James Devon

Crime and Punishment in American History Lawrence Friedman, 2010-11-05 In a panoramic history of our criminal justice system from Colonial times to today, one of our foremost legal thinkers shows how America fashioned a system of crime and punishment in its own image.

Onder criminelen Astrid van der Star, 2011-10-07 Hoe is het om als vrouw in een mannengevangenis te werken? Astrid van der Star geeft een onthutsend inkijkje. Nadat de kinderen de deur uit waren was Astrid van der Star op zoek naar een baan. Haar oog viel op een advertentie in de krant waarin gevangenbewaarders werden gezocht. Ze solliciteerde en werd aangenomen. Ze begon in 1986 en werkte uiteindelijk op de kop af twintig jaar, levenslang dus, in het Huis van Bewaring aan de Noordsingel in Rotterdam. Voordat Astrid begon, wist ze eigenlijk net zoveel over de gevangenis als de gemiddelde Nederlander. Tijdens haar opleiding leerde ze al veel meer over de diverse gevangenissen en hun bewoners, maar de praktijk sloeg werkelijk alles. Ze liep al snel tegen de realiteit aan, waarin bizarre, tragische, komische, gekke en extreme gebeurtenissen elkaar in hoog tempo afwisselden. In Onder criminelen doet ze op eerlijke wijze verslag van deze boeiende job in haar kleurrijke loopbaan. Dit boek geeft de lezer een verrassend kijkje in de coulissen van een gevangenis.

De grootste criminelen Alles over Historia, 2020-09-03 Twee mannen zaten gebogen over de koffietafel met een opgerold dollarbiljet in hun neusgat. Over de tafel liep een lijntje wit poeder. De deelnemers begonnen elk aan hun eigen kant en snoven zo hard als ze konden. Ze wilden zo veel mogelijk cocaïne inhaleren voordat het lijntje op was. Cocaine chicken was een geliefd spelletje op de feestjes van de jetset van Los Angeles in de jaren 1970. De cocaïne kwam uit Colombia, en de drugsbaron Pablo Escobar verdiende iedere dag miljoenen dollars aan de Amerikaanse gebruikers. Er werd een hevige strijd geleverd om de markt: in de Colombiaanse karteloorlog vielen elk jaar 25.000 doden. De beestachtige moorden die Jack the Ripper in Londen pleegde, kostten 'slechts' vijf mensen het leven, maar de hele stad leefde in angst en de dader werd nooit gepakt. In het eerste nummer van Historische Hoogtepunten nemen we de misdaad onder de loep: van de middeleeuwse roofbaronnen tot de maffia in de VS.

Zeven kleine criminelen Christian Frascella, 2019-04-12 Zeven twaalfjarige jongens beramen de overval van de eeuw. De leider van de groep, Billo, heeft een plan: 'We leggen het aan met de serveerster uit het café, stoppen een slaappil in de koffie die bestemd is voor de beveiliger van de bank en we worden allemaal rijk!' Aan alles wordt gedacht: neppistolen, bivakmutsen, een vluchtplan en natuurlijk de slaappil. Waar de zeven kleine criminelen echter niet op hebben gerekend is de terugkeer van 'de Mexicaan'.

The Criminal and the Community James Devon,2012-08 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

National Institute of Justice Journal ,1992

Uniform Crime Reports for the United States ,1930

Crime and Everyday Life Marcus Felson,Mary Eckert,2015-01-29

Crime and Everyday Life, Fifth Edition, offers a bold approach to crime theory and crime reduction. The text shows how crime opportunity is a necessary condition for illegal acts to occur. The authors offer realistic, often common-sense, ways to reduce or eliminate crime and criminal behavior in specific settings by removing the opportunity to complete the act. Using a clear and engaging writing style, author Marcus Felson and new co-author Mary Eckert talk directly to the student about criminal behavior, the routine activity approach, and specific crime reduction ideas. The authors emphasize how routine daily activities set the stage for illegal acts -- offering fascinating new ideas and examples not presented in earlier editions. Most importantly, this book teaches the student how to think about crime, and then do something about it.

The Mafia in Italian Lives and Literature Robin Pickering-Iazzi,2015-01-01 Pickering-Iazzi uses an array of cultural documents from 1990 to the present to examine the myths, values, codes of behaviour, and relationships produced by the Italian mafia through a wide cross-disciplinary lens.

Crime Control as Industry Nils Christie,2013-05-13

This classic text argues that crime control, rather than crime itself is the real danger for our future. Since the second edition was published in 1994, prison populations , especially in Russia and America, have grown at an increasingly rapid rate. This third edition is published to take account of these changes and draw attention to the scale of an escalating problem. It contains completely new chapters - one on 'penal geography', the other on 'the Russian case' - and has been extensively revised.

Search and Destroy Jerome G. Miller,2010-11-22

This tightly argued and methodologically sound volume addresses widespread social assumptions associating crime and African-American men. An exploration into the criminal justice system in America today and its impact on young African-American males, this book challenges the linking of crime and race and the conservative anti-welfare, hard-on-crime agenda. Jerry Miller has spent a lifetime studying and challenging our criminal justice system. He has worked to make it more progressive and more just. He has watched as it turned into a system of segregation and control for many Americans of color. That is the story told here in devastating detail.

Adolescent Crime Per-Olof H. Wikstrom,David A. Butterworth,2013-01-11

This book examines young people's involvement in crime (including crimes of violence, vandalism, shoplifting, burglary and car crime) as both victims and offenders. Although adolescence is the time when involvement in crime peaks, few previous UK-based studies have attempted to provide a methodical and comprehensive understanding of adolescent offending on a city-wide basis. This book seeks a better understanding of adolescent crime by studying the relationship between individual characteristics (social bonds and morality and self-control) and lifestyles (as defined by delinquent peers, substance use and

exposure to risky behaviour settings) and their joint influence on adolescent involvement in crime, against the backdrop of the juveniles' social context - taking into account family, school and neighbourhood influences. The findings of this study suggest the existence of three main groups of adolescent offenders; propensity induced offenders, life-style dependent offenders and situationally limited offenders, groups of offenders having different causal backgrounds to their crime involvement, and who therefore may warrant different strategies for effective prevention.
