**Dawn of a New Age 2** Willie Easter, Jr., 2004 THE SEARCH And the story continues: The planet Bog: Named by Captain George B. Star, is a world filled with mysteries and beauty. He named the planet Bog because of its swamplands. Bog's blue skies and massive animal and plant life make it a beautiful place to live, but there's evil in the skies and throughout the land: namely, the Dragon people. The Dragon Empire is a ruthless dictatorship ruled by a lizard-like creature named Lotus. Emperor Lotus and his family have successfully ruled the Dragon Empire for two thousand years. The Dragon Emperor's government used terrorism and severe punishment to oppress mankind and made slaves of them. Lotus has put men and women to work in his mines, making them work day and night digging up his precious materials, gold and silver, keeping himself rich. Those who are considered threats to the Dragon people are sent to a pit; there they are imprisoned and denied food and water. Most of them become cannibals. They survive by eating other humans. The pit is also used as a place of execution. When a person or persons are found guilty of breaking the Dragon People's laws, they are taken to the pit and fed to the cannibals. Some of the humans have become traitors against their own people and joined the Dragon people. The men sell their military knowledge for food, dope, water and money, keeping themselves rich. The women sell their bodies for the same reasons. Some of the women are used to seduce the men for information; they are killed afterwards. The women blame the men and the men blame the women. (The same old story. The Dragon people are an unclean and ungodly race of people. Farther north in the rocky mountains an ancient warlock named Kane Aaron Knight, king of the warlocks, ruler of demons, was freed from his tombed prison. After he had been set free from his tombed prison, he and his followers sought a new dwelling place located in the mud mountains. Once there, he and his followers shall plan the destruction of mankind. After the destruction of Stone's forbidden fortress, Captain George B. Star

and Bribgette returned to base station ten, where earlier the station was attacked and everyone at the station was killed by an unknown force. Once he had returned to the station, he quickly learned that Susan Page and Franklin Sketch's Blazer-unit were missing, and no one had heard from them. He also learned that Captain Jackson's Blazer-unit had been attacked by unknown forces and they were presumed dead. After Captain Star had informed Commander Sharp of his return, he quickly assembled a search party to locate Susan and Franklin's missing Blazer-unit. He also wanted to know what happened to Captain Jackson's Blazer-unit. There was a temporary pickup station set up at the base ten site. In charge of the station was Lieutenant Tom Allen, Jr., second in command of Unit 134. Tom informed Captain Star of all that had taken place during his absence.....

*Dawn of Legend: Dragon Dusk Book 1 (Dragon Shifter Romance)* Mac Flynn, 2020-04-14 An obscure legend speaks of a man with dragon wings. Fifteen hundred years ago the man ventured into our world searching for a companion, but none could be found. He left a statue of his likeness in the keep of the castle in the hopes that one day his companion would come to him. Christine wasn't one to believe in legends, and certainly not on her trip through the wilds of Wales. The tour package her friend picked out for them brought them to the castle where the winged figure stood, encased in stone and superstition. Superstition, however, couldn't explain the strange attraction she felt toward the handsome statue. Those stone eyes seemed to beckon to her, calling her to him with a force she couldn't deny, and which she wasn't sure she wanted to. A haunting dream and a single touch, and she's transported into a new world and a new life. Helplessness and confusion grip her heart as she finds herself under the power of the dragon, but there's something in his eyes that pleads with her to remain. Will her desire to return home triumph, or will she accept the fate that's been offered to her? Looking for other sensual dragon shifter reads? Try out some of my other series! Blood Dragon:

*Woke Cinderella* Suzy Woltmann, 2020-10-14 Glass slippers, a fairy godmother, a ball, a prince, an evil stepfamily, and a poor girl known for sitting amongst the ashes: incarnations of the Cinderella fairy tale have resonated throughout the ages. Hidden between the lines of this fairy tale exists a history of fantasy about agency, power, and empowerment. This book examines twenty-first-century "Cinderella" adaptations that envision the classic tale in the twenty-first century through the lens of wokeness by shifting rhetorical implications and self-reflexively granting different possibilities for protagonists. The contributors argue that the Cinderella archetype expands past traditional takes on the passive princess. From *Sex and the City* to *Game of Thrones*, from cyborg

Cinderellas to Inglorious Basterds, contributors explore gender-bending and feminist adaptations, explorations of race and the body, and post-human and post-truth rewritings. The collection posits that contemporary “Cinderella” adaptations create a substantive cultural product that both inform and reflect a contemporary social zeitgeist.

And please let me make it very clear, it is not and never will be my desire to hurt or blame others for anything that has happened in my life. Blame should never be an issue in the struggles of life. However, there were things from my past that influenced certain actions that took place as I grew up. As you read my autobiography it could help you to avoid some of the same pitfalls I suffered. Not only that, but writing my life's story was extremely therapeutic as I put my feelings into words.

world at large was unprepared to face the aftermath of the event that heralded it. In a small remote mountain town tucked away in the hills of North Carolina, a band of friends must now face what will be the last seven years of human history. The choices they make will determine their ultimate destiny. "The three of us laid down in beds that were not our own in a place that was not our home in a world that in the blink of an eye has become dark and foreboding. Despite our uncertainties, we laid down to sleep at peace, closer to each other than ever before. We didn't yet know much about what we would soon be facing, but we closed our eyes that night knowing that from here on out whatever surprises or horrors we would face...good or bad, easy or hard, live or die, we now belonged to God's family. We were now Tribulation Brothers." "Now the Rubicon so to speak, has been irrevocably crossed. The Tribulation has begun. The countdown has started. The span of our lives and of this world is now set. The number of years this world has left - seven."

**Artificial Intelligence, Reincarnation, and Resurrection** Ernest M. Valea, 2021-04-29 This book explores old and new hopes that have emerged in the human quest to defeat death. On the one hand, it answers questions such as: Are we just physical machines of great complexity, with the brain as the hardware on which consciousness operates as its software? If so, can we speculate on ways in which the mind could be uploaded to a machine and no longer suffer the frailty of this biological body? And could an android robot or a mindfile in a computer simulation be conscious? On the other hand, the book examines the hope of survival through reincarnation according to the

teachings of Eastern religions and New Age thought. All these topics are discussed from the perspectives of Christian theology and the philosophy of mind. This dual investigation will help Christians formulate a coherent response to old and new challenges to their faith.
