*The Android's Dream* John Scalzi, 2007-04-01 From New York Times bestseller and Hugo Award-winner John Scalzi, a wild-and-woolly caper novel of interstellar diplomacy A human diplomat creates an interstellar incident when he kills an alien diplomat in a most . . . unusual . . . way. To avoid war, Earth's government must find an equally unusual object: a type of sheep (The Android's Dream), used in the alien race's coronation ceremony. To find the sheep, the government turns to Harry Creek, ex-cop, war hero and hacker extraordinaire, who, with the help of a childhood friend turned artificial intelligence, scours the earth looking for the rare creature. But there are others with plans for the sheep as well. Mercenaries employed by the military. Adherents of a secret religion based on the writings of a 21st century SF author. And alien races, eager to start a revolution on their home world and a war on Earth. To keep our planet from being enslaved, Harry will have to pull off a grand diplomatic coup, a gambit that will take him from the halls of power to the lava-strewn battlefields of alien worlds. There's only one chance to get it right, to save the life of the sheep—and to protect the future of humanity. Karin is a dedicated administrator in her once prosperous country of Red Scale. When their militant neighbors begin a merciless war, Karin and her Governor father contact the isolated country of Lohocke for help. Karin must go to Lohocke and become the bride of the Alpha Lord Eisler Durant. Karin has been tied to Lohocke in an intricate way since her birth. *Cloning Freedom* Stephen B. Pearl, 2020-12-04 In the early 21st century, Rowan is fighting a secret war against alien pirates bent on subjugating all of mankind. At least, that's what she thinks. In reality, it's a thousand years later, Earth has long been part of an interstellar and interspecies republic, and she's a character on Angel Black, an e-entertainment that allows viewers a complete sensory experience through her perspective. Who needs actors when you can clone famous performers and splice in some alien DNA? Since studio clones have no rights, their lives and experiences can be tailor-made for the program. It's just too bad the clones don't know that. Ryan Chandler was a decorated war hero until he was cloned to save his life. His career options died with his original body and the best job he can get is a technician on Angel Black. He's planning to escape to a newly colonized system when Rowan is scheduled to be killed off. With help from unexpected allies, Ryan stages Rowan's rescue, but getting her off the set is only the beginning. To succeed, they must evade a manhunt supported by the state that fears Rowan's liberation might be the triggering event of a clone rights movement that could cost the establishment billions and shake the foundations of human society. Can two clones find their freedom in a society that treats them as second-class citizens?

**The Wife App** Carolyn Mackler, 2023-06-27 Because every wife deserves a happy ending. Three best friends decide they're finally done with their ex-husbands taking their work as wives and moms for granted. They're ready to monetize the mental load, stick it to their exes, and have a wild ride in the process. Lauren, mother of twins, wakes up one morning to her Wife Alarm Bells sounding. She sleuths on her husband's phone and stumbles on a dirty secret that explodes her marriage. Madeline has it all—a penthouse apartment, a perfect daughter, and no-strings-attached romps with handsome men. When she learns that she might lose her child to her ex in England, it stirs up a decades-old personal tragedy. Sophie, with too much FOMO and never enough money, obsesses over her ex-husband's Family 2.0—all while keeping her true desires hidden, even from herself. It starts as a joke during a tipsy night out, as Lauren, Madeline, and Sophie rail against everything wives do for free. Let's build an app that monetizes the mental load. And maybe get revenge on our exes in the process? Soon, the Wife App is born, and before long, it's the fastest growing start-up in New York City. But then life intervenes. Love intervenes. Ex-husbands intervene. And the consequences are bigger than anything Lauren, Madeline, or Sophie could have expected. Carolyn Mackler marks her debut into adult fiction with a hilarious rollercoaster ride of revenge and redemption that is at once a send-up of modern marriage and a celebration of female friendship and love in all forms.

*How Many Frogs Does It Take?* Pauline Verhoeff,2023-03-15 There you are... the old and modern woman. Are you a sweet old grannie who knits scarves and mittens for her grandkids? Or are you a modern granny who is either a marathon runner or a tennis player, and that is trying to find a new love? Love or casual hot sex? Do you want a knitting or a golf buddy? Understand your priorities before dating and know your goals and ethics. Whether you want to put up a lot of issues or not is entirely up to you, but remember you don't want to end up with a vegan, nor a smoker, nor a drinker; or worse, neither a drug addict unless you abuse those substances yourself. In that case, have a blast! So may I recommend taking a JERK 0 METER when you date? I will give you some clues from my latest book *How Many Frogs does it take?* Some of the stories were experienced by my friends or myself. No males or animals were harmed in this production.

**The Viridian Path** Steve Kuehn,2016-04-16 2083 AD From the ashes of Earth to the terrifying murk of Cygnus Space, there is no escaping the Viridian Path. In a time of exploration and human ingenuity, mankind languishes captive to the Path's galactic web of tyranny, trapped behind Walls built as much from scorn as from synthetic concrete. To flee the enforced collective is to be hunted to the end of the Galaxy by the Federal Government's coldblooded Reclamation Army. On New America, while the Galaxy's ruling family plays god, their cloned son, Alex Halder, risks everything to bring an end to the Path's ruthless control. Employing the help of an insane Senator and an eclectic band of Freedom Fighters, Alex races to overthrow the Viridian Path even as a Chinese collection armada closes in on America's crumbling capital in search of money the establishment long ago spent. Eternally desperate for other people's money, President Quarterback and the elites of the Path wield cyborgs, trial lawyers and other agents of evil in a bid to maintain absolute power. As Senator Jack Wheeler fights his way back to Earth for a showdown with Washington's elite machine, Alex Halder learns the terrifying truth of

the mysterious Kalban people and the sweeping Cygnus Sickness following them from the Void. A captive of his bureaucratic family and consumed by doubt for humanity's salvation, Alex Halder is haunted by the memory of a young girl he has never met and believes he has discovered the source of all human misery.

Today, cyberculture is identified highly with new media and digital rhetoric and could be used to create a comprehensive map of modern culture. *Present and Future Paradigms of Cyberculture in the 21st Century* is a comprehensive research publication that explores the influence of the internet and internet culture on society as a whole. Highlighting a wide range of topics such as digital media, activism, and psychology, this book is ideal for academicians, researchers, sociologists, psychologists, anthropologists, and students.

**Face** Jessica Helfand, 2019-11-12 An elaborately illustrated A to Z of the face, from historical mugshots to Instagram posts. By turns alarming and awe-inspiring, *Face* offers up an elaborately illustrated A to Z—from the didactic anthropometry of the late-nineteenth century to the selfie-obsessed zeitgeist of the twenty-first. Jessica Helfand looks at the cultural significance of the face through a critical lens, both as social currency and as palimpsest of history. Investigating everything from historical mugshots to Instagram posts, she examines how the face has been perceived and represented over time; how it has been instrumentalized by others; and how we have reclaimed it for our own purposes. From vintage advertisements for a “nose adjuster” to contemporary artists who reconsider the visual construction of race, *Face* delivers an intimate yet kaleidoscopic adventure while posing universal questions about identity.
