Memoir of Professional Social Workers Dr. Kamlesh Kumar Sahu, Dr Chittaranjan Subudhi, 2023-02-24 The 'Memoir of Professional Social Workers' is the second volume of the book 'Work and Life of the Professional Social Worker' published by the Indian Society of Professional Work (ISPSW) in the year 2022. We hope this will motivate other professional social workers to write about their own life experiences by themselves or someone else whom they know. Their in-depth experience and enriched knowledge will be advantageous for other professional social workers to learn from their life. The current volume two has fifteen scholarly articles from eminent social work professionals (both educators and practitioners) across the country.

Why Am I Invisible? Elizabeth Anne Wilkens, 2020-11-08 Our perception is that hunters and anglers are men. In reality, women have fished and hunted for centuries. By reviewing history, looking at data, and leveraging more than sixty years of experience as a hunter and angler, the author tackles false perceptions and sets the stage for change. She discusses proven processes for encouraging lasting change, and provides activities that connect, educate, and empower women. The goal is to create inclusive fishing and hunting communities where everyone feels valued and valuable.

The Dnr Trilogy Don W. Hill M.D., 2018-10-17 J. D. Brewster is a bright medical student whose promising career is teetering on the edge of disaster. After the head nurse on the medical/surgical unit dies from complications of injuries sustained in a vicious botched carjacking attempt, Brewster becomes demoralized. Sadly, the one person who tried to protect him from the dangerous pitfalls of the arduous clinical clerkship rotations was now gone. Forced to abandon his scientific research projects through no fault of his own, Brewster finds himself in a no-win situation as the pervasive culture of the Gulf Coast College of Medicine and University Hospital is brutal and unforgiving toward medical students. As a consequence to unrelenting and dehumanizing emotional abuse, Brewster and his colleagues become not only callous and largely indifferent to human suffering, but also cruel and fully capable of dispensing retribution when perceived appropriate. The occult "clinical justice" system hidden within the bowels of the university turned out to be much more than just an unsubstantiated rumor whispered amongst the naïve medical students and members of the medical staff. The system of vigilante law and order has become fully manifest, and it is indeed a frightening entity to behold. Brewster is now evolving into an avenger who willingly participates in what he believes to be righteously sanctioned punishment dispensed to those who violate the laws that constitute the very fabric of social order. In this continuing tale, a young student at the Texas Medical Center in Houston is confronted with the intertwining world of healthcare and the dark and evil forces lurking within the encroaching shadows of moral decay.
