Unlike most other books on divorce,

which are filled with vague answers like it depends, the author gives honest real-world answers to tough questions like: - What's the secret to getting a really fast divorce? - How much is my divorce realistically going to cost? - What should I do if I am served with divorce papers? - How can I get a lawyer if my spouse has all the money? - Can I legally punish my spouse for cheating on me? - How much support will I have to pay if I file for divorce? - I don't trust my spouse to be alone with our child. What can I do? - My spouse hides his income, so how can I get the support I am entitled to? - Can my spouse have divorced me without my knowledge? - Should I allow my real estate (or injury or traffic ticket) lawyer to handle my divorce case? - Can I serve my spouse with divorce papers by certified mail? You can spend an hour with a divorce lawyer for \$300, or you can read this book for a fraction of the cost and learn almost everything you need to know.
