Bubbles. A Wet Dragon Dawn Avalon, 2006-05 In another world. Another time. Hidden deep in the realm of fables. There lay the Firedragonvillage. The village existed out of five fire spitting mountains, in which the dragon families lived. Like the mountains - also called volcanos - the dragons also breathed fire. Now the volcanoes did not spit very often. The dragons were sorry to say. For they loved swimming and floundering in the lava. They loved everything that related to fire and despised anything apposite from that. Now it just so happened that in their village they beared a baby dragon that did not like fire.

The two monsters want to help the little blue dragon, but the wizards just might send him back to his own time before they can.
