Crazy Faith Michael Todd, 2023-09-19 NEW YORK TIMES BESTSELLER • From the author of Relationship Goals . . . Will you be remembered as a person who claimed to follow God but liked to play it safe? Or as a person who lived your life out on the limb and trusted God enough to live in crazy faith? Noah looked crazy when he started building the ark . . . until it started raining. It was crazy for Moses to lead a nation of people into the desert away from Egypt . . . until the Red Sea parted. It was crazy to believe that a fourteen-year-old virgin would give birth to the Son of God . . . until Mary held Jesus in her arms. There are many things that seem normal or average today that at one point in time seemed absolutely crazy. Smartphones, Wi-Fi, and even the electric light bulb were all groundbreaking, history-making inventions that started out as crazy ideas. Our see-it-to-believe-it generation tends to have a hard time exercising true faith—one that steps out, takes action, and sees mountain-moving results. Many of us would rather play it safe and stand on the sidelines, but it’s crazy faith that helps us see God move and reveals His promises. In Crazy Faith, Pastor Michael Todd shows us how to step out in faith and dive into the purposeful life of trusting God for the impossible. Even if you have to start with baby faith or maybe faith, you can become empowered to let go of your lazy faith, trust God through your hazy faith, and learn to live a lifestyle of crazy faith. With powerful stories of modern-day faith warriors who take their cues from biblical heroes, Michael Todd equips you to • believe for the impossible • choose hope over fear • be alert to the voice of God • cope with loss and doubt • develop a deeper level of trust in God • speak faith-filled declarations • inspire crazy faith in others God’s not looking for somebody to give Him all the reasons why His plans can’t happen. He’s looking for somebody to believe they will happen. In fact, He has so much He wants to do through you. The question is, Are you crazy enough to believe it?

Face Jessica Helfand, 2019-11-12 An elaborately illustrated A to Z of the face, from historical mugshots to Instagram posts. By turns alarming and awe-inspiring, Face offers up an elaborately illustrated A to Z—from the didactic anthropometry of the late-nineteenth century to the selfie-obsessed zeitgeist of the twenty-first. Jessica Helfand looks at the cultural significance of the face through a critical lens, both as social currency and as palimpsest of history. Investigating everything from historical mugshots to Instagram posts, she examines

how the face has been perceived and represented over time; how it has been instrumentalized by others; and how we have reclaimed it for our own purposes. From vintage advertisements for a “nose adjuster” to contemporary artists who reconsider the visual construction of race, Face delivers an intimate yet kaleidoscopic adventure while posing universal questions about identity.

The Book with No Pictures B. J. Novak,2014-09-30 A #1 New York Times bestseller, this innovative and wildly funny read-aloud by award-winning humorist/actor B.J. Novak will turn any reader into a comedian—a perfect gift for any special occasion! You might think a book with no pictures seems boring and serious. Except . . . here’s how books work. Everything written on the page has to be said by the person reading it aloud. Even if the words say . . . BLORK. Or BLUURF. Even if the words are a preposterous song about eating ants for breakfast, or just a list of astonishingly goofy sounds like BLAGGITY BLAGGITY and GLIBBITY GLOBBITY. Cleverly irreverent and irresistibly silly, *The Book with No Pictures* is one that kids will beg to hear again and again. (And parents will be happy to oblige.)

Your Face Belongs to Us Kashmir Hill,2023-09-28 *LONGLISTED FOR THE FINANCIAL TIMES BUSINESS BOOK OF THE YEAR AWARD* ‘The dystopian future portrayed in some science-fiction movies is already upon us. Kashmir Hill’s fascinating book brings home the scary implications of this new reality’ JOHN CARREYROU, author of *Bad Blood*

When Kashmir Hill stumbled upon Clearview AI, a mysterious startup selling an app that claimed it could identify anyone using just a snapshot of their face, the implications were terrifying. The app could use the photo to find your name, your social media profiles, your friends and family - even your home address. But this was just the start of a story more shocking than she could have imagined. Launched by computer engineer Hoan Ton-That and politician Richard Schwartz, and assisted by a cast of controversial characters on the alt-right, Clearview AI would quickly rise to the top, sharing its app with billionaires and law enforcement. In this riveting feat of reporting Hill weaves the story of Clearview AI with an exploration of how facial recognition technology is reshaping our lives, from its use by governments and companies like Google and Facebook (who decided it was too radical to release) to the consequences of racial and gender biases baked into the AI. Soon it could expand the reach of policing – as it has in China and Russia – and lead us into a dystopian future. *Your Face Belongs to Us* is a gripping true story. It illuminates our tortured relationship with technology, the way it entertains us even as it exploits us, and it presents a powerful warning that in the absence of regulation, this technology will spell the end of our anonymity.

'I loved this. A dark and gripping story, meticulously researched and stylishly told' JENNY KLEEMAN, author of *Sex Robots & Vegan Meat*
