The Wreckchasers A Novel Derek Hart,2017-06-14 Steve Corbin has a fascination with airplane crashes. This is not morbid curiosity, but a historical necessity. After leaving the NTSB, Steve, along with his army buddy Devin Wade, start up a company expressly designed to track down and recover the wreckage of airplanes crashed during World War II. What begins as an endeavor of passion, soon leads to intrigue, betrayal, and derring-do, as these intrepid explorers stumble upon more than they bargained for. Throw into the mix the beautiful Melissa Tovari, a mysterious woman with a covert agenda, and you have the makings of an edge-of-your-seat adventure, filled with gun play, plenty of sex, and government meddling. The Wreckchasers isn't just some formula action novel, but delves into the moral and ethical questions surrounding the human elements of lost remains of crew members around the world. So join in with each expedition and discover the intricacies of wreck recoveries, while always keeping a sharp lookout for a shot from the dark.

The Crash of 2024 ,2019

The Failover File Al Haggerty,2017-03-17 The CEO of a billion-dollar software conglomerate is killed when the company's private jet crashes in Colorado. Two National Transportation Safety Board investigators, Go-team leader Mike O'Hara and computer engineer Sally Montez, take on the case. Mike is an ex-Naval officer, ex-astronaut and serial ex-boyfriend, and Sally is a top computer expert who has two fighter-pilot ex-husbands. They discover that hackers may have inserted bogus software into the plane's flight control computers. An FBI agent assigned to the case reveals a tangle of intrigue involving an attempted hostile takeover of the corporation, which is worth billions. The Bureau zeros in on a disgruntled conglomerate vice president as the prime suspect. He crumbles under the pressure of questioning but denies guilt. As the investigators and FBI close in on the source of the hacking, Mike and a colleague are involved in separate, one-car crashes that can't be explained. Mike suffers a concussion and the other man is left in a coma. Then another corporate plane disappears off the radar screens over the Atlantic, this one carrying an engineer with facts that will solve the mystery of the original crash. Again, all on board the plane are killed. Mike and Sally push on with the investigation, ferreting out crucial facts and technical clues that put the entire case in doubt. Although the hacks and crashes put them in danger, the two investigators identify and smoke out the murderer, relying on their skills, imagination and nerve.

The actress lined up to star in the film, Thistle Downing, is an ex-child star who now lives alone in a drug-induced stupor, destitute and uninsurable. Junior knows what he should do—get Thistle out and find her some help—but doing the right thing will land him on the wrong side of some scary people.

Engines of Destruction Warren Murphy,Richard Sapir,2023-11-16 It’s become the fastest and surest way to get from here to eternity. Somebody is playing the railroads like a giant train set, causing high-speed derailments that strew the rails with headless victims from coast to coast. And could the repeated sightings of a ghostly samurai swordsman be fact or mass hysteria? As the carnage continues unchecked and the body count mounts, Dr. Harold Smith suspects the train terror is merely a decoy for the real target. He sends Remo Williams and Master Chiun to ride the rails, posing as investigators for the Department of Transportation clearly an equal-opportunity employer who won’t discriminate against aging Asians. And now Chiun and Remo get equal opportunity to literally lose their heads over an old enemy. Breathlessly action-packed and boasting a winning combination of thrills, humour and mysticism, the Destroyer is one of the bestselling series of all time.
