its practical design guidelines cover location, accessibility, seating, lighting, sound, and more. Written for students, academics, and designers, this book discusses the value of coffee shops and cafés and guides readers through the ways to create places of belonging that bring people together.

Coffee Culture Robert Schneider, The Images Publishing

Group, 2016-03-29 *Coffee Culture: hot coffee + cool spaces* is a full-color presentation of coffee shops crafting great coffee in interesting spaces with good design aesthetics. The author has selected thirty-three coffee shops located in cities across the

United States, including Ann Arbor, Chicago, Denver, Los Angeles, Minneapolis, New York, Oakland, Philadelphia, Portland, San Francisco, Santa Cruz, and Seattle. Photography by an eclectic group of photographers captures the feel and personality of each coffee shop. The concept of space is often extended from the shop interior to the neighborhood—interweaving coffee, art, architecture, design, and historic preservation. The book showcases coffee shops located in historic buildings, modern architecture, an art museum, an arcade, a courtyard, a former loading dock and even a reclaimed cargo shipping container—but the common thread is an appreciation for great coffee in spaces that invite human interaction and create memories through good design.

Life in a 17th Century Coffee Shop David Brandon, 2011-09-16
We have all seen the hilarious depiction of Mrs Miggins' coffee shop in *Blackadder*, but what was it really like in the first cafes, as coffee drinking became more popular? What else did the shops sell? How did coffee shop life influence politics, the media and everyday life?

From Your Coffee Shop Dream To Your Dream Coffee Shop
Samuel Gurel, Alexandra Mosher, 2021-04-15 Many coffee shop owners find themselves in the coffee business because they are attracted to the romance of the café life—relationships formed over a cup of Costa Rican house brew, the caramel smell of coffee beans wafting through the door, blissful afternoons in a well-lit room connecting with your community. And then they find themselves at the mercy of 80-hour workweeks, hundreds of decisions to be made and the lack of financial revenue to make it all worth it. At the Sustainable Coffee Institute, we are interested in seeing coffee shop owners not only become profitable, but we're also interested in creating sustainable businesses that allow their owners to thrive. We've mentored hundreds of coffee shop owners on the path to creating a sustainable coffee shop and we've

created a process that begins with understanding the core of your coffee shop, creating systems around that core, and walking it all out in a six-month-long implementation plan. Follow our fictional-but all too familiar-character, Claire, as she goes on this journey and decide for yourself if you'd like to go on the journey to create a thriving, sustainable, profitable coffee shop.

Coffeehouse Angel Suzanne Selfors, 2010-08-10 Katrina works in her grandmother's coffee shop in a small town in Washington State, which isn't exactly the coolest job, given that it's an old-world Scandinavian coffee shop rather than the ultra hip Java Hut next door. One morning, when she gives a free cup of coffee and muffin to a homeless guy sleeping out behind the shop, this random act of kindness turns her life upside down. She soon learns that the homeless guy is actually a teenage guardian angel intent on returning the favor. Fame and fortune seem like the obvious requests, but after two botched wishes, Malcolm knows Katrina is hiding something from him. But how can she tell him the truth, when her heart's desire has become Malcolm himself?
