X Troop Leah Garrett, 2021-05-25 “Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler.”—Alex Kershaw, New York Times best-selling author of *The Longest Winter* and *The Liberator* The incredible World War II saga of the German-Jewish commandos who fought in Britain’s most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of *The Ravine* and National Book Award finalist *Hitler’s Furies*

Movie Wars Jonathan Rosenbaum, 2002-07-01 Is the cinema, as writers from David Denby to Susan Sontag have claimed, really dead? Contrary to what we have been led to believe, films are better than ever—we just can't see the good ones. *Movie Wars* cogently explains how movies are packaged, distributed, and promoted, and how, at every stage of the process, the potential moviegoer is treated with contempt. Using examples ranging from the New York Times's coverage of the Cannes film festival to the anticommercial practices of Orson Welles, *Movie Wars* details the workings of the powerful forces that are in the process of ruining our precious cinematic culture and heritage, and the counterforces that have begun to fight back.

Commandos Frank Walker,2015-07-28 Amazing revelations and extraordinary exploits of Australia's elite secret warriors. There was something unique about Australians and New Zealanders in war that prompted World War II Allied commanders to turn to ANZAC soldiers, sailors and airmen to carry out the most dangerous and virtually impossible missions behind enemy lines. Paddling canoes 4,000 kilometres to attack enemy ships in Singapore; lightning raids on Rommel's forces in the deserts of North Africa. Flying bombers at tree-top level deep into Nazi Germany to destroy vital targets; rescuing sultans and future US presidents from under the noses of the Japanese and playing crucial roles in the greatest commando raid of the war at St Nazaire - the Aussies and Kiwis were there. The special forces showed incredible bravery in the face of overwhelming odds. They were determined to complete their missions. Often alone and far behind enemy lines,they demonstrated resourcefulness, spirit and a humanity that

inspired others to follow them. Frank Walker, author of bestselling books on the Vietnam War and the British atomic tests in Australia, brings to life the amazing exploits and extraordinary stories of this select band of heroes..

The Encyclopedia of Martial Arts Movies Bill Palmer,Karen Palmer,Ric Meyers,1995-01-01
The Encyclopedia covers the genre from 1920 to 1994. The genre, however, can be very confusing: films often have several titles, and many of the stars have more than one pseudonym. In an effort to clarify some of the confusion, the authors have included all the information available to them on almost 3,300 films. Each entry includes a listing of the production company, the cast and crew, distributors, running times, reviews with star ratings whenever possible, and alternate film titles. A list of film series and one of the stars' pseudonyms, in addition to a 7,900 name index, are also included. Illustrated.

True Stories Of The Commandos Robin

Hunter,2013-03-31 Raised in the dark, post-Dunkirk days of 1940 to carry the war to the enemy, in five short and violent years the British Army Commandos established a reputation that has made the name 'Commando' the mark of the fighting man. The Commandos began as small-scale raiders but their operations grew in size and destruction as the war progressed until, in the end, there were four full Commando Brigades; superb units which fought in every theatre of war, from Norway to Burma, from the coast of France to the islands of Yugoslavia. The Commandos were disbanded in 1945-46 but reformed in the 1970s, and in 1982, about 1000 army Commandos set sail to fight in the Falklands War. The long and proud history of the army contains accounts of many fine and distinguished units but few can equal – and none exceed – the story of the British Army Commandos.

'80s Action Movies on the Cheap Daniel R.

Budnik,2017-03-24 The 1980s was the decade when the action film as it's now known came into being. Nonstop, big-budget excitement became the standard as epic adventures like Raiders of the Lost Ark and The Road Warrior set the tone for the summer blockbusters of Sylvester Stallone, Arnold Schwarzenegger and Chuck Norris. Homages (and ripoffs) made with lesser budgets followed every hit, especially with the advent of direct-to-video releases. Providing detailed commentary on 284 films, this book explores the excitement, audacity and sheer weirdness of '80s low budget action cinema, from the American Ninja series to dime-a-dozen barbarian pictures to such bargain-basement productions as The Courier of Death, Kill Squad and Samurai Cop.

Based on the Movie Billy Taylor,2008-08-05 It's been nine months since Bobby Conlon's wife dumped him for a

hot young film director and he's doing great. Okay, so he occasionally breaks into Natalie's apartment and sobs along to her old Carole King records, but that's only when he's out of meds. He's better now. One hundred percent. And to prove it, he's throwing out that year-old Christmas tree decorated with five hundred empty Vicodin bottles and flying to Texas to work on a movie starring Ralph the Swimming Pig. But once in Texas, Bobby realizes he's signed on to the most dysfunctional movie ever. The director can't direct, the pig catches pneumonia, and just when things can't get any worse, Natalie and her boyfriend are hired to take over the movie. Suddenly, Bobby's personal and professional lives collide, and no matter which way he turns, fresh disasters await. Still, in spite of everything, Bobby clings to the hope that a happy ending might still be possible. This is the movie business, right? Based on the Movie is a laugh-out-loud look at what actually happens on a film location, told from the perspective of the hardworking -- and long-suffering -- men and women behind the scenes. As real life meets reel life, prepare to be captivated by one of the most entertaining reads of the season.

Secret Commandos John L. Plaster, 2018-10-16 Major John L. Plaster recalls his remarkable covert activities as a member of a special operations team during the Vietnam War in a "comprehensive, informative, and often exciting...account of an important part of the overall Vietnam tragedy" (The New York Times). Before there were Navy SEALs, there was SOG. Short for "Studies and Operations Group," it was a secret operations force in Vietnam, the most highly decorated unit in the war. Although their chief mission was disrupting the main North Vietnamese supply route into South Vietnam, SOG commandos also rescued downed helicopter pilots and

fellow soldiers, and infiltrated deep into Laos and Cambodia to identify bombing targets, conduct ambushes, mine roads, and capture North Vietnamese soldiers for intelligence purposes. Always outnumbered, they matched wits in the most dangerous environments with an unrelenting foe that hunted them with trackers and dogs. Ten entire teams disappeared and another fourteen were annihilated. This is the dramatic, page-turning true story of that team's dedication, sacrifice, and constant fight for survival. In the "gripping" (Publishers Weekly) *Secret Commandos*, John Plaster vividly describes these unique warriors who gave everything fighting for their country—and for each other.

Commando Chris Terrill, 2008-10-14 Chris Terrill is a man in search of his limit. He's 55 years old. He is not a soldier. He is being trained by the Royal Marines and he is going to Afghanistan. The only difference is that instead of a gun, Chris will be holding a camera and filming the whole ordeal for a major TV series. The Royal Marines Commando training base in Lympstone Devon, has a famous motto: '99.9% need not apply'. Of those who start training, after a very tough selection process, nearly 50% fail to make it through the most gruelling physical tests of any armed forces in the world in an eight month training regime. The elite who do eventually pass out are generally eighteen years old and at the peak of physical condition. But Chris Terrill is the exception: this book will tell of his heroic struggle to become the oldest man to win the coveted Royal Marines Commando Green Beret and enter the record books. And after six months of hell, what next? Chris will follow the raw recruits on a tour to Southern Afghanistan. He will tell the story in book and film of the fears and hopes of the youngsters as they are plunged into one of the planet's most dangerous wars in the outlaw mountain terrain of Helmand Province. He will tell of ferocious battles

against the Taliban, of firefights, of jaw-dropping heroism, British sang froid and humour and tragedy as casualties are suffered -- all from the unique perspective of a civilian who has achieved the ultimate accolade: to be accepted as an honorary Royal Marines Commando. *Commando* is a brilliant account of modern war on the front line.

Secret Green Beret Commandos in Cambodia Fred S. Lindsey, 2012 We could call this book Special Operations Recon Mission Impossible. A small group of highly trained, resourceful US Special Forces (SF) men is asked to go in teams behind the enemy lines to gather intelligence on the North Vietnamese Army units that had infiltrated through Laos and Cambodia down the Ho Chi Minh trails to their secret bases inside the Cambodian border west of South Vietnam. The covert reconnaissance teams, of only two or three SF men with four or five experienced indigenous mercenaries each, were tasked to go into enemy target areas by foot or helicopter insertion. They could be 15 kilometers beyond any other friendly forces, with no artillery support. In sterile uniforms - with no insignia or identification, if they were killed or captured, their government would deny their military connection. The enemy had placed a price on their heads and had spies in their Top Secret headquarters known as SOG. SOG had three identical recon ground units along the border areas. This book tells the history of Command and Control Detachment South (CCS). The CCS volunteer warriors and its Air Partners - the Army and Air Force helicopter transport and gunship crews who lived and fought together and sometimes died together. This is the first published history of CCS as compiled by its last living commander, some forty years after they were disbanded. It tells of the struggles and intrigue involved in SOG's development as the modern-day legacy of our modern Special Operations Commands.

Forbidden to tell of their experiences for over twenty years; their After Action Reports destroyed even before they were declassified - surviving veterans team together to tell how Recon men wounded averaged 100 percent; and SOG became the most highly decorated unit in Vietnam and all were awarded the Presidential Unit Citation.
