Netherland Joseph O'Neill,2008-05-20 A NEW YORK TIMES BOOK REVIEW BEST BOOK OF THE YEAR • WINNER OF THE PEN/FAULKNER AWARD • Netherland tells the fragmented story of a man in exile—from home, family and, most poignantly, from himself.” —Washington Post Book World In a New York City made phantasmagorical by the events of 9/11, and left alone after his English wife and son return to London, Hans van den Broek stumbles upon the vibrant New York subculture of cricket, where he revisits his lost childhood and, thanks to a friendship with a charismatic and charming Trinidadian named Chuck Ramkissoo, begins to reconnect with his life and his adopted country. As the two men share their vastly different experiences of contemporary immigrant life in America, an unforgettable portrait emerges of an other New York populated by immigrants and strivers of every race and nationality.

The Making of New Zealand Cricket Greg Ryan,2004-08-02 It is generally forgotten that cricket rather than rugby union was the 'national game' in New Zealand until the early years of the twentieth century. This book shows why and how cricket developed in New Zealand and how its character changed across time. Greg Ryan examines the emergence and growth of cricket in relation to diverse patterns of European settlement in New Zealand - such as the systematic colonization schemes of Edward Gibbon Wakefield and the gold discoveries of the 1860s. He then considers issues such as cricket and social class in the emerging cities; cricket and the elite school system; the function of the game in shaping relations between the New Zealand provinces; cricket encounters with the Australian colonies in the context of an 'Australasian' world. A central theme is cricketing relations with England at a time when New Zealand society was becoming acutely conscious of both its own identity and its place within the British Empire. This imperial relationship reveals structures, ideals and objectives unique to New Zealand. Articulate, engaging and entertaining, Ryan demonstrates convincingly how the cricketing experience of New Zealand was quite different from that of other colonies.

Cricketing Cultures in Conflict Boria Majumdar,J A Mangan,2004-05-20 The 2003 World Cup was of vital importance to the participating countries. For India, a world cup triumph would make cricket the nation's leading industry; for the host, South Africa, a successful campaign might realize its dream of political unity. Dealing with themes of racial/political unification, commercialization, the media and globalisation, this book explores the role of cricket and sport in each of the competing nations. Looking at recent developments such as match-fixing, the abolition of the quota system and the performances of the South African national team, the collection examines the importance of the Cricket World Cup in providing a unified political, social and economic stage from which a united South African identity can finally emerge. The book also explores the role of the Cricket World Cup in relation to West Indian unity, Pakistani economic regeneration, Sri Lankan, Kenyan and Zimbabwean peace.

Sports Law in New Zealand Elizabeth Toomey,2023-05-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of sports law in New Zealand deals with the regulation of sports activity by both public authorities and private sports organizations. The growing internationalization of sports inevitably increases the weight of global regulation, yet each country maintains its own distinct regime of sports law and its own national and local sports organizations. Sports law at a national or organizational level thus gains a growing relevance in comparative law. The book describes and discusses both state-created rules and autonomous self-regulation regarding the variety of economic, social, commercial, cultural, and political aspects of sports activities. Self-regulation manifests itself in the form of by-laws, and encompasses organizational provisions, disciplinary rules, and rules of play. However, the trend towards more professionalism in sports and the growing economic, social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities. This form of regulation appears in a variety of legal areas, including criminal law, labour law, commercial law, tax law, competition law, and tort law, and may vary following a particular type or sector of sport. It is in this dual and overlapping context that such much-publicized aspects as doping, sponsoring and media, and responsibility for injuries are legally measured. This monograph fills a gap in the legal literature by giving academics, practitioners, sports organizations, and policy makers access to sports law at this specific level. Lawyers representing parties with interests in New Zealand will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative sports law.

Cricket, Race and the 2007 World Cup Boria Majumdar,Jon Gemmell,2013-09-13 Cricket has been subject to a number of changes over the last twenty years. We can no longer talk of a sport particular to an out-dated English way of life. Cricket has become global and has to exist within the global environment. Primarily the world game has become commercialised. This collection of essays assesses the developments within major playing nations between the World Cups. Do we now live in a world where commercialism is the primary factor in determining sports, or are wider historical prejudices still evident? Seeking to answer these questions, Cricket, Race & the 2007 World Cup focuses on racial and ethnic tensions and their place in the new globalized, cricketing environment. This book was previously published as a special issue of Sport in Society.

Reflecting 9/11 Heather Pope,Victoria Bryan,2016-06-22 In over fifteen years, the cultural and artistic response to 9/11 has been wide-ranging in form and function. As the turbulent post-9/11 years have unfolded – years that have been shaped and characterized by the War on Terror, the Patriot Act, the Wars in Afghanistan and Iraq, 7/7, Abu Ghraib and Guantánamo Bay – these texts have been commemorative and heroic, have attempted to work through collective and individual traumas, and have struggled with trying to represent the “terrorist other.” Many of these earlier domestic, heroic and traumatic works have so often been read as limitations in narrative. This collection, however, challenges the language of limitation and provides re-readings of earlier work, but also traces the emergence of a new paradigm for discussing the artistic responses to 9/11 – one that frames these narratives as dialogic, self-conscious and self-reflexive interventions in the responses to the attacks, the initial representations of the attacks, and the ever-shifting social and geopolitical continuities of the 9/11 decade. These texts widen the conversation about the lasting impacts of 9/11, and incorporate strands of discussion on American exceptionalism and imperialism, torture, and otherness, whilst still remaining invested in the personal and collective traumas of the attacks. The authors included here ask crucial questions about the way 9/11 is being historicized: will it, for example, be read as a moment of rupture or epoch? Will it inevitably be attached to the War on Terror or the Wars in Iraq and Afghanistan? As they trace the emergent patterns of reflexivity, politicization and dissent, the contributions here are also implicitly invested

in asking how far they extend.

You Must Like Cricket? Soumya Bhattacharya,2011-06-30 The great C L R James once asked: 'What do they know of cricket who only cricket know?' For some of us answering that can keep you awake at night. Soumya Bhattacharya knows this: he has a steady job, a loving wife, a daughter he dotes on. But most of all he has cricket. Or perhaps more accurately: cricket has him. Ever since he can remember, he's loved the game. From his first knockabouts on the living-room carpet - with his mother's paper bats and balls - he progressed to Test Match Special on short-wave, then to the whole panoply of obsession: one-dayers, Test matches, TV highlights, re-runs of TV highlights, always following one team - India. When you come from a country where the game is more than a religion, you must like cricket, right? In this sparkling memoir of a lifetime spent in the company of eleven men, a green field and a billion other worshippers, Soumya Bhattacharya gives us a guided tour of the soul of a cricket obsessive. Part reportage, part travelogue, part cultural politics, You Must Like Cricket? takes us from his home in Kolkata to Lord's and back again as Bhattacharya explores the joys and the lows (mostly the lows) of a thirty-year love affair, how one game has become so closely tied to a nation's identity, and the troubling hold cricket has over him. But if your home ground was called Eden Gardens, where else would you rather be?
