The Skinny on Credit Cards Jim Randel, 2009 The Skinny on Credit Cards is the story of Billy and Beth, a typical American couple, as they struggle with the use (and abuse) of their credit cards. Our story also looks at their 18-year-old son, Jake, a college freshman who loves the idea of having his own credit cards. Through their experiences, we learn about the incredible convenience, heartache, and commentary generated by that little piece of plastic.

Confessions of a Credit Junkie Beverly

Harzog,2013-11-25 Credit card expert Beverly Harzog shares how she went from being a credit card disaster to a credit card diva. When Beverly got out of college, she spent the next 10 years racking up debt on seven credit cards. Credit card limits, she believed, were merely “guidelines,” certainly not anything to be taken seriously...especially if she was in dire need of a new pair of shoes. The fact that she was a CPA at the time adds an ironic twist to the credit quagmire she slowly descended into. In *Confessions of a Credit Junkie*, Beverly candidly details her own credit card mishaps and offers easy-to-follow advice, often with a touch of Southern humor, to help others avoid them. In this much-needed book, you’ll learn: How to use the Credit Card Personality Quiz to choose the right credit cards The seven ways to use a credit card to rebuild credit How to get out of debt using a balance transfer credit card—and pay zero interest while doing it Credit card strategies to save a bundle on groceries, gas, and more Anyone in debt will benefit from the down-to-earth, practical tips Beverly offers.

The Plastic Effect Polly A. Bauer,Stephen Lesavich,

PhD, JD, 2012-12-14 WINNER 2013 ~ INDEPENDENT PUBLISHER LIVING NOW BOOK AWARD ~ GOLD MEDAL for best book in Finance/Budgeting. The Living Now Book Awards celebrate the innovation and creativity of newly published books that enhance the quality of our lives and publicize the importance of these books to readers . Do you have a credit card? Roughly 70% of adults in the U.S. do. In fact, Americans average 3.5 credit cards per person – that's a lot of plastic! Even with all that buying power in their wallets, most consumers have no idea the ways that they use (or misuse) their credit cards can affect their health, their relationships, and their credit scores. Many factors go into mounting credit card debt: impulse shopping, health emergencies, the loss of a job, marriage, divorce, a death in the family. With this debt comes stress, arguments, loss of sleep, inability to pay other bills, worry, health problems, crumbling relationships. Does any of this sound familiar? Increasing credit card debt and a lack of knowledge about how credit cards really work have created a new social phenomenon called The Plastic Effect. And if you have a credit card, The Plastic Effect can affect YOU. In this new book, internationally recognized credit card expert, Polly A. Bauer, CPCS and attorney Stephen Lesavich, PhD, JD, have selected 25 of the most common urban legends influencing the use and misuse of credit cards. The authors, as business leaders and credit card experts, walk you through these urban legends about how credit cards are used and misused, explaining what is true and what is likely to cause you trouble. You will get access to resources and additional information about each myth, tips from industry experts, and guidance that will help you use your credit cards more intelligently and effectively. You'll also learn how to understand your credit reports, improve your credit score and manage your debt in a way

that puts the power back in YOUR hands. In short, this book will help you break free of The Plastic Effect.

Preventing Credit Card Fraud Jen Grondahl Lee, Gini Graham Scott, 2017-03-17 Everyone is affected by credit card fraud, if they are aware of it or not. Every day there are a variety of ways that scams and fraudsters can get your card and personal information. Today so much business occurs over the Internet or via the phone where no card is present. What can start as a seemingly legitimate purchase can easily turn into fraudulent charges – or worse, sometimes a physical confrontation, when a criminal steals a credit card from a consumer who meets to pick up a product or receive a service. In Preventing Credit Card Fraud, Jen Grondahl Lee and Gini Graham Scott provide a helpful guide to protecting yourself against the threat of credit card fraud. While it may not be possible to protect yourself against all fraudsters, who have turned scamming Internet businesses into an art, these tips and techniques will help you avoid many frauds. As a growing concern in today's world, there is a need to be better informed of what you can do to keep your personal information secure and avoid becoming a victim of credit card fraud. Preventing Credit Card Fraud is an important resource for both merchants and consumers engaged in online purchases and sales to defend themselves against fraud.
