Made in Taiwan Clarissa Wei,2023-09-19 Named a Best Cookbook of Fall 2023 by Food & Wine, Eater, and Tasting Table An in-depth exploration of the vibrant food and culture of Taiwan, including never-before-seen exclusive recipes and gorgeous photography. Taipei-based food journalist Clarissa Wei presents Made in Taiwan, a cookbook that celebrates the island nation's unique culinary identity—despite a refusal by the Chinese government to recognize its sovereignty. The expansive book contains deeply researched essays and more than 100 recipes inspired by the people who live in Taiwan today. For generations, Taiwanese cuisine has been miscategorized under the broad umbrella term of Chinese food. Backed with historical evidence and interviews, Wei makes a case for why Taiwanese food should get its own spotlight. Made in Taiwan includes classics like Peddler Noodles, Braised Minced Pork Belly, and Three-Cup Chicken, and features authentic, never-before-seen recipes and techniques like how to make stinky tofu from scratch and broth tips from an award-winning beef noodle soup master. Made in Taiwan is an earnest reflection of what the food is like in modern-day Taiwan from the perspective of the people who have lived there for generations. It is the story of a proud nation—a self-sufficient collective of people who continue to forge on despite unprecedented ambiguity.

Business Ethics and The Bhagavad Gita Subba Rao Pulapa,2020-09-17 The author of this book asserts that an absence of ethical leadership and unethical practices were the reasons for major global business scandals such as Enron, Satyam, Lehman Brothers, and WorldCom. This book analyses the causes for these unethical activities and interprets important verses from The Bhagavad Gita to show business executives and leaders how to lead ethically for the greater good of all stakeholders and society. As a remedy to avoid future scandals, the author points to several ethical directions, and the principle of Dharma, mentioned in The Bhagavad Gita by Lord Krishna, a major deity in Hinduism, who is considered Dharmātman (one who imbibes the Dharma). Written in conversation style using an executive education scenario, this book examines real world cases in various sectors like education, medical, non-government organizations (NGOs) and retail using the directions of the Dharmātman.

Global Marketing Kate Gillespie,2015-07-03 This textbook introduces students to the important concepts of global marketing today, and their managerial implications. Designed to be shorter than many other textbooks, Global Marketing focuses on getting to the point faster. Increasingly, marketing activities must be integrated at a global level. Global Marketing takes a similar strategic approach, recognizing the need to address both the forces of globalization and those of localization. Other key features include: Coverage of often overlooked topics, such as the competitive rise of China's state-owned enterprises; the importance of diasporas as target markets; and the emerging threat to legitimate marketers from transnational criminal organizations A chapter dedicated to understanding global and local competitors, setting the stage for ongoing discussion of both buyers and competitors in an increasingly competitive global marketplace Extensive real-life examples and cases from developed and emerging markets, including insights into the often-overlooked markets of Africa, Latin America, and the Middle East Written in a student-friendly style, previous editions have received praise from both students and instructors. This edition continues to build on this strong foundation, making this the book of choice for students of global marketing classes.
