Best Tips and Tricks for CS GO Minh Hoang Pham,2019-08-25 Since Counter-Strike: Global Offensive's release in 2012, it's become one of the most popular esports in the world, regularly pulling in audiences in the millions. On top of that, it's managed to hold steady as one of the most popular games on Steam since its release. Now it's gone free-to-play, it's sure to pull in some fresh blood. Since its release in 1999, Counter-Strike has always had a reputation for being hard to start playing. Anyone who plays it will have a story for you about how badly they got thrashed when they first started out, and countless new players have been scared off by CS' steep learning curve over the last decade and a half. CS: GO can be difficult to play if you're new, but you can improve with our CS: GO tips. Counterstrike: Global Offensive is a hugely popular first-person shooter, but it's not as welcoming to new players as games like Battlefield and Call of Duty. CS: GO is tough, especially when you don't know what to do or when to do it. While its core mechanics are relatively simple - simply point the gun towards your enemies and shoot - once you dip below the surface, Counter-Strike quickly proves to be a much deeper game than it first seems. With that in mind, we've gathered together some helpful tips, so if you're one of those new players enticed by that brand-new 'free' price tag, read on to help you swat up on Valve's famous FPS. If you are interested in improving your gameplay, you should check out our gameplay page. We provide a Guide for Money Management, Movement, Crosshair Placement, Aim Training and much more. If you practice and use our guides to improve your gameplay, you should get to Global Elite faster than normal. We provide the best strategies and sites to built up an inventory for free. Just start gambling with our free coins and you might get lucky and get yourself some free skins. If you want to bet your own money, make sure to use our strategies to get good results. We also offer some strategies where you only have a very low chance to lose any of your money! So take a look at this book and see what interests you!
