Notes on Dragons Christopher Bramley,2015-05-31 Have you ever wondered how Dragons might exist? How they could fly, how they might live and think, how they could breathe flame? Few other non-extant creatures exert such a powerful influence over many so cultures, and their languages and perceptions, around the world. In some ways, they represent the pinnacle of our desires - the absolutes of beauty, freedom, flight, power, magic, and wealth. Combining the might and power of western myths and the mystery and magic of eastern legends, the Dragons that exist in the world of Kuln are different from any you have seen before. This is a short and detailed look into their anatomy, intellect, and how they might really work, in excerpts from the notes of Aldwyn Varelin - a pre-eminent scholar in Anaria - during his journeys in The Serpent Calls, Book One of the Chaoswar Trilogy.

Talking to Dragons Patricia C. Wrede,2003 The second two volumes of Patricia C. Wrede's beloved, bestselling Enchanted Forest Chronicles!

The Stone Dragon tammi shelton,2010-03-30 Paging Dr. Lilly O'Shea. Paging Dr. Lilly O'Shea. Even through the blissful darkness of sleep, I hear the voice on the intercom calling me. I want to scream, I hear you, I hear you! I jump up from the dingy cot in the doctor's lounge and grab the phone; Dr O'Shea, what do ya need? Dr O'Shea, we got a MVA coming in, multiple vics, this from the operator. Ya, be right there, I reply. I just left the E.R. less than 30 minutes ago, and here I am on my way back. I hate it and I love it. This is the life for me. I chose to become a doctor, and an E.R. doc at that. Did I do it because I love helping people? Nah, not exactly. It was the one profession that would require my complete undivided attention when at work and it's a total opposite of the profession, if that's what you call it, of my crime boss father and his two loyal sons. Yes, my father is what you might call a don. The head of a violent, but successful mafia syndicate. My brothers both work for him; both hoping to succeed him. How my mother deals with it all; I'll never know. Actually, that's a lie; I know how she deals with it. She simply chooses to ignore it, the whole thing; like it doesn't exist. You would think that my parents would be so proud of me, a doctor. Worked hard, got good grads, graduated from one of the top colleges in the country; and then turned around and graduated magna cum laude from Harvard Medical School; at the top of my class, of course. Funny, but my father, David, actually thought I would follow in his footsteps. Early on I demonstrated a penance for violence; cold blooded, heartless, malicious violence. Just like Daddy; boy was he proud that day. Dr. Lilly O' Shea is successful, wealthy and beautiful. She is also the daughter of David O'Shea; head of the largest Black crime syndicate family on the east coast. What more can she ask for? Well, maybe peace of mind. Journey with her as she fights to stay out of the family business, while battling her own bloodlust for violence, her own stone dragon. Will she win the fight and, unlike her two brothers, stay away from Daddy and his 'family business'. Or will she succumb to the lure of the dark recesses of society, allowing her own penance for violence overcome her? Like a dying man caught in the ocean's riptide; will Dr. Lilly O'Shea, doctor, healer, saver of lives survive?

Moe's Cafe Mark H. Larson,Robert S. Boone,2006-10 While driving with your friends or family someplace far from home, your radiator starts steaming. You manage to find a gas station in a small town where they can fix your car, but it's going to take a few hours. You ask the mechanic if there's any place to get something to eat, and he points across the road to Moe's Cafe, a real dump. You don't have much choice, so you head inside and take a seat at the first booth on the left. So begins Moe's Cafe, one of 48 innovative and intriguing prompts for student writing. These classroom-tested prompts put students in a place or in front of a character and ask them to describe what they see. The thinking, writing, and scribbling they do for the prompts inspires them to create their own stories and poems. After writing 90-word mini-stories, students read a short story or watch a film scene to help them expand on their own creative works. A section of longer readings models writing strategies. The lessons and activities reinforce and develop skills defined by the National Council of Teachers of English as appropriate for students in grades 6-12. Good Year.
