George Silberzahn

Darts Beginning to End George Silberzahn, 2009-06-25 Your techniques have given me the tools to become the best player I can be. Joe Everett (aka: dart face) New York City Certainly from reading the additional information in George's book (a must for all dart players) I now understand and feel when my stroke is good and bad and also I'm in a position where I am able to correct it if the first dart thrown is poor. Antony Sharrett (aka: Tanman) Harrogate, England I know it's working for me because now what feels like a bad night would have been considered a great night 6 months ago. Mark Kelly (aka: Drac0) Australia I have never felt more controlled and focused with my darts. The drills, the reading material, all of it are a huge help. Greg Kanes (aka: P-man) S. Africa The way George writes makes you wanna read it. Davin Burgess, (aka: davin) Nashville, Tennessee, U.S.A.

USA Darts Nigel Boeg, 2021-12-20 This book has been compiled to provide details of tournament winners and runners up of USA soft tip dart tournaments. Every effort has been used to identify and correctly record winners and runners up of tournaments. In some cases there will be results "missing". If these can be identified they will be included in a future edition. There may be errors with names being misspelt and ladies surnames may have changed. Where possible, hosting organisation and the year that the tournament was first held will be listed. Other facts about the tournament will be listed if available. This book provides the reader and dart enthusiast

information on other published books and magazines, links to web sites of dart manufacturers, Professional Bodies and Organisations, and dart stores. This is not a comprehensive list but begins the work of collating details into one place. Instead of being scattered around the World Wide Web across many sites and publications. I hope you enjoy the book.

**The American Darts Organization Book of Darts** Chris Carey, 1994-12 Darts is an increasingly popular game, and today there are some fifteen million regular dart players in the United States alone. Incredibly, there have been virtually no reliable, concise guides to darts that would introduce new players to its rules, conventions, equipment, and techniques - until now. The American Darts Organization Book of Darts includes succinct, authoritative information on the rules of darts, how to play (and win) a dozen of the most popular games, notes on equipment, basic techniques and strategies, and much more. Also included are sample games, practice routines, and official tournament rules. Darts is a game for everyone. The American Darts Organization Book of Darts is everyone's perfect introduction to the game.

American Darts Organization Book of Darts, Updated and Revised Chris Carey, 2006-08-01 The American Darts Organization Book of Darts has been thoroughly updated and revised for the benefit of the growing ranks of dart players. Darts continues to be among the fastest-growing sports in the world, and this is the book to introduce anyone to the joys of the game. It is estimated that there are over ten million regular players in the United

States alone. The American Darts Organization Book of Darts is your one convenient, clear source for buying darts, tips on play, and the rules of dozens of games. In addition, you'll learn the language of the sport (see glossary) as well as an introduction to websites of interest. This edition has been entirely rewritten and revised with new material throughout, including a new chapter, Tips from the Professionals, in which top-ranked professionals Stacy Bromberg and Steve Brown offer insights on their individual successes and sound advice on mechanics, equipment, and practice. For its size and price, this remarkably inclusive little book deserves a place next to every dartboard.

*The Mini Book of Mini Darts* Randall Lotowycz, John Passineau, 2013-01-01 Now you can play one of the world's best-loved games anytime, anywhere. A working miniature dart kit, *The Mini Book of Mini Darts* has everything you need to get your game on, and more. Created, designed, and illustrated by the team behind the successful *Darts!* calendar, it includes 40 colorful dartboards (used for 43 games); an ingenious fold-out design that features a stand-up magnetic backer; six blunt-tipped magnetic mini darts; and a full-color book filled with games, rules, technique, lore, and trivia—*a* celebration of darts. Ah, that satisfying thwack when the dart hits its target—but with no worries about needle-sharp projectiles going astray, or the need for a regulation distance between the oche (throwing line) and dartboard. Just set up the easel-style board on a desk, table, office cubicle, dorm-room floor—*or* yes,

barÑthen move back a few feet and play. The 43 games start on the traditional side, with classics like Cricket and 501 played on familiar boards of concentric rings, then move quickly into quirky, innovative, and fun challenges like Pyramid Power, Trip to the Stars, Cupid's Arrow, Roulette, Please Stand By, and Coney Island Hustle. The boards themselves are works of art, with imagery ranging from bowling pins to Stonehenge to a mushroom and pepperoni pizza, from a Mayan calendar to a drum kit. Plus readers will learn about top players, the origins of -01 games, dartitisÑthe darts version of the yipsÑand how to master the perfect throw.

*Scoring for Show, Doubles for Dough* Bobby George, Patrick Chaplin, 2011-06-01 This informative and fun reference book will provide hours of pleasure, making it a must have for fans of the game and anyone interested in finding out more about the light-hearted and humorous side of darts.

**The Ultimate Book of Darts** Anne Kramer, 2013-09-13 Share in the euphoria that comes of the “kill shot” by learning the skills and techniques required to play a great game of darts. From the history of the sport to choosing the right type of equipment, *The Ultimate Book of Darts* is written in an accessible style that is perfect for both novices and seasoned professionals. Dart throwing is now a global phenomenon with new players emerging every day. This amazing sport demands remarkable precision and an agile mind from its competitors. Learn the rules for playing team games and tips for improving your score and ability for more advanced competitions. Author Anne Kramer

focuses on the mechanics of dart throwing by discussing the pros and cons of various stances, such as toes square to the line versus one foot behind the other. This guide emphasizes good form over accuracy. If you develop good form, the accuracy will follow. Aside from mechanics this book also discusses the necessary equipment from types of darts to board materials, dimensions, and mounting. Whether you're an expert marksman who competes in a pub league or a guy who just enjoys throwing sharp objects, this is the go-to guide to a longstanding and fun tradition.

**The Outrageous and Completely Untrue History of the Sport of Darts** Paul Seigel, 2010-07-06 This is Dartoid's most recent and tiniest work of darts fiction and we should indeed be grateful for the latter. I can solemnly attest that it is, in my very humble opinion, quite the most historically inaccurate and stupid thing that anyone has ever put to paper. Despite his advanced apologies to his God, and many others, I am certain that they are insufficient to prevent him from being cast into Hades when the Grim Reaper eventually comes to call. Having said that, IT IS FUN!!!

*The Art of Darts* John Lowe, 2013-04-25 Can't hit the doubles? Got a bad case of dartitis? Want to stick it in the bull every time? You've come to the right place. Whether you want to improve your game wholesale or simply fine tune some misbehaving aspects, THE ART OF DARTS is essential for every darts player, fan or enthusiast and is well set to becoming the classic darts text.

A Bar Player's Guide to Winning Darts Fred Everson, 2002 A Bar Player's Guide to Winning Darts is a personal manual of form, technique and strategy for all dart players who love this friendly pub game. The two chapters dealing with the great American game, Cricket, are alone worth the price of the book. Capt. Fred writes in clear concise style and tells you how to go about keeping your opponent off balance so you can beat him to the bull. If you share the Captain's irreverent love of smoke-filled dart rooms and cold beer, this book is for you.

Married to the Franchise Jonathan A. Carroll, Ph.D.,2014-02-25 Jonathan Carroll married Nkechi Okoro when he was twenty-five years old, after an eighteen-month courtship. He knew that Nkechi was a “franchise player” who would lead him to a championship life from the moment they first met in college five years earlier. More than ten years after saying “I do,” she has more than delivered. In modern society, Jonathan and Nkechi’s relationship and rise into a marriage of champions seems like a rare occurrence. However, the truth is that there are similar couples from all walks of life who manage to maintain a committed bond while striving to be the best they can be. Married to the Franchise chronicles both Jonathan’s road to being in a position as a “relationship owner” where he could partner with a woman of Nkechi’s caliber, as well as the journeys of other men who found franchise players with whom to share a life. It explores the ways that these couples manage to keep walking side by side through financial ups and downs, career changes, and family expansion.

Darts Compendium 40 James Sapsford,2023-03-31 I was ignorant when it came to playing darts. 'It's just a game,' I thought. How wrong I was! This material is an excellent read; the games are designed to not only educate but to also build up your confidence and skill levels. I was amazed at how this literature has helped me, especially my mental arithmetic. When you follow the study chart for instance and the check outs, you really start from day one to improve. I thoroughly recommend you buy this book. The concept behind games is inspirational, not just for you but for your opportunity as well. I love the mental and physical challenge this book provides.

Darts John Rafa,2018-02 Competitive darts training book and reference manual for steel-tip and soft-tip darts. The book provides the information needed to learn the game and take it to league play, local tournaments, regional tournaments, national tournaments, and on to the world stage. After the introduction and explanation of the rules, the book focuses on the mental

and physical elements of the dart launch. Subsequent chapters explain how to play 501 (n01) and American Cricket; these games are the bedrocks of the competitive darting community. There are the rules for these games but the book more importantly explains how to play these games by the selection of statistically sound target options. 501 targeting is broken down by ranges from a remaining score of 2 thru 501, with the nuances of each range discussed in detail. The American Cricket chapter explains the strategies, tactics and maneuvers of the game with a considerable number of examples of game different situations. This is a serious book for both beginners and seasoned players that want to play this growing sport of darts.
