Darts Beginning to End George Silberzahn,2009-06-25 Your techniques have given me the tools to become the best player I can be. Joe Everett (aka: dart face) New York City Certainly from reading the additional information in George's book (a must for all dart players) I now understand and feel when my stroke is good and bad and also I'm in a position where I am able to correct it if the first dart thrown is poor. Antony Sharrett (aka: Tanman) Harrogate, England I know it's working for me because now what feels like a bad night would have been considered a great night 6 months ago. Mark Kelly (aka: Drac0) Australia I have never felt more controlled and focused with my darts. The drills, the reading material, all of it are a huge help. Greg Kanen (aka: P-man) S. Africa The way George writes makes you wanna read it. Davin Burgess, (aka: davin) Nashville, Tennessee, U.S.A.

USA Darts Nigel Boeg,2021-12-20 This book has been compiled to provide details of tournament winners and runners up of USA soft tip dart tournaments. Every effort has been used to identify and correctly record winners and runners up of tournaments. In some cases there will be results "missing". If these can be identified they will be included in a future edition. There maybe errors with names being misspelt and ladies surnames may have changed. Where possible, hosting organisation and the year that the tournament was first held will be listed. Other facts about the tournament will be listed if available. This book provides the reader and dart enthusiast information on other published books and magazines, links to web sites of dart manufacturers, Professional Bodies and Organisations, and dart stores. This is not a comprehensive list but begins the work of collating details into one place. Instead of being scattered around the World Wide Web across many sites and publications. I hope you enjoy the book.

The American Darts Organization Book of Darts Chris Carey,1994-12 Darts is an increasingly popular game, and today there are some fifteen million regular dart players in the United States alone. The American Darts Organization Book of Darts includes succinct, authoritative information on the rules of darts, how to play (and win) a dozen of the most popular games, notes on equipment, basic techniques and strategies, and much more. This edition has been entirely rewritten and revised with new material throughout, including a new chapter, Tips from the Professionals, in which top-ranked professionals Stacy Bromberg and Steve Brown offer insights on their individual successes and sound advice on mechanics, equipment, and practice. For its size and price, this remarkably inclusive little book deserves a place next to every dartboard.

The Mini Book of Mini Darts Randall Lotowycz,John Passineau,2013-01-01 Now you can play one of the world's best-loved games anytime, anywhere. A working miniature dart kit, The Mini Book of Mini Darts has everything you need to get your game on, and more. Created, designed, and illustrated by the team behind the successful Darts! calendar, it includes 40 colorful dartboards (used for 43 games); an ingenious fold-out design that features a stand-up magnetic backer; six blunt-tipped magnetic mini darts; and a full-color book filled with games, rules, technique, lore, and triviaÑa celebration of darts. Ah, that satisfying thwack when the dart hits its targetÑbut with no worries about needle-sharp projectiles going astray, or the need for a regulation distance between the oche (throwing line) and dartboard. Just set up the easel-style board on a desk, table, office cubicle, dorm-room floorÑor yes, barÑthen move back a few feet and play. The 43 games start on the traditional side, with classics like Cricket and 501 played on familiar boards of concentric rings, then move quickly into quirky, innovative, and fun challenges like Pyramid Power, Trip to the Stars, Cupid's Arrow, Roulette, Please Stand By, and Coney Island Hustle. The boards themselves are works of art, with imagery ranging from bowling pins to Stonehenge to a mushroom and pepperoni pizza, from a Mayan calendar to a drum kit. Plus readers will learn about top players, the origins of -01 games, dartitisÑthe darts version of the yipsÑand how to master the perfect throw.

The Outrageous and Completely Untrue History of the Sport of Darts Paul Seigel,2010-07-06 This is Dartoid's most recent and tiniest work of darts fiction and we should indeed be grateful for the latter. I can solemnly attest that it is, in my very humble opinion, quite the most historically inaccurate and stupid thing that anyone has ever put to paper. Despite his advanced apologies to his God, and many others, I am certain that they are insufficient to prevent him from being cast into Hades when the Grim Reaper eventually comes to call. Having said that, IT IS FUN!!!

Darts John Rafa,2018-02 Competitive darts training book and reference manual for steel-tip and soft-tip darts. The book provides the information needed to learn the game and take it to league play, local tournaments, regional tournaments, national tournaments, and on to the world stage. After the introduction and explanation of the rules, the book focuses on the mental and physical elements of the dart launch. Subsequent chapters explain how to play 501 (n01) and American Cricket; these games are the bedrocks of the competitive darting community. There are the rules for these games but the book more importantly explains how to play these games by the selection of statistically sound target options. 501 targeting is broken down by ranges from a remaining score of 2 thru 501, with the nuances of each range discussed in detail. The American Cricket chapter explains the strategies, tactics and maneuvers of the game with a considerable number of examples of game different situations. This is a serious book for both beginners and seasoned players that want to play this growing sport of darts.
