

Criminal Case

Michael Birzer,Cliff Roberson

Georgia Criminal Law Case Finder Donald F. Samuel,1993-01-01

THE CANARY MURDER CASE S. S. VAN DINE,2023-05-27 For many years I was the personal attorney and constant companion of Mr. Philo Vance; and this period covered the four years during which Mr. John F.-X. Markham, Vance's closest friend, was District Attorney of New York. As a result it was my privilege to be a spectator of what I believe was the most amazing series of criminal cases that ever passed before the eyes of a young lawyer. Indeed, the grim dramas I witnessed during that period constitute one of the most astonishing secret documents in American police history. Of these dramas Vance was the central character. By an analytical and interpretative process which, as far as I know, has never before been applied to criminal activities, he succeeded in solving many of the important crimes on which both the police and the District Attorney's office had hopelessly fallen down. Due to my peculiar relations with Vance it happened that not only did I participate in all the cases with which he was connected, but I was also present at most of the informal discussions concerning them which took place between him and the District Attorney; and, being of methodical temperament, I kept a complete record of them. It is fortunate that I performed this gratuitous labor of accumulation and transcription, for now that circumstances have rendered possible my making the cases public, I am able to present them in full detail and with all their various sidelights and succeeding steps. In another volume—"The Benson Murder Case"—I have related how Vance happened to become involved in criminal investigation, and have also set forth the unique analytic methods of crime detection by which he solved the problem of Alvin Benson's mysterious murder. The present chronicle has to do with Vance's solution of the brutal murder of Margaret Odell—a cause célèbre which came to be known as the "Canary" murder. The strangeness, the daring, the seeming impenetrability of the crime marked it as one of the most singular and astonishing cases in New York's police annals; and had it not been for Philo Vance's participation in its solution, I firmly believe it would have remained one of the great unsolved mysteries of this country...FROM THE BOOKS.

Case of a Lifetime Abbe Smith,2008-07-22 A recent study estimates that thousands of innocent people are wrongfully imprisoned each year in the United States. Some are exonerated through DNA evidence, but many more languish in prison because their convictions were based on faulty eyewitness accounts and no DNA is available. Prominent criminal lawyer and law professor Abbe Smith weaves together real life cases to show what it is like to champion the rights of the accused. Smith describes the moral and ethical dilemmas of representing the guilty and the weighty burden of fighting for the innocent, including the victorious story of how she helped free a woman wrongly imprisoned for nearly three decades. For fans of Law and Order and investigative news programs like 20/20, Case of a Lifetime is a chilling look at what really determines a person's innocence.

The Tattoo Murder Case Akimitsu Takagi,2003-07-01 Kinue Nomura survived World War II only to be murdered in Tokyo, her severed limbs discovered in a room locked from the inside. Gone is the part of her that bore one of the most beautiful full-body tattoos ever rendered. Kenzo Matsushita, a young doctor who was first to discover the crime scene, feels compelled to assist his detective brother, who is in charge of the case. But Kenzo has a secret: he was Kinue's lover, and soon his involvement in the investigation becomes as twisted and complex as the writhing snakes that once adorned Kinue's torso. The Tattoo Murder Case was originally published in 1948; this is the first English translation.

Constructing a Criminal Case Katherine Pang,2011 PRINT ON DEMAND COPIES ARE AVAILABLE VIA REDSHELF This textbook provides a model for students to learn the various types of crimes studied in a criminal law course, how to identify the material elements of the crimes, and how to develop analytical reasoning skills by integrating material facts from cases and hypothetical fact patterns with the elements of various crimes. Constructing a Criminal Case emphasizes an integrative method of instruction based on learning theory that stimulates contextual, relevant learning so that students can make sense and meaning of the course content. In this textbook, students will learn not only the fundamental content of a traditional criminal law course, including the elements of various crimes as defined by a variety of states in their criminal code/penal code, but will also have the opportunity to integrate criminal law, criminal procedure, and evidence by learning how to construct a case and applying their knowledge in an applied learning activity -- a mock criminal trial. Throughout the textbook the student has the opportunity to stop and engage their learning by reading statutory language from a variety of state penal codes and case excerpts and then applying their learning to hypothetical fact patterns and practical application exercises. The instructional design pedagogy of the textbook emphasizes not only learning course content but promoting the retention and application of the course content. The many questions posed throughout the textbook are designed to build on previously learned concepts by using reflective questions and application exercises that develop critical thinking and analytical reasoning. In addition to being used as the primary text for any criminal law course, Constructing a Criminal Case can also be used for courses in trial advocacy, the criminal trial process, or for gaining an understanding of criminal justice from an integrated legal perspective. The Teacher's Manual is available electronically on a CD or via email. Please contact Beth Hall at bhall@cap-press.com to request a copy. PowerPoint slides are available upon adoption. To view sample slides from the full 231-slide presentation, click here. Email bhall@cap-press.com for more information.

The Politics of Murder Margo Nash,2016-11-22 This true crime investigation of a Boston teenager's murder trial is "a chilling story about corruption, political power and a stacked judicial system (John Ferak, author of Failure of Justice). On a hot night in July 1995, Janet Downing was stabbed ninety-eight times in her Somerville home, two miles northwest of Boston. Within hours, fifteen-year-old Eddie O'Brien was identified as the prime suspect. The best friend of one of Janet's sons, Eddie was a peculiar choice. He had no criminal record or symptoms of mental illness. He had neither motive nor opportunity to commit the crime—while others had both. And yet, powers far beyond Somerville decided that Eddie was guilty. Perhaps it was politics. At the time, a movement targeting the supposed scourge of young "superpredators" was sweeping the nation. Dubbed the alter boy murder case by Court TV, Eddie's trial garnered national publicity and changed juvenile law in Massachusetts. But, as attorney Margo Nash demonstrates in this explosive expose, the justice system failed Eddie. Appointed Eddie's guardian ad litem, Nash attended every court session and gained access to his files. Examining the investigation, trial transcripts, and forensic evidence, Nash demonstrates that Eddie could not have committed the crime and that other viable suspects were never properly considered. Now readers can decide if politics sent an innocent boy to adult prison for the rest of his life.

A Cold Case Philip Gourevitch,2002-07-10 From a prize-winning author and, in Elmore Leonard's words, a knockout writer, comes a masterfully written and gripping tale of a determined investigator who reopens an unresolved case

of double homicide in New York nearly thirty years after the brutal event. Philip Gourevitch vividly evokes the almost vanished gangland of New York in the sixties, and carries us deep into the lives and minds, the passions and perplexities, of two extraordinary men who embody opposing but quintessentially American codes of being—the lawman Andy Rosenzweig and the outlaw Frankie Koehler. With *A Cold Case*, Gourevitch masterfully transforms a criminal investigation into a searching literary reckoning with the urges that drive one man to murder and another to hunt murderers.

Federal Criminal Case Processing, 1990

How to Try a Criminal Case Stephen Hrones, 1982

For the Prosecution C. J. Williams, 2020-03-16 The vast majority of prosecution work occurs outside of courtrooms and less than 10% of all criminal cases go to trial. Courtroom performance, then, is of little import if prosecutors have not carefully investigated and prepared cases for prosecution. Courtroom performance is at its best, on the other hand, when prosecutors have thoroughly supervised the investigation and prepared the case for trial. In the end, the raw material prosecutors have to work with in courtrooms—the evidence—is a product of all of the work prosecutors perform outside the courtroom. *For the Prosecution: How to Prosecute Criminal Cases* seeks to provide prosecutors and those who wish to become prosecutors, including law students, guidance on how to prosecute criminal cases from investigation to appeal. This book provides guidance on how to successfully investigate and prosecute criminal cases. Thus, this book focuses on strategies and tactics involved in prosecution, and the soft skills for managing cases and people. This book examines how to think about criminal cases, guide investigations, and break down and organize complex cases in a persuasive manner. The book also examines ways to organize and prioritize caseloads, strategies for taking down criminal organizations, and tactics for turning criminals into cooperators. The book describes how to handle motions practice, prepare a case for trial, and successfully litigate sentencing hearings and appeals. This is not just another trial advocacy book. It is all of the work prosecutors perform outside the courtroom that makes it possible for them to resolve more than 90% of their cases through guilty pleas, and to prevail on the relatively few cases that go to trial. This book focuses on all the laws, duties, strategies and tactics prosecutors execute investigating and prosecuting criminal cases for those who wish to become prosecutors or further their career. Throughout C.J. Williams explores the strategies and tactics involved in prosecuting criminal cases, as well as examines the skills a successful prosecutor needs to develop in order to work with all those involved in the criminal justice system. He even brings his own experiences and lessons learned about prosecuting criminal cases into *For the Prosecution*, giving the reader more than the typical trial advocacy book.

The Sphinx Murder Case Donald E. McInnis, 2022-02-12 The young man confessed; case closed. The powerbrokers in Downtown San Diego can now say the serial rapist who has haunted the city's beaches is behind bars. Or can they? Did David Caine actually confess? Did he truly rape and kill his college sweetheart? A. J. Hawke, Attorney at Law, believes otherwise, insisting the real culprit, dubbed The Sphinx, raped and killed the young woman. Worse yet, The Sphinx is still at large. Meanwhile, the powers-that-be at City Hall and within the hospitality industry fear Hawke will needlessly tarnish the image of America's Finest City by dragging the clearly open-and-shut case into a sensational trial the news media will milk for every drop—just as the beachfront city's economically critical tourist season begins.

The Death of Old Man Rice Martin L. Friedland, 1996-08 The Story of One of the Most Remarkable Trials in All History! Sensational trials--the Menendez brothers, the Rodney King case, the Preppie Murder--are not unique to the age of television. The year 1900 saw one of the most dramatic criminal trials in American history, described by one newspaper at the time as America's most remarkable murder case. When William Marsh Rice, the founder of Rice University, was found dead in the New York City quarters he shared with his only servant, suspicion immediately fell on Albert Patrick, a young lawyer. Rice, whose fortune was pledged to Rice Institute (later Rice University), had, it seemed, been killed by chloroform poisoning and his will forged to give Patrick his vast estate. Patrick was immediately arrested and, in a spectacular trial, tried for first-degree murder, a crime then punishable by execution. In this combination murder mystery and murder history, Martin Friedland recounts the events leading up to the trial and the case as it played itself out in court. Skillfully guiding the reader through the trial and its outcome, Friedland sheds new light on the events, casting doubt on what, at first glance, seems an ironclad case. Provocatively illustrated with over 60 photographs that capture the circumstances of the trial and the mood of New York City at the turn of the century, *The Death of Old Man Rice* is not only a gripping tale of murder and intrigue, but a timely window onto many aspects of criminal justice in America. Touching on issues of great contemporary relevance-- such as the influence of the popular press; the purchase of expert witnesses; the problems of multiple appeals; the inadequacy of penal institutions; and the advantages of wealth--Friedland combines scholarship with suspense in his trademark who-did-it style. A murder mystery, a historical study, and a fascinating window into the world of forensic science, *The Death of Old Man Rice* is that rare book that can engage any reader.

Introduction to Criminal Investigation Michael Birzer, Cliff Roberson, 2018-07-31 The manner in which criminal investigators are trained is neither uniform nor consistent, ranging from sophisticated training protocols in some departments to on-the-job experience alongside senior investigators in others. Ideal for students taking a first course in the subject as well as professionals in need of a refresher, *Introduction to Criminal Investigation* uses an accessible format to convey concepts in practical, concrete terms. Topics discussed include: The history of criminal investigation in Western society Qualifications for becoming an investigator, the selection process, and ideal training requirements Crime scene search techniques, including planning and post-search debriefing Preparing effective field notes and investigative reports Interviewing and interrogating Types of evidence found at the crime scene and how to collect, package, and preserve it The contributions of forensic science to criminal investigations and the equipment used in crime labs Investigative protocol for a range of crimes, including property crimes, auto theft, arson, financial crimes, homicide, assault, sex crimes, and robbery Specialized investigations, including drug trafficking, cybercrime, and gang-related crime Legal issues involved in criminal investigations and preparing a case for trial Bringing together contributions from law enforcement personnel, academics, and attorneys, the book combines practical and theoretical elements to provide a comprehensive examination of today's criminal investigative process. The accessible manner in which the information is conveyed makes this an ideal text for a wide-ranging audience.

The Kidnap Murder Case (A Philo Vance Detective Story) S. S. Van Dine, 2016-01-15 This early work by S. S. Van Dine was originally published in 1936 and we are now republishing it with a brand new introduction. 'The Kidnap

Murder Case' is one of Van Dine's novels of crime and mystery. S. S. Van Dine was born Willard Huntington Wright in Charlottesville, Virginia in 1888. He attended St. Vincent College, Pomona College and Harvard University, but failed to graduate, leaving to cultivate contacts he had made in the literary world. At the age of twenty-one, Wright began his professional writing career as literary editor of the Los Angeles Times. In 1926, Wright published his first S. S. Van Dine novel, The Benson Murder Case. Wright went on to write eleven more mysteries. The first few books about his upper-class amateur sleuth, Philo Vance, were so popular that Wright became wealthy for the first time in his life. His later books declined in popularity as the reading public's tastes in mystery fiction changed, but during the late twenties and early thirties his work was very successful.

Criminal Investigation James W. Osterburg, Richard H. Ward, 2010-06-25 This text presents the fundamentals of criminal investigation and provides a sound method for reconstructing a past event (i.e., a crime) based on three major sources of information - people, physical evidence and records. More than a simplistic introductory text, yet written in an easy-to-read, user-friendly format, it offers a broad approach to criminal investigation. Dozens of photographs, graphics, table, charts and diagrams supplement the text. A glossary elaborates on terms found in the text, gathered into one handy reference.

The Murder case Atty. Catherine S. Pariño ,2024-02-26 A Question of Innocence This is a compilation of cross-examination dialogues during the murder trial of Mr. Accused. A well-planned, beautiful, and luxurious garden wedding with the mistress, that hilariously landed in courtroom. Mr. Accused was accused of murdering his own wife in their own backyard, the night of his out-of-town convention. After several months of trial, the defendant Mr. Accused was acquitted. He was represented by the remarkable criminal defense lawyer, the seasoned one, renowned for her sharp intellect , meticulous attention to detail, and relentless pursuit of the truth. The case presented a formidable challenge, but Ms. Lawyer was undeterred. The prosecution built a robust case, Mr. Accused and Mrs. Wiffey were going through a bitter divorce, and the night of the murder was seem amazingly planned to show people how promiscuous Mrs. Wiffey is. The case seemed straightforward, and public sentiment was against Mr. Accused. Ms. Lawyer was not convinced of Mr. Accused guilt, she dug deeper, investigating every facet of the case. She reexamined the crime scene, interviewed the neighbors, and scrutinized forensic reports. She uncovered two crucial pieces of evidence that turned the case on its head.

The Tenth Case Joseph Teller, 2016-06-13 I love the dry wit of Teller's work. Nelson Demille meets Turow or Grisham! –Goodreads review of Overkill A Jaywalker Case: Book 1 (originally published in 2008) Skirting the rules is his stock in trade, but this time criminal defense attorney Harrison J. Walker has gone too far and earned himself a suspension. Before his enforced vacation, he gets permission to clear his ten ongoing cases, and the tenth case will test everything he knows about winning. Samara Moss is the poster child for gold-diggers everywhere. She married an elderly billionaire when she was an eighteen-year-old ex-prostitute, and now she's stabbed him in the heart. Or has she? Jaywalker's not so sure. But is his determination to exonerate her driven by moral certainty, his driving need to win – or his desire for this particular client's undying gratitude? Don't miss a single one of Joseph Teller's award-winning Jaywalker novels: The Tenth Case Bronx Justice Depraved Indifference Guilty as Sin Overkill

The People Vs. Barack Obama Ben Shapiro, 2015-04-28 American conservative political commentator, Ben Shapiro presents his arguments of wrong doings by the Obama administration.

Criminal Investigation, Fourth Edition Michael J. Palmiotto, 2012-06-25 Criminal investigators need broad knowledge of such topics as criminal law, criminal procedure, and investigative techniques. The best resource for these professionals will distill the needed information into one practical volume. Written in an accessible style, the fourth edition of Criminal Investigation maintains the same reader friendly approach that made its predecessors so popular with students, professionals, and practitioners. Beginning with an overview of the history of criminal investigation, the book explores current investigative practices and the legal issues that constrain or guide them. It discusses the wide range of sources of information available, including the internet, individuals, state and local sources, and federal agencies and commissions. Next, the book discusses other investigative techniques, including interviewing and interrogation, informants, surveillance, and undercover operations. A chapter on report writing provides explicit instructions on how to capture the most critical information needed in an investigation. Additional chapters cover the crime scene investigation and the crime laboratory. The remainder of the book delves into the specific investigative protocols for individual crimes, including sex offenses, homicide, mass and serial murder, assault and robbery, property crimes, cybercrime, and narcotics. Concluding chapters focus on the police/prosecutor relationship and investigative trends. Each chapter includes a summary, a list of key terms, and review questions so that readers can test their assimilation of the material. Clear and concise, this book is an essential resource for every criminal investigator's toolbox.

Case Studies in Criminal Justice Ethics Michael Braswell, Larry Miller, Joycelyn Pollock, 2011-08-30 Building on the success of the popular first edition, the authors provide hypothetical criminal justice scenarios for analysis, having found in their experience as teachers that the process adds depth and dimension to the study of justice and ethics. This expanded second edition offers ten new cases addressing the intricate process of moral and ethical decision making. Focusing on both personal and social context, the authors explore true-to-life situations and encourage readers to think about the possible consequences that could result from the choices they make. The case studies provide realistic portrayals of current dilemmas in policing, courts, corrections, and juvenile justice. Political and noble cause corruption, perjury and judicial/prosecutorial misconduct, ethnic and gender prejudice, and many other social and criminal justice themes are featured. Following each scenario are thought-provoking questions to facilitate personal reflection and class discussion. Each section contains a bibliography of topical books and articles for readers interested in a more in-depth treatment of the issues.
