Toklas, Humphrey Bogart and Lauren Bacall, Joe DiMaggio and Marilyn Monroe, Elvis Presley and Priscilla Beaulieu, John Lennon and Yoko Ono-while we're familiar with all of these people as individuals, we also associate them with the grand, sometimes fiery passion they shared with their partners. 40 Days of Dating Timothy Goodman,Jessica Walsh,2015-01-20 "What would happen if Harry met Sally in the age of Tinder and Snapchat? . . . A field guide to Millennial dating in New York City" (New York Daily News). When New York-based graphic designers and long-time friends Timothy Goodman and Jessica Walsh found themselves single at the same time, they decided to try an experiment. The old adage says that it takes forty days to change a habit--could the same be said for love? So they agreed to date each other for forty days, record their experiences in questionnaires, photographs, videos, texts, and artworks, and post the material on a website they would create for this purpose. What began as a small experiment between two friends became an Internet sensation, drawing five million unique (and obsessed) visitors from around the globe to their site and their story. 40 Days of Dating: An Experiment is a beautifully designed, expanded look at the experiment and the results, including a great deal of material that never made it onto the site, such as who they were as friends and individuals before the forty days and who they have become since.

Dataclysm Christian Rudder,2014-09-09 A New York Times Bestseller An audacious, irreverent investigation of human behavior--and a first look at a revolution in the making Our personal data has been used to spy on us, hire and fire us, and sell us stuff we don't need. In Dataclysm, Christian Rudder uses it to show us who we truly are. For centuries, we've relied on polling or small-scale lab experiments to study human behavior. Today, a new approach is possible. As we live more of our lives online, researchers can finally observe us directly, in vast numbers, and without filters. Data scientists have become the new demographers. In this daring and original book, Rudder explains how Facebook likes can predict, with surprising accuracy, a person's sexual orientation and even intelligence; how attractive women

em que explica, com base na análise dos dados, a diferença do comportamento dos homens e mulheres na rede; como o botão curtir do Facebook pode prever, com precisão surpreendente, a orientação sexual de uma pessoa; como mulheres bonitas têm mais chances de conseguir se sair bem em entrevistas de emprego; como o Twitter pode provocar uma nova dinâmica do ódio em massa e muito mais. O autor mostra como a Internet pode ser um lugar vibrante, brutal, carinhoso, indulgente, enganador, sensual e cheio de fúria. Afinal ela reflete a nossa sociedade e é composta por seres humanos. Da zona urbana a rural, dos ricos aos pobres, dos negros aos asiáticos, passando por brancos e latinos, de várias idades, todos estão conectados. E nunca na história da humanidade suas vidas e relações nunca foram tão rastreadas e transformadas em dados.

At First Click B. F. Christman,2021-12-15 , Looking for that instant connection between two people can sometimes take a lifetime. Searching for love should never end up with you losing all your life savings as well as faith in yourself and God. Being vulnerable following her second divorce, BF was mesmerized by all the sweet nothings coming from the men she met on Internet dating sites. Each one of these potential love partners eventually proved to be fraudulent. After believing them, she gave up life as she knew it, ignoring all the red flags warning her, and was forced to pay the consequences. Because of her background, others expected her to be perfect and solve all problems that she might encounter; however, she discovered that she was not perfect, but instead was human and capable of making mistakes like anyone else. When the world seemed like it was against her, she didn't give up but instead faced her addiction, embraced the twelve steps of recovery, made a plan to correct her mistakes, and set out to fix them. Courage is not having the strength to go on; It's going on when you don't have the strength. -Theodore Roosevelt
