Ogni 44 giorni Stefano Castelvetti, 2013-03-08 Negli ultimi 500 anni, la Terra è stata sotto pericolo di distruzione per 8.23 volte l'anno. Ogni 44 giorni, circa. La minaccia di distruzione non ha sempre riguardato la Terra. A volte si è limitata alla popolazione umana. O parte della popolazione. E la minaccia non viene sempre dallo spazio. A volte arriva dal nostro stesso pianeta. A volte da altre dimensioni. A volte da altri continuum. A volte da un capriccio divino. Ma non è così importante. L'importante è che, a fronte di un universo costantemente pericoloso, ci sia qualcuno in grado di affrontare 8.23 pericoli di distruzione l'anno. E, se possibile, salvare la Terra. O parte della popolazione. Insomma, ci siamo capiti. Quel qualcuno, per fortuna, c'è.

Evil Plans Hugh MacLeod, 2011-02-17 The acclaimed author of Ignore Everybody is back with more irreverent wisdom, wit, and original cartoons. It has never been easier to make a great living doing what you love. But to make it happen, first you need an EVIL PLAN.

Everybody needs to get away from lousy bosses, from boring, dead-end jobs that they hate, and ACTUALLY start doing something they love, something that matters. Life is short. -Hugh MacLeod Freud once said that in order to be truly happy people need two things: the capacity to work and the capacity to love. Evil Plans is about being able to do both at the same time. The sometimes unfortunate side effect is that others will hate you for it. MacLeod's insights are brash, wise, and often funny.

Work, In Progress: Bringing Human Values Back to the Workplace Frank Mertens, 2018-09-21 The world came to a tipping point in 2016, when Donald Trump was elected president of the United States of America. A man who has incited racism, hatred, sexism, and more is now the leader of the free world, but we should not be overly surprised: The same cutthroat values are being promoted at companies everywhere. Frank Mertens, a seasoned global marketing executive who has worked at some of the world's most admired firms, challenges these values in this commentary that promotes bringing the healthy ideas we teach our children at home to our workplaces. Looking at the cultural dynamics influencing society now, and the aspirations of the next big working generation, the author focuses on two themes that will help guide our efforts on the job: security and purpose. Join Mertens as he examines how we've lost our way in the workplace over the past sixty years, why the stakes are so high, and what we can do to rediscover our shared humanity in *Work, In Progress*.
