Heavy Traffic on a Dirt Road Alex Fogel,2016-01-07 Few people would suspect that mild-mannered Sean Recon Wallace was one of the most powerful men in the country - financially, politically, and physically. Content to spend his time alone in the wilderness of Southwest Georgia, the former Force Recon Marine never expected to stumble upon the scene where three men were preparing to make a pornographic snuff film. Rescuing the woman from the filmmakers was only the beginning, however. Informed that there was a shipment of captured young girls about to be sold into prostitution, and that someone in his own company is involved in the human trafficking conspiracy, Sean teams with a beautiful Australian heiress to save the girls, restore his corporate legacy, and prove that power deferred is not power lost. Adventure, mystery, romance and humor - the trademarks of a novel by Alex Fogel, are once again in abundant supply throughout Heavy Traffic on a Dirt Road.

Conversation Analysis and Early Childhood Education Amanda Bateman,2016-03-03 This book provides insight into the everyday activities co-produced by teachers and young children, demonstrating the fine details of teaching and learning as knowledge is shared through the everyday activities of talk-in-interaction. Adopting an ethnomethodological perspective, together with conversation analysis and membership categorisation analysis, it reveals how teaching and learning are jointly accomplished during activities such as pretend play episodes, during disputes, managing illness and talking about the environment. Through in-depth studies of child-teacher interactions, the book explores the means by which knowledge is transferred and episodes of teaching and learning are co-constructed by participants, shedding light on the co-production of social order, the communication of knowledge and manner in which professional and relational identities are made relevant in interaction. As such, Conversation Analysis and Early Childhood Education will be of interest not only to scholars of ethnomethodology and conversation analysis, but also to those working in the areas of early childhood studies and pedagogy.
